

# Assembly Debates on Substitute Plan Friday

## Use of 'Naked Blackmail' by Lobbyist Hit

**Alfonsi Assails Spokesman for State College Faculties**

MADISON (AP)—A telegram sent to several legislators by an education lobbyist has been described as "nothing more than naked blackmail" by Assembly Republican Floorleader Paul Alfonsi of Minocqua.

Alfonsi said Wednesday he was turning a copy of the message over to the attorney general's office to determine whether any Civil Service violation was involved.

"My colleagues, on either side of the aisle, are working night and day to develop a tax-budget bill which is a responsible document, one which meets the needs of the state and one which the taxpayers public can afford," said Alfonsi. "We will not be bludgeoned in to irresponsible acts by bullyboy antics."

**Legislative Committee**  
Alfonsi said he referred to a telegram sent by Harry A. Pederson of Platteville, state chairman of the Legislative Committee of the Association of Wisconsin State College Faculties.

The telegram shown newsmen by Alfonsi said:

"The Association of Wisconsin State College Faculties, Platteville, respectfully requests a summary statement of your position regarding formation and support of legislation pertaining to the budget for higher education as recommended by the Joint Finance Committee."

"This statement for publication should be in our hands shortly after legislation is complete. If our association finds that your stand has been incompatible with reasonable progress in higher education, you may rest assured that we will inform the electorate of this fact and that we will recommend measures to correct the situation."

**Pressure Group**  
"In plain language, Mr. Pederson says, 'vote my way or else,'" Alfonsi said.

"I object to any pressure group using such impertinent tactics on any legislator or either party, Republican or Democrat," Alfonsi added.

"I particularly object," he continued, "to an employee of the state of Wisconsin issuing threats to a duly-elected representative of the people of Wisconsin."

**Accommodations Part**  
The Commerce group's hearings are limited to the accommodations part of the program.

Kennedy stressed the accommodations bill, saying discrimination in hotels, restaurants and the like "is the wrong that has caused most of the recent demonstrations."

"The other sections of the bill are ways of tunneling in to get at the smoldering origins of the fire; this one takes care of the flames," he said, by "taking the demonstrations off the streets and into the courts."

**Wallace Has New Segregation Plan**  
MONTGOMERY, Ala. (AP) — Gov. George Wallace has unveiled a new plan to try to maintain separation of the races if any Alabama school is forced to integrate: separate white and Negro classrooms in the same school.

If that system fails, he said, he favors as a last resort the segregation of pupils by sex — boys in one school, girls in another.

Wallace said Wednesday that bills to carry out these proposals are being drafted for action by the current session of the state legislature.

**No Statement**  
But, Eisenhower says, the promised presidential statement never came.

Castro suddenly began insisting that the trade be called indemnification for the invasion, and "the whole affair began to take on ominous overtones," Castro also demanded super tractors, of little

Turn to Page 8, Col. 4

## Kennedy Moves to Stem Gold Outflow

**President Asks Congress to Tax Americans on Most Purchases Of Foreign Stocks and Bonds**

WASHINGTON (AP)—President Kennedy, in a surprise move, asked Congress today to tax Americans on most purchases of foreign stocks and bonds. The aim is to help stem the outflow of gold and dollars.

Kennedy's recommendation was certain to have an immediate impact on international financial markets because it would affect American investments currently approaching the rate of \$2 billion a year.

The unprecedented proposal, put forth in a special message to Congress on the worrisome U.S. balance of payments problem, represented the boldest and most controversial attempt yet made by any administration to deal with the payments dilemma.

**Excise Tax**  
To discourage the mounting flow of American savings abroad, Kennedy called for a special excise tax ranging from 2½ per cent to 15 per cent on the purchase price of securities issued by governments and businesses in

industrialized countries. The tax would go into effect Friday and remain on the books until Dec. 31, 1965.

Admittedly this would be strong medicine. But Kennedy said it would "help prevent pressures for more restrictive measures."

A second highlight of Kennedy's Moscow.

**End Predicted For Peace Talks**

MOSCOW (AP) — The Soviet-Chinese ideological talks may end this weekend if the delegations can agree on a final com-

The talks were in recess today but were expected to resume Friday.

Reports circulated that negotiators Wednesday argued about a statement to close the meeting, which has done nothing to narrow the split between Peking and

Moscow.

**Luncheon for East German Causes 90-Minute Delay in Conference**

MOSCOW (AP) — U.S., British and Soviet negotiators went into the fourth session of their Moscow conference today to hammer out further details of a partial nuclear test ban treaty.

The meeting opened 90 minutes later than usual.

Soviet Foreign Minister Andrei A. Gromyko obtained the delay to give a luncheon for East German Foreign Minister Lothar Boltz, who arrived Wednesday with specialists in transportation and finance for consultations.

The Americans gave no indication of displeasure at the visit of the East Germans, for it was quite within the right of the Soviet government to invite representatives of a fraternal Communist state to the Soviet capital.

**No Contact**  
But Undersecretary of State W. Averell Harriman made it clear the U.S. delegation would have no contact with the East Germans.

Western diplomatic experts expressed the view that success in the nuclear test ban talks could lead to broader East-West negotiations and perhaps a summit conference this year.

Negotiators of the United States, Britain and the Soviet Union still face several thorny issues.

Talk of a summit conference rose last spring, U.S. officials discounted it because no special agreement seemed possible then.

But if the Moscow conference is successful, President Kennedy, Soviet Premier Khrushchev, and British Prime Minister Macmillan could well decide either to sign the test ban treaty personally or to meet soon after its signing to

## GOP Wants Big Sales Tax Boost

MADISON (AP)—The State Assembly will begin debate Friday on a Republican prepared budget-tax plan calling for \$80 million in new sales taxes and a \$37.8 million income tax increase to finance \$615 million in state spending during 1963-65.

Republican Floorleader Paul Alfonsi of Minocqua promised that if the GOP plan is not adopted and sent to the governor the majority party is "prepared to go home and willing to suffer the consequences."

Debate on the substitute proposal was scheduled as a special order of business at 2 p.m. Friday after the Assembly voted 74-16 to reconsider the action by which it killed the original budget-tax plan offered by Gov. John W. Reynolds and approved by the Senate.

The Assembly killed the compromise plan and then Republicans went to work and drafted the substitute which chops \$18 million from the compromise budget and relies heavily on sales taxes to finance it.

**GOP Confident**  
GOP leaders said they were confident the measure can pass the Republican-controlled Legislature, but the Democratic chief executive has not indicated whether he will accept the new plan.

The proposal calls for \$153 million in new taxes for the 1963-65 biennium. Of the total, \$80.1 million would be provided by a three per cent sales tax exempting

**Fair, Continued Warm; Chance of Rain Friday**

Fox Cities — Fair and continued warm today with a high near 84. Increasing cloudiness with scattered showers and thundershowers late tonight and Friday. Lowest temperature tonight, 63; high Friday, 86. Light and variable winds today, becoming southerly Friday.

**Appleton —** Observations for the 24-hour period ending at 9 a.m. today: high temperature, 84; low, 67; precipitation, none; skies, clear, at 7 a.m. today, the wind was 3 miles an hour from the north northwest, the barometer was steady at 30.00, the relative humidity was 77 per cent and the dew point was 64 degrees. The temperature at 10 a.m. was 82.

Sun sets at 8:33 p.m., rises Friday at 5:26 a.m. Moon rises tomorrow at 4:05 a.m.

Cynthia Hall, 10, who was injured in crush of crowd of demonstrators trying to push their way into Chicago's board of education offices Wednesday night, is comforted by her mother, right, as she lies on sidewalk. Demonstration was sponsored by Congress of Racial Equality which has been conducting a sit-in in board's offices. (AP Wirephoto)

## Minahan Family Acquires Control Of Post-Crescent

**Buy Turnbull Stock in Appleton Firm; Sell Green Bay Interests**

A transaction in which the Minahan family has acquired majority ownership of the Post Publishing Co., Appleton, and the Turnbull family a similar position in the Green Bay Newspaper Co. was announced today.

The Minahans sold all their stock in the Green Bay firm to

the Turnbells, and the Turnbells sold their interest in the Appleton company to the Minahans.

The Minahan family group is composed of heirs of the late V. I. Minahan and Eben R. Minahan. Heirs of the former are V. I. Minahan (Jr.) who is president of the firm and publisher of the Post-Crescent; John B. Torinus, who is vice president and editor; and Mary Minahan Walter, De Pere, editorial writer for both papers. Heirs of Eben Minahan include his widow, Roger C. Minahan, a Milwaukee attorney who is general counsel for the company; Robert E. Minahan, Green Bay, and Mrs. Richard Hobbs, Montclair, N. J.

**Green Bay Owners**  
Principal owners of the Green Bay company now are Mrs. Daniel C. Beisel and Mrs. Janet Schneiderman of Green Bay, twin daughters of the late Andrew B. Turnbull. Mrs. Beisel's husband is executive vice president of the company and general manager of the Press-Gazette.

The third major stockholder in the two corporations, Mrs. William A. C. Roethke of Beverly Hills, Calif., heir of the late John K. Kline, did not participate in the transaction. Her husband is currently president of the Green Bay Newspaper Co. The Roethkes retain about a 20 per cent stock interest in the Green Bay firm and 11 per cent at Appleton.

Heirs of the late Joseph Horner Jr., for many years general manager of the Post-Gazette, also have sold their interest in the Post Publishing Co., to the Minahans but have retained their stock in the Green Bay newspaper.

Post Publishing Co. publishes the Appleton Post-Crescent and through subsidiaries, publishes the Twin City News-Record, Neenah-Menasha, and operates Tele-

## Bill Aimed at Racial Discord

**Committee Hears Robert Kennedy on Civil Rights Plan**

WASHINGTON (AP) — Atty. Gen. Robert F. Kennedy told Congress today the administration's civil rights bill is aimed at "stamping out the fires of racial discord in our land."

In his third appeal on Capitol Hill for passage of the measure, Kennedy said discrimination in education, employment, voting and public accommodations that bars Negroes from the "main stream of our society" must be wiped out.

While Kennedy was testifying before the Senate Judiciary Committee on the administration's seven-point program, another Cabinet member, Secretary of Labor W. Willard Wirtz, was telling the Senate Commerce Committee that an end to discrimination in public accommodations would contribute immeasurably to the nation's economy.

**Accommodations Part**  
The Commerce group's hearings are limited to the accommodations part of the program.

Kennedy stressed the accommodations bill, saying discrimination in hotels, restaurants and the like "is the wrong that has caused most of the recent demonstrations."

"The other sections of the bill are ways of tunneling in to get at the smoldering origins of the fire; this one takes care of the flames," he said, by "taking the demonstrations off the streets and into the courts."

## 'The Wine Is Bitter: U. S. and Latin America'

# Cuban Tractor Deal 'Amazing and Muddled Incident,' Milton Eisenhower Says in Book

BY WILLIAM L. RYAN

NEW YORK (AP) — An unexpected telephone call from President Kennedy involved Dr. Milton S. Eisenhower in "one of the most amazing and muddled incidents in the history of inter-American affairs," the former president's brother says.

Dr. Eisenhower's book, "The Wine Is Bitter: The United States and Latin America," published by Doubleday, relates a sequel to the Bay of Pigs invasion of Cuba. He calls the episode "the most exasperating, frustrating and enervating six weeks of my life."

The story concerns the attempt to liberate Cuban invasion prisoners in return for \$3-million worth of tractors. Eventually, a year and a half later, the cost was 20 times that much in medical supplies, Dr. Eisenhower intimates the episode nearly brought disaster on U.S. prestige.

**Terrible Mistakes**  
"Fortunately," he writes, "the terrible mistakes made in the Cuban invasion and the clumsy fumbling displayed in the tractors for prisoners deal have not characterized other efforts of the Kennedy administration in the Latin

Turn to Page 8, Col. 7

American area. The moment that United States to negotiate for the release of the others. The President wanted to "establish a committee of private citizens for the sole purpose of raising funds to buy the tractors," and said he would "explain the matter to the American people the next day."

Dr. Eisenhower agreed to serve. So did the late Eleanor Roosevelt, Walter Reuther and other prominent Americans.

**No Statement**  
But, Eisenhower says, the promised presidential statement never came.

Castro suddenly began insisting that the trade be called indemnification for the invasion, and "the whole affair began to take on ominous overtones," Castro also demanded super tractors, of little

## Sees Brother Die Under Freight

MILWAUKEE (AP) — William Couhal, 9, was killed Wednesday when he fell under the wheels of a freight train.

Police said the victim's brother, Joseph, 13, related he saw William fall under a box car as they were jumping off a slow moving train. The brothers and several other boys had been hooking rides, police said.

The Weeping Widow of Nguyen Tuong Tam, former foreign minister of South Viet Nam, is supported by friends during funeral services for him in Saigon Saturday. Tam killed himself July 7 in protest against alleged government oppression of Buddhists in South Viet Nam. (AP Wirephoto)

**Teen-Ager's Dress May Be Sign of Disturbance**

BY DR. EVE JONES

Dear Eve Jones: My wife died when our daughter was 12 and I have not remarried. With the help of a two-week houseworker, we keep things going very well.

For the past few months, however, my daughter, now 16, has been wearing sandals and letting her hair hang straight and generally dressing like a beatnik. She does get properly dressed for church with me, but otherwise she'll even go on dates looking crazy. What, if anything, should I do about this?

MR. W. S.

If her grades, eating, sleeping, general cleanliness, and other behavior are fairly normal, don't do anything. She's asserting her independence and she isn't hurting anyone by it, is she? In a few months, she'll probably be off this kick and on another.

If, however, this is but one facet of a disturbance that is also shown by a breakdown in other good behavior, she's showing that she needs some personal professional help. The clinic whose name I'm sending you can advise you in that case.

Dear Eve Jones: I want you to settle a fight I have with my wife almost every week. We have three children, 3 months, 1 and 2 years old. She's a very good mother to them except when she and I are dressed to go out for the evening. Then she absolutely refuses to pick them up or to let them come near her. She says they'll get her make-up smeared or spot her clothes.

I think it's bad enough that we're leaving the children alone with a babysitter without rejecting them even more by not letting them kiss us goodbye.

There's nothing "bad" about leaving your children once a week with a babysitter — this isn't kiss isn't worth that much trouble leaving them "alone." And after a while, your children probably don't feel a bit rejected.

Ask her to kiss the children lightly so her lipstick won't smear. The only other solution would be to scrub the children thoroughly, put them in clean clothes, wipe their noses, and then have them kiss her lightly — and you'll probably agree, the next time you're alone, leaving them "alone." And after a while, your children probably don't feel a bit rejected.

Bluemound and West College Avenues, Appleton

BY LILLIAN MACKESY  
Post-Crescent Food Editor

A group of industrious women from the far-off place of Lunenburg, Nova Scotia, 10 years ago was looking for a project to help launch a modern hospital in the famous fishing community.

Since that year marked the 200th anniversary of the settlement of Lunenburg as well as the coronation of a new British queen, the women decided to raise funds for the hospital project in commemoration of the other two community events. They gathered together coveted German Deutsch or "Dutch" recipes from their own and other Lunenburgers' kitchens, added a few more modern fish dishes and published a cookbook aptly titled "Dutch Oven."

So successful was this cookbook project that members of the Ladies Auxiliary of the Lunenburg Hospital Society have been revising that charming and very practical cookbook ever since. It's available direct from the Nova Scotia hospital auxiliary for \$3.50. The up-to-date revised edition contains a frontispiece drawing of the now completed Fishermen's Memorial hospital.

The book itself starts off with a section on old Lunenburg dishes, containing 21 recipes ranging from Dutch Mess or House Bankin (salt cod and potatoes) to home-made sauerkraut, Kartoffelsuppe (potato soup), Barley Bread, Buttermilk pie and Blueberry Grunt. The book also contains numerous fish dishes as those shown today, since Lunenburg is and always has been a seafaring city.

Lunenburg was founded in 1753, primarily by Hanoverian settlers directly related to those Germans who settled in Pennsylvania and became known as the Pennsylvania Dutch. These hardy, thrifty people soon became great seafarers and established a prosperous fishing industry. During the 1920s Lunenburg was the largest deep sea fishing port in the world, when all the schooners were in port they presented a view that was literally a "sea of masts." Today it still is an important seaport, although some of the harbor color is gone.

This is the town in which the ship "Bounty" was constructed for the recent motion picture "Mutiny on the Bounty." Lunenburgers are proud of their background. They are well known for their hospitality, their distinctive dialect, persevering nature, love of music and pride of community achievement. They also are great eaters with a townful of excellent cooks, as the following recipes will testify.

**Tender Brown Scallops**  
1/2 teaspoon salt  
Few grains pepper  
Few grains cayenne  
1 cup fine crumbs  
1 egg  
2 tablespoons water  
1 1/2 pounds scallops  
4 tablespoons melted butter  
Tartar Sauce

Mix salt, pepper, cayenne and crumbs together. Beat egg and water together with a fork. Dip each scallop first in crumb mixture, then quickly in egg mixture and again in crumbs. Place in medium-sized baking dish and let stand for about 30 minutes to allow coating to set or harden. Set oven at 450 degrees. When coated scallops are ready, pour

Turn to Page 13, Col. 4

Canned Mushroom Soup, grated cheese, cream and grated onion combine to make a delicious sauce for haddock. The sauce is poured over the fish before baking and the sauced fish is sprinkled generously with paprika before it's popped into a 400-degree oven. Chopped parsley garnishes each serving of this delicious fish dish.

Filletts Are Used for Cod Bercy, baked in individual dishes with layers of chopped shallots or young green onions and parsley, white wine, mushrooms cooked in butter and seasonings. It's as delectable as it sounds and is served above with corn on the cob and butter-glistered carrots.

Gentleman Chef  
Pot Roast With  
Chocolate Sauce?

BY MALCOLM R. HEBERT  
Chicago Daily News Service

"Chocolate? Added to pot roast?" I could hardly believe my ears.

Juan squatted against the tree. We had talked of Spanish foods and wines all through the afternoon.

"Don't look like you just saw a giant lizard," Juan said. "The chocolate gives a

winny taste to the meat, a trick my ancestors learned from the Aztecs. Besides," he gestured, "it is just a tiny bit of chocolate."

Spanish cooking dates back some 600 years before the birth of Christ, when the Phoenicians landed in Andalusia and planted olive trees.

The basic food stuffs for Spanish cooking are olive oil, sherry wine, garlic, tomatoes and rice. But chocolate? Never!

And so it was that I went to Juan's house and ate pot roast with chocolate sauce. Here is his recipe, just as he made it.

**Juan's Pot Roast with Chocolate Sauce**  
3 pounds cubed beef (round or pot roast)  
3 tablespoons olive oil  
1 large onion, chopped fine  
3 cloves garlic, minced  
1 teaspoon salt  
1 tablespoon flour  
2 bay leaves  
1 cup white wine  
1/2 cup water  
1 tablespoon white wine vinegar  
1 tablespoon grated bitter chocolate

Braise meat in olive oil in deep kettle. Add onion and garlic. Cook 26 at a dinner at Louie's Supper until soft. Stir in salt and flour until well mixed. Add remaining ingredients, except chocolate. Cover and cook for three hours. Remove meat to warm platter. Add chocolate to sauce and whip smooth with wire whisk or spoon. Strain. Serve meat separately. Serve sauce over meal. Recipe makes six servings.

**Chocolate Flakes**  
When you are adding grated semi-sweet chocolate to a cake, batter or cookie dough, grate it coarsely so it will stay in tiny flecks.

Miss Herb,  
Wayne Witt  
To Marry

Mr. and Mrs. Herman Herb, 1211 S. Jefferson St., have announced the engagement of their daughter, Joan, to Wayne Witt, son of Mr. and Mrs. Ervin Witt, 117 E. Francis St.

The couple was graduated from Appleton High School. Miss Herb is employed at Kimberly-Clark Corp., Neenah. Her fiancé is a student at Wisconsin State College, Oshkosh.

A winter wedding is planned.

Miss Joan Herb

Pair Weds  
In Double  
Ring Rite

BONDUEL — Nuptial promises were exchanged by Miss Beverly Francis Westgor and Charles Arthur Drace at 7 p.m. Saturday at Ascension Lutheran Church, Neenah. The double ring candle-light ceremony was performed by the Rev. Ned Westphal.

Mr. and Mrs. Russell Westgor, route 1, Bonduel, are the bride's parents. The bridegroom is the son of Mr. and Mrs. William Drace, 124 Abbey Ave., Neenah.

The bride's sister, Mrs. Leo Bahr, Cecil, attended as matron of honor. Bridesmaids were Mrs. Kenneth Drace, sister-in-law of the bridegroom, Neenah, Miss

Mrs. C. A. Drace

Betty Drace, the bridegroom's sister, Neenah, and Miss Marlene Fischer.

Kenneth Drace performed the duties of best man. Robert and Ronald Westgor, the bride's brothers, and Len Bahr were groomsmen. Ushering duties were fulfilled by Marvin Moderson, Bonduel, an uncle of the bride, and William Berndt, Neenah.

A reception took place in the church parlors.

The bride, a graduate of Bonduel High School and Neenah Vocational School for Practical Nurses, is employed at Theda Clark Hospital, Neenah. Her husband is a graduate of Neenah High School and is employed at Menasha Mill Supply, Menasha.

After a northern Wisconsin wedding trip, the couple will reside at 737 1/2 Maple St., Neenah.

Mrs. McClanahan Adds BPW  
Post to Many Accomplishments

Mrs. Mabel R. McClanahan, Appleton, was elected National Treasurer of the National Federation of Business and Professional Women's Clubs, Inc. at the Convention this week in Dallas, Texas. She is current National Finance chairman and immediate past National Recording Secretary of the Federation.

She is a past president of the Wisconsin Federation of Business and Professional Women's Clubs, Inc., has served the state federation in various offices and chairmanships, and is a past president of the Appleton Business and Professional Women's Club, as well as of the Valley club, of which she is a charter member.

Since 1946, Mrs. McClanahan has been secretary-treasurer and office manager of Crane Engineering Sales, Inc., of Appleton. During World War II she served with wartime federal agencies in Wausau as an administrative assistant.

**Wide Community Interests**  
The mother of one son, a jet pilot in the U. S. Marine Corps, Mrs. McClanahan's wide community interests include active participation in the Lutheran church.

Mrs. McClanahan

She has received the Honorary Life Membership Award of the United Lutheran Church Women. She has served two terms as Seal Sale Chairman for the Appleton Chapter of the Wisconsin Anti-Tuberculosis Association, is a member of the Appleton Memorial Hospital Auxiliary and the

Appleton Taxpayers Association. She is a past member of the Brotherhood Committee of the Wisconsin Conference of Christians and Jews and is a current member of the Wisconsin Roadside Council representing the business and professional women. She is listed in "Who's Who of American Women," "Who's Who in the Midwest," and "Who's Who in Wisconsin."

**Convention Advisor**  
Mrs. McClanahan has been active nationally with the business and professional women's clubs for several years. She has participated in conferences and seminars throughout the United States. During the past three months she has served as adviser to the state who settled in Pennsylvania and conventions of Nebraska, Vermont and Rhode Island and conducted budget sessions in Washington, D. C.

Founded in 1919, the National Federation of Business and Professional Women's Clubs, Inc. has 170,000 members in each of the 50 states, District of Columbia, Puerto Rico and Virgin Islands. National executive offices are located at 2012 Massachusetts Avenue, N. W., Washington 6, D. C.

Appleton  
Setting for  
Ceremony

Miss Susan Snell and Gerald Heckel exchanged marriage promises at 4 p.m. July 6 at St. Paul Evangelical Lutheran Church. The Rev. F. M. Brandt performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Lester Snell Sr., 527 E. Maple St. Mr. and Mrs. Harold Heckel, route 3, Appleton, are the bridegroom's parents.

Miss Dianne Snell, the bride's sister, attended as maid of honor. Bridesmaid was Miss Patsy Snell, a sister of the bride.

Robert Seeliger performed the duties of best man. Groomsman was the bridegroom's brother, Robert Heckel. Earl E. Springstroh, a brother-in-law of the bride, and Glen Peters, a brother-in-law of the bridegroom, ushered. Flower girl was Miss Kim Marie Felzer, Little Chute. The bride's nephew, Timmy Allen Snell, acted as ring bearer.

The couple was honored at a dinner at the home of the bride's parents. A reception and dance

Mrs. Heckel

Job's Daughters  
To Hold Ice  
Cream Social

The International Order of Job's Daughters, Bethel 24, has planned an ice cream social from 2 to 9:30 p.m. Friday at the Masonic Temple grounds. Miss Jo Ann Slezak, Honored Queen, is general chairman of the event.

Publicity is being handled by Miss Nancy Frey and tickets by Miss Carol Behnke. Proceeds will be used to carry out the group's activities for the year.

Golf League  
Tells Winners

Mystery hole winner was Mrs. Arnold Beaman at Good Fellowship Golf League play Wednesday at Reid Municipal Golf Course. Mrs. Harold Donnally and Mrs. George Fitz scored birdies on no. two. Mrs. Donnally also sank an approach on No. eight. A birdie on No. six was shot by Mrs. Thomas McKenny. A Flight winner was Mrs. Clarence Zeile; B flight, Mrs. Fitz; C flight, Mrs. Lester Little; and D flight, Mrs. Gilbert Melchert. Mrs. Dan Gressler had low putts.

Regulation for Gym Class  
New MOORE Gymsuit

**SANFORIZED plus**  
Wash-and-Wear  
MOORE Gymsuit

Here's relief from ironing "fatigue". Your new MOORE regulation gymsuit is "Sanforized-Plus" Gymcloth, wash and wear, 100% Cotton. Requires little or no ironing. Just drop it in water... shake out a little detergent... rinse, and hang up. It's ready to wear and just as fresh as new. Won't shrink out of fit — sheds wrinkles after washing — resists wrinkles while wearing. Colorfast.

You get a big bonus in comfortable fit and action freedom, too. Pleated sleeves, darts and tucks for waist and shoulder freedom, attached innerbrief for modesty. In (list colors). **\$4.95**

**Your Problems**  
**Single Women Might Prefer Living Alone, Says Divorcee**

BY ANN LANDERS

DEAR ANN LANDERS: When I was a young girl, I learned that a single woman, living alone, is not necessarily desperate, wretched and crazy to snag a man? As a young divorcee I'm furious with "big hearted" friends and relatives who hand out my name and telephone number without permission. And I shudder when well-meaning clods introduce me as "available, unattached" and "foot-loose and fancy free." In other words — "willing, ready and eager." These clucks never consider the possibility that I just might have friends of my own, or perhaps a plan or two.

My job is interesting. I enjoy the world of books and music. I'm

my own cook and housekeeper, in addition to holding a full-time job. There's no time to be lonely. I resent the creeps who call me and assume I'm thrilled to hear a male voice from the outside world. —Self-Sufficient

Dear Self-Sufficient: It's good to know that some solo females are content and "self-sufficient." I hope you realize how fortunate you are.

Most bachelor girls, divorcees and widows would be delighted to hear a male voice from the outside world. I know, because they tell me.

DEAR ANN LANDERS: My husband and I differ on a vital issue. Each of us feels the other is

4832  
WAIST  
29"-42½"

BY ANNE ADAMS

Especially for half-sizes — the "live-in, love-it" wrap skirt that's a hit with suburbanites, town-dwellers, all smart women. Easy to sew.

Printed Pattern 4832: Waist Sizes 29, 31, 33, 35, 37, 40, 42½ inches. Waist Size 31 takes 2 yards 45-inch fabric.

FIFTY CENTS in coins for this pattern — add 15 cents for each pattern for first-class mailing and special handling. Send to Anne Adams, care of Appleton Post-Crescent, 378 Pattern Dept., 243 West 17th St., New York 11, N.Y. Print plainly NAME, ADDRESS with ZONE, SIZE and STYLE NUMBER.

PATTERN FREE! Mail coupon inside new Fall-Winter Pattern Catalog, ready now! Over 300 design ideas, all sizes. Send 50 cents for Catalog.

**Swedish Family Visits in Appleton**

Dr. and Mrs. Lars Hanson, Gottenberg, Sweden, and their young son, Bjorn, are visiting at the home of Mr. and Mrs. Norman Moe, 2585 Arrowhead Road. Dr. Hanson recently received his doctorate at Rockefeller Institute, New York City, N. Y. They are people who are just annoyed. Well, that's me.

I have lost my third good fountain pen since Christmas simply because I let someone use it "for a minute."

Is it possible that people carry off fountain pens accidentally? It's hard to believe a person doesn't realize the pen isn't his when he puts it in his pocket—or in her purse.

Is there some way I can hang on to my next fountain pen—short of refusing to let anyone borrow it? I hate to say no to such a simple request but I can't afford these losses.—No Pluma

Dear No: The solution is so simple I'll bet you'll wonder why you never thought of it yourself. When you lend your fountain pen keep the cap. No one would put a pen in a pocket or purse with the cap off. (Obviously, this advice won't work for ball points without caps.)

If alcohol is robbing you or someone you love of health and dignity, send for Ann Landers' booklet, "Help For The Alcoholic," enclosing with your request 20 cents in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

# Recipes From Old Nova Scotia Town

CONTINUED FROM PAGE 11

melted butter over scallops and bake 25 to 30 minutes until scallops are richly brown and crisp on the outside. Serve with Tartar Sauce.

## Tartar Sauce

1 medium dill pickle  
1 tablespoon capers  
3 sprigs parsley  
1 scant cup mayonnaise  
1 1/2 tablespoons prepared mustard  
1/2 small onion  
Chop pickle and capers together as finely as possible. Chop parsley and onion; mix into mayonnaise. Blend all ingredients together.

Haddock with Mushroom Sauce  
2 pounds haddock

1 can cream of mushroom soup  
1/4 cup light cream  
1/2 cup grated Cheddar cheese  
1/2 teaspoon grated onion  
Dash pepper  
Paprika  
Chopped parsley for garnish  
Place haddock in greased baking dish. Combine undiluted soup, cream, grated cheese, salt and pepper; add bayleaf to onion and pepper. Pour sauce over fish; sprinkle with paprika. Mushrooms previously cooked in butter. Bake in 400-degree oven 25 to 30 minutes. Sprinkle each serving with chopped parsley.

## Cod Bery

Cod fillets  
Chopped shallots or green onions  
Chopped parsley  
Salt, pepper to taste  
Bayleaf

Mushrooms, cooked in butter and chopped  
White wine  
Butter  
Specific amounts of ingredients depend upon the number of persons to be served since this recipe is for individual servings.  
The individual baking dishes are buttered well first and then the bottom is covered with a layer of chopped shallots or onions and parsley. Lay fillets on bed of vegetables; the fish may be top layered with more onions and butter and bake in 400-degree oven for about 20 minutes or until fish is done. Serve in dishes in which fillet was cooked on serving plates with other vegetables of your choice.  
Solomon Grundy  
(Salamagundi)

Thursday, July 18, 1963 Appleton Post-Crescent A13  
2 salt herring  
1 large onion  
Vinegar to cover  
Pepper  
Clean herring thoroughly, removing skin; fillet and cut into two-inch pieces. Soak in cold water for five hours, changing water frequently. (The herring may be soaked overnight). Drain. Heat vinegar; add sugar, a little pepper and onion. Pour over herring and onion; let stand a few hours before serving.  
Kartoffelsuppe  
(Potato Soup)  
3 ounces fat pork  
1 quart diced potatoes  
2 quarts water  
1 large onion, sliced  
6 tablespoons flour  
2 teaspoons salt  
1/2 teaspoon pepper  
Cut pork in small cubes and fry until light brown. Reserve fat for later use, putting fried fat  
pork cubes into pot with potatoes, water and onion. Cook potatoes and pork until potatoes are soft.  
Put flour in pan in which pork was fried; brown flour, stirring constantly. Add browned flour to potato soup; stir until thoroughly dissolved. Add seasonings and boil soup for one minute. Serve a small dish of sauerkraut with each serving of soup.  
Buttermilk Pie  
3 eggs, separated  
3 cups buttermilk  
3 tablespoons flour  
1 and one-third cups sugar  
2 unbaked pie shells  
2 tablespoons butter  
Beat egg yolks; add to buttermilk. Add flour and sugar; beat well. Beat egg whites stiffly; fold into mixture. Pour into two unbaked pie shells. Dot with butter. Bake in 350-degree oven until custard is set and pastry is done.

Tuesday Evening Fifteen Young women were chosen as semi-finalists in the Miss USA contest. They are from left, front row, Kathie Francis, Las Vegas, Nev.; Diane McGarry, Phoenix, Ariz.; Cecelia Yoder, Lancaster, S. C., and Sandra Smith, Newton Upper Falls, Mass. Second row, Sandra Lee Marlin, Springfield, Mo.; Rhea Looney, Denver, Colo., and Roberta Mozier, Tulsa, Okla. Back row, Jeanne Quinn, East Meadow, N. Y.; Pamela Sands, Ludington, Mich.; Francine Herack, Encino, Calif.; Michele Metrinko, Washington, D. C.; Bobby Morrow, Adamsville, Tenn., and Marite Ozers, Chicago, Ill. Miss Ozers was chosen Miss USA Wednesday evening and will compete in the Miss Universe competition, starting today. Outdoor activities for the occasion have been rescheduled indoors because many of the young beauties from colder climates have reacted to the warm Miami, Fla., weather.

Chas. O. Baer  
Auxiliary to Attend Picnic

A potluck dinner was served July 11 when the Chas. O. Baer Auxiliary of United Spanish War Veterans met at Erb Park.

At the business meeting, Mrs. Cornelius Meyer, president, reported on the department convention held in Oshkosh June 8-10. Plans were made to attend the department of Wisconsin picnic at King Aug. 4.

Appointed to the coming year's committees by Mrs. Meyer were Mrs. Alma Schwendler and Mrs. Meta Petran, Americanism; Mrs. Claire Defferding and Mrs. Carl Schwendler, Spanish War history; Mrs. Mary Thompson and Mrs. Margaret O'Donnell, national defense; Mrs. Lilly Albrecht and Mrs. Nick Klein, child welfare and Mrs. Defferding, Mrs. Dorothy Arnold and Mrs. George Kloeppel, hospitalization.

The group's next meeting is scheduled for Aug. 1 at Erb Park.

# Today's Etiquette

BY LOUISE DAVIS

Dear Louise I will graduate from high school next month so that I can enter college a year earlier than originally planned. Would it be proper for me to have an informal graduation party? If so, should I send out invita-

Davis

tions?

Louise Davis Answers:

It would be all right for you to give a party at graduation time. You could mail invitations, or better yet, invite friends in person or by telephone. I suggest that you don't actually call it a graduation party so that you won't be obligating all your guests to bring gifts even though they may do it anyway. Since your graduation is late in the summer instead of in June, you could easily say that you want to round up the crowd before taking off for college. It amounts to the same thing but you aren't then hinting for gifts.

Mrs. Lawrence Kippenhan was the former Miss Rebecca Waddle, Cleveland, Ohio, before her recent marriage to the son of Mr. and Mrs. John Kippenhan, 1117 Hawes Ave. Mr. David Hearn performed the ceremony at his home in Buffalo, N. Y. He is the preacher at the Church of Christ, Buffalo. Mr. and Mrs. John Waddle, Cleveland, are parents of the bride. Mr. Kippenhan is employed on an iron ore steamer on the Great Lakes and will return to Florida Christian College, Tampa, Fla., at the end of the shipping season.

## Eddie Fisher Mixed Up in New Triangle

NEW YORK (AP) — Singer Eddie Fisher, the estranged husband of actress Elizabeth Taylor, was reported today to be involved in a new romantic triangle with Dorothy Kilgallen, New York Journal-American columnist, said "The girl in the case, a beautiful blonde named Renata Boeck, may become Elizabeth's successor in the not too distant future, as soon as Eddie gets his divorce."

The columnist said, "Eddie is so crazy about the lissome German model that he swiped her from one of his former best friends and staunchest defenders . . . Robert Evans, the handsome young New York multimillionaire . . ."

Fisher is now appearing in Las Vegas and Miss Kilgallen reported that Miss Boeck is a nightly visitor to the night club where he sings.

### Priceless Freedom

The report noted that Fisher will be in Nevada this month and next long enough to establish residence for a divorce "but his plans are still shrouded in secrecy." Miss Taylor, anxious to be free to marry actor Richard Burton, her big romance from the filming of "Cleopatra," probably would agree to a settlement, Miss Kilgallen said.

Burton also is married.

The columnist quoted an unidentified friend of Fisher as saying that the prospect of marriage caused Miss Boeck to switch from Evans to Fisher.

"In the 10 months that she and Bob were virtually inseparable, he didn't propose marriage Eddie did 'That won her.'"

## Couple Marks 50th Anniversary

FREMONT — The golden wedding anniversary of Mr. and Mrs. Frank Martin was observed Tuesday with an open house for friends and relatives.

The couple was married in Spencer but have lived at route 1, Fremont, for about 25 years. Guests present were from Fremont, Neenah, Weyauvega and Elgin, Illinois.

## A Lovelier You

By Mary Sue Miller

### Make Up to Your Tan

As a tan ripens, so should make-up shades. Otherwise they can pale or muddy your hard-won color. Perish the thought!

Obviously it behooves a tanning lovely to "tan test" her cosmetics. Let's make it the project for today.

First take a critical look at your foundation and powder. The combination should enhance a tan's depth, clarity and glow. To achieve the effect, a foundation must be as dark as your skin and gilded with coppery tones. The ideal powder shade is akin to the foundation's, but slightly lighter so as to provide translucence.

Incidentally the same powder shade is recommended to those who omit foundation, once they are tanned. For dewiness, however, the skin should be prepared with moisture lotion before powdering.

Now what about lipstick? Live-

ly golden on pinky corals best accent a tanned skin. Wishy-washy shades not only dull your color but, in contrast with it, cause your lips to appear dangerously anemic.

In the eye department, there's magic in silver-gray or white

## Square Dance Club to Hold Circus Night

COMBINED LOCKS — Circus night will be the theme when the Village Squares Square Dance Club meets at the Combined Locks pavilion from 9 to 12 p.m. today.

Lyle Leatherman, Menasha, will be caller for the square dancing

shadow. Applied only to the moveable lids, both shades seem to enrich a tan and magnify the eyes ensconced therein.

Should you require further dazzle, and that's highly unlikely, try this make-up with clothes in frosty sherbet or powdery pastel tones. A sun goddess—that's you.

You are not lost to youthfulness because of dark circles, puffiness, or wrinkles around the eyes. Details are in my leaflet, "The Eyes of Youth." To obtain your copy, write Mary Sue Miller in care of your newspaper, enclosing 10 cents in coin and a large, self-addressed, stamped envelope.

(Copyright, 1963)

Thursday, July 18, 1963 Appleton Post-Crescent A14

and rounds, open to all square dancers. Committee members are Mr. and Mrs. Raymond Smith, Mr. and Mrs. Amedee Poppe and Mr. and Mrs. John Van Asten, all of Little Chute.

# Shinwold Rely on Yourself at Own Peril

Self-reliance gets good marks in all the books, so I'm risking black looks by giving it a hot-foot in print. Still, devotion to my readers comes first.

When this hand came along in a tournament last month, West was a manly type with a strong chin and a clear eye. You could see self-reliance in the set of his shoulders—and perhaps also in his partner's bilious face.

The trouble with being self-reliant at the bridge table is that it plays hob with your partner. The poor fellow goes to great trouble to make the right bid or the right play, only to discover that nobody is listening to him.

**Indicates Lead**  
In this case East took the trouble to indicate a good opening lead by cueing two clubs. When North later bid two notrump it became clear that a club opening lead would come through strength. But West wasn't listening. He

squared his shoulders and led the king of spades.

This made it easy for South. He won and returned a spade. West stepped up with the jack of spades and shifted, too late, to

South dealer Both sides vulnerable			
NORTH			
♠ 10 9 6 3	♥ 5 4	♦ A 7 6	♣ A 10 9
WEST	♠ K Q J 8 7 4	♥ J 7 3	♦ 5 3
♣ 6 2	EAST	♠ None	♥ Q 8 6 2
	♦ K Q 8 7 3	♣ J 5 4	
	SOUTH	♠ A 5 2	♥ A K 10
	♦ K Q 10 9	♣ J 5 4	
1 NT	West	2 NT	Pass
2 NT	Pass	2 NT	Pass
3 NT	All Pass		
Opening lead — ♠ K			

the six of clubs. South could play low from dummy, win any return, and lead another spade toward dummy to set up the ten of spades as his ninth trick.

Strangely enough, South can make three notrump even against a club lead—but nobody at the tournament managed it. It pays to give your opponent a difficult task instead of making matters easy for him.

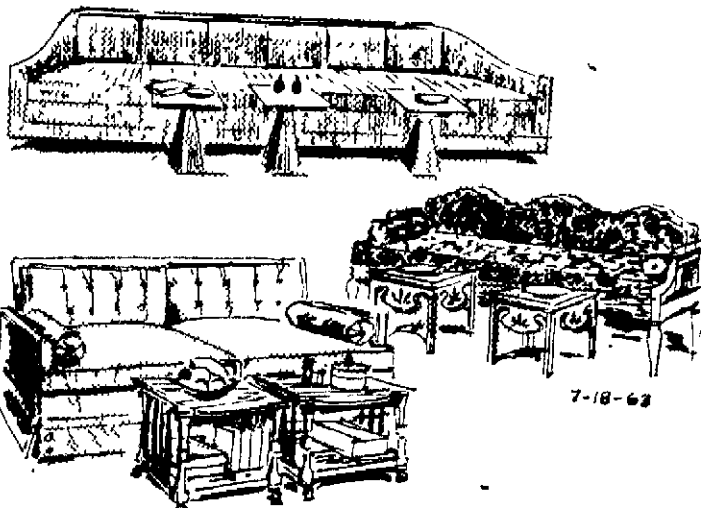

**Daily Question**  
Partner opens with one spade and the next player passes. You hold S 10 9 6 3 H 9 5 4 D A J 6 C A 10 9. What do you say?

**ANSWER:** Bid two spades. You have the high cards for a stronger response, but your distribution is too poor for anything more encouraging.

For Shinwold's 36 page booklet "A Pocket Guide to Bridge," send 50 cents to Bridge Book, Appleton Post-Crescent, Box 3318, Grand Central Station, New York 17, N.Y.

# Designing Woman

BY ELIZABETH HILLYER

Little Tables With Sofas

The feeling of being trapped behind a long coffee table may have brought on the trend toward small tables to front sofas. But they continue in fashion for more reason than escape insurance for the middleman on a sofa, as this new furniture for fall shows.

The trio spreads convenience along one of the rangiest new sofas, where a single table would be unreasonably lengthy. These pedestal tables are also useful with a smaller sofa in a small room, to clear more center floor than such accommodation in one

piece could. The lower left sketch shows an opposite trend toward heavier tables. They are extra-useful, but divide the bulk of a single table to look right with a sofa of medium length. The tables at right are among new eye-catchers which contribute room decoration almost in the manner of decorative accessories. Both are in antique-effect paint finishes, one in dull olive green and the other in soft citron yellow, colors from the scheme of the room in which they are shown.

What's wrong with the room? Perhaps nothing at all, but it's still a good idea to check it before starting new decorating. Send for Elizabeth Hillyer's booklet "What's Wrong With That Room?" which points out room faults and tells how to correct them. It takes up to 16 home furnishing and decorating subjects and answers your most puzzling questions. Enclose 15 cents and a stamped, self-addressed envelope, please, with your request addressed to Miss Hillyer at this newspaper.

## Fancy Rice Dish

Ever top cooked rice with golden-brown hot crisp French fried onion rings? Delightful served with curried meat or fish plus chutney.

## The Ailing House

## Building A Dry Well

BY ROGER C. WHITMAN

Q I am installing new rain gutters on my vacation home and want to build a dry well to take care of the run-off. How is a dry well built?

A To construct a dry well, the hole must be of ample capacity, the size depending on the looseness of the soil. Check with your neighbors or local builders as to the general size necessary.

Line the hole with any masonry material such as stones, bricks, or cinder blocks and lay them without any mortar between them. Leave the earth bottom bare. Near the top of the well, bring the sides somewhat together to

form the shape of a jug. The top must be well below the surface,

so that eight to 12 inches of soil can be placed over the reinforced concrete cover. The intake is usually located near the top. Do not fill the dry well with stones, or any other type of rubble because that reduces the water storage capacity.

Q We had a large tree (about 60 inches across) cut down. What can we put on the stump to destroy or rot it, as it would be too expensive to have it dug out (50 cents an inch) and we cannot afford that.

A I hope the tree was cut down as close to the ground as possible. Stump-destroying preparations are available at some large garden supplies dealers and nurseries. Follow label directions for use. If the tree stump is not near any building or valuable plantings it can be destroyed by burning

Thursday, July 18, 1963 Appleton Post-Crescent A15

after treatment to make the roots' flammable. Bore several two inch holes vertically into the stump holes with a strong, undiluted commercial weed killer, available ash and pour in hot water, as at same sources as the stump-destroying preparation. Then cover holes empty, refill them several times (this may require several weeks). Then build a fire on and around the stump, to consume it.

# UW Haresfoot Club to Trod Boards No More

Shed a Tear, Says Jingo, for Unique Organization With Long Stage History

BY JINGO

Prepare to shed a tear — a bogus one is preferable. One more element of live theater has died. One more tradition has found its way into the history books.

No more will the extended boundaries of the University of Wisconsin resound with happy audiences marveling over the graceful precision of a ton or so of muscles cavorting in spangles, tights and "gay deceivers."

All of this is meant to be something of a eulogy for the annual productions of the UW Haresfoot Club for "Destry Rides Again" is the effort to bear its hallmark for a year, at least.

Although there wasn't much ordinary about Haresfoot Club shows, its demise follows the very ordinary story of most of the residents of the theatrical graveyard. The Haresfoot ran out of money, borrowed some and then ran out of audiences.

The draw of "Destry Rides Again" last season in the Fox Cities was the smallest ever in the area and the sad tale was repeated throughout the tour, not only

## Twilight Zone Loses Man in Space Tonight

8-9 (Channel 2) — There's good science fiction on The Twilight Zone repeat, which considers what happens when an astronaut disappears for six hours. Steve Forrest is the astronaut, who loses contact with ground stations after a few orbits

6:30-7 (Channel 2) — Fair Exchange's repeat has fun with dialects as Lynn Loring's Scottish actor boy friend tries to get rid of his burr which clashes with the Tennessee Williams' part he is trying out for

6:30-7:30 (Channel 4-5) — Wide Country deserts the rodeo circuit in this repeat, and profits. A fine adventure story begins when Earl Holliman and Andrew Prine crash their plane on a mountain top. Holliman is hurt, so Prine climbs down to a hunting lodge to seek help

7:30-8:30 (Channel 4-5) — Dr. Kildare repeats a consideration of dope addiction involving two nurses: Eileen Heckart, who has the habit, and Suzanne Pleshette, who has not

8:30-9 (Channel 11) — McHale's Navy repeats a delight. A visiting congresswoman (Jean Willes) is looking for a hero to go back to the States and spur bond sales. The Ernest Borgnine wants no part of original production format. A show that hits Broadway has skipper goes back they will too, some elements that are tailor-made away-off-Broadway troupes hazard enough in comparison without saddling the attempt with elements of casting that practically shout for tailor-made facets of their own.

9-10 (Channel 11) — Fred Astaire and Elizabeth Montgomery have a field day on Premiere's satirical, tongue-in-cheek repeat. Astaire is the devil, running his domain in Madison Avenue fashion. His big worry is a young couple (Frank Aletter and Joyce Bulfant) who are simply too good and he vows to corrupt them.

9-10 (Channel 4-5) — You are given your third chance to view Fremont, Sunday with the Rev. The World of Bob Hope, a faster, John Lucht, host pastor in charge nating, pictorial biography which shows why Hope is one of the most respected entertainers.

The Everly Brothers, popular singing duo of stage and recording fame, will appear at the Oshkosh Eagles Club Sunday. The brothers will present two shows during the evening of dancing

Two Well Known performers with the Peninsula Players, Leo Luckner and Jeannette Leahy, appear as husband and wife in the theater's current production, the French mystery farce "A Shot in the Dark." Luckner has been with the Players since their founding and Miss Leahy since her appearance three seasons ago in "Two for the Seesaw." The Harry Kurnitz adaptation of the French play runs through Sunday at the Fish Creek garden theater with 8:30 p.m. performances through Friday night, two performances Saturday at 6 and 9 p.m., and at 7:30 p.m. Sunday. (Reynolds Photo)

## Let's EXPLORE YOUR MIND

By Sylvanus M. Duvall, Ph.D. and Evelyn M. Duvall, Ph.D.

THE BIG SHOT EXECUTIVE IS USUALLY A BUNDLE OF ENERGY! TRUE □ FALSE □

False, not necessarily. Dr. Hans Selye, whose research has delved into the energy output of different types of persons, finds that the high-powered business man does not always have a high energy level. When he appears so furiously active, he may be working on a quite low energy level with unusually high emotional drive. The big shot may not be

## Lions Give \$500 To Hospital

KAUKAUNA — The Kaukauna Lions Club recently fulfilled a \$1,000 pledge to the community hospital with a check for \$500.

Mrs. Berenice Elliot, hospital administrator, said the Lions now have given more to the hospital than any other society. The club has contributed \$8,000 to date.

Mrs. Elliot showed club members new equipment purchased recently and said the donation would be used to buy additional equipment.

dent and Joyce Mass, secretary-treasurer, both of Appleton.

The public address system with Henry Simon announcer was used to area off the schedule of activities which included soft ball, volleyball, and croquet. Olympic activities of broad jumping, distance throwing, the dash and relay, three legged races and wheelbarrow races were also on the schedule.

## Hearing on Road Closings Is Postponed

A Wisconsin Public Service Commission hearing on a petition to close 12 railroad grade crossings in Appleton has been postponed from Aug. 20 to Sept. 4.

The hearing is on a petition from the Chicago and North Western Railroad to close and barricade from public use grade crossings of Outagamie, Story, Pierce, Lawrence, Locust, Bates,

Pacific, Durkee, Hancock, Winnebago, Union and Charlotte streets.

The hearing was postponed on request of the railroad counsel, who has a conflicting engagement in Texas.

The Public Service Commission hearing on the petition by the city of Appleton to extend Frank-ling in Appleton has been postponed from Aug. 20 to Sept. 4.

The hearing is on a petition from the Chicago and North Western Railroad to close and barricade from public use grade crossings of Outagamie, Story, Pierce, Lawrence, Locust, Bates,

### A Garden Tool Signal Helps Avoid Misplacements

BY CAPPY DICK

Garden tools, such as rakes, hoes and spades, have a way of being left on the lawn when the user is interrupted by a visitor, a phone call or an errand that must be run. Later the tools are

To avoid misplacing garden tools this way, a boy or girl can equip each one with the danger signal described here.

Figure 2 shows what the signal will be like. It consists of a garden hose clamp that holds a strip of red rubber cut from an old, discarded inner tube, if you can find a red one. It may also be made of heavy, but pliable red plastic or celluloid.

For each garden tool select a hose clamp that will fit around the handle and also provide a tight grip on the strip of rubber or plastic.

Figure 1 shows a garden tool that might be overlooked in the grass. Figure 3 shows the same tool with a red signal attached. The signal will be clearly visible, making the tool easy to notice. Being pliable, it will hurt no one who might step on it and it won't be in the way when the tool is in use.

### 'Upperclassmen' Night Planned for Xavier

The Catholic Activities Council will sponsor an "upperclassmen only" night at Xavier High School from 8:30 to 11 p.m. Friday.

The program will feature a record dance in Xavier Commons. The gymnasium also will be open for basketball and gymnastics.

Lawrence Says:

# Human Security At Root of U.S. Rail Dispute

Future Must be Given Workers Hit By Automation

BY DAVID LAWRENCE

WASHINGTON — The public impression of the dispute between the railroads and their union employees is that one side or the other is adamant and uncompromising. But the truth of the matter is that what is happening to the railroad employees constitutes a human problem which will really never be solved satisfactorily by collective bargaining or arbitration or negotiation.

When workers are laid off because of automation or new technological inventions who shall day the innocent victims of automation care of them? It has been estimated that there are between 25,000 and 40,000 railroad employees whose services may not be required. Many of them are not near retirement age and are willing to work but there will be no work for them in their present jobs.

The railroad unions are trying to preserve as much as they can and there is no private institution for the unfortunate workers who are affected. Union leaders more over feel that they must not yield measures of help are given

or they will be voted out of office. Meanwhile, the companies cannot afford to be philanthropic. Railroads are in bad shape anyway because of competition with trucks, buses and airplanes.

## One Solution

But all the explanations and reasons as to why automation is logical and inevitable do not erase the fact that a certain number of human beings are going to be hurt and that the railroad unions are struggling desperately to find a way to postpone the day when the workers must be turned out of their jobs.

There is one solution which will occur to folks who read in the newspapers about the billions of dollars being appropriated by Congress in the "foreign aid" program. It is that perhaps there should be a "domestic aid" program. It may be that some of the natives in India or Nigeria or Indonesia would not be able to get as much money from the American taxpayers as heretofore. But, assuming that the principle of foreign aid is a good one, it might be that a moratorium of a year or two in certain appropriations could be effected and the same amount of money used over several years in taking care of trainmen, firemen, conductors and others in this country who have served the railroad cause of automation or new technological inventions who shall day the innocent victims of automation care of them? It has been estimated that there are between 25,000 and 40,000 railroad employees whose services may not be required. Many of them are not near retirement age and are willing to work but there will be no work for them in their present jobs.

The railroad unions are trying to preserve as much as they can and there is no private institution for the unfortunate workers who are affected. Union leaders more over feel that they must not yield measures of help are given

# Manitowoc Asks CAB to Deny Petition

WASHINGTON (AP) — Manitowoc County, Wis., asked the Civil Aeronautics Board Wednesday to deny a Sheboygan County petition for reconsideration of proceedings involving air service to the two counties.

Manitowoc County already has made legally binding commitments to improve its airport while Sheboygan County has merely issued a "self-serving declaration" of its governing political body that in no way bound it to any airport improvements, corporation counsel Donald J. Bero said. The CAB recently overruled its examiner to find that Manitowoc, rather than Sheboygan, should be

is around \$4 billion. It probably would not cost as much as \$500 million annually to take care of a relief and training program for those employees who are gradually released in the next few years. But even if it costs as much as a billion dollars a year for a program of this kind, this is a relatively small item compared with the expenditures that are being made for the people of foreign lands. Also, a railroad strike could cost the country a billion dollars a month.

Certainly the primary responsibility of the American government is to its own citizens, so many of whom year after year have contributed in income taxes to the support of the government and who now find themselves the victims not of unfairness on the part of anybody, but simply of the serious consequences that flow from automation.

(Copyright 1963)

the county to receive scheduled air service for the area. Bero said that pendency of the proceeding has cast a shadow

Thursday, July 18, 1963 Appleton Post-Crescent A18 over the airport improvement suited in deterioration in the program of Manitowoc-Two Rivers. Delaying that project has re-

# A coffee cake deluxe

...made the Robin Hood 'No-sift' Way!

## BLUEBERRY COFFEE CAKE

(A Robin Hood Pre-sifted Flour recipe)

There's eye appeal and taste appeal, too, in this glamorous blueberry studded coffee cake... with its spicy topping of cinnamon and sugar. And it's so easy to make the Robin Hood 'no-sift' way!

Because Robin Hood Flour is so fine and uniform and because it is pre-sifted through micro-fine silk, you need never sift again for anything you bake. Spoon Robin Hood straight from the bag into your dry measuring cup. This new, easy way you'll not only save time and trouble, but get better baking, too!

Next time you want to give your family a treat, delight them with this different Blueberry Coffee Cake... made the easy Robin Hood 'no-sift' way.

ROBIN HOOD FLOUR IS A PRODUCT OF INTERNATIONAL MILLING COMPANY

1/4 cup sugar 1 1/4 cups + 2 tbs. 1 1/2 cups blueberries, fresh, frozen or canned  
1/4 cup shortening ROBIN HOOD All-Purpose Flour 2 tbs. sugar  
1 egg 3 tsp. baking powder\* 2 tbs. sugar  
1 tsp. vanilla 1/2 tsp. salt\* 1/2 tsp. cinnamon  
1/2 cup milk

CREAM... sugar, shortening, egg and vanilla thoroughly.  
ADD... milk and blend well.  
SPOON... flour (not sifted) into dry measuring cup. Level off and pour measured flour onto a square of waxed paper.  
ADD... baking powder and salt to flour (not sifted) and stir to blend.  
ADD... blended dry ingredients to creamed mixture, stirring only until all flour is moistened.  
SPREAD... half of batter in bottom of greased 9-inch square pan.  
SPREAD... blueberries over batter and sprinkle with 2 tbs. sugar.  
COVER... blueberries with remaining batter and sprinkle on sugar-cinnamon mixture.  
BAKE... at 375° for 35-40 minutes.  
SERVE... warm, if desired.  
\*If you use ROBIN HOOD Pre-sifted Self-Rising Flour omit baking powder and salt. If using canned blueberries, drain well.

# JFK Gives Blessing To Demonstration

## Negroes to Protest in Washington

BY FRANK CORMIER

WASHINGTON (AP)—President Kennedy has given his blessings to the late-August civil rights demonstration planned for the national capital and says, "I look forward to being here."

This was the highlight of a Kennedy news conference Wednesday in which he applauded peaceful racial protests while decrying those which can lead to violence and bloodshed.

The session with newsmen — Kennedy's first in Washington in eight weeks — covered a wide range of topics including:

**Business and Taxes:** The President said business is better than expected, tax receipt consequently have exceeded predictions and as a result, last year's budget deficit totaled \$6.2 billion compared with a January forecast of \$8.8 billion. He said this bolsters his argument that a \$10-billion tax cut would boost the economy still further and eventually balance the budget.

**Cold War Talks:** Kennedy said he is "still hopeful" that the United States, Britain and the Soviet Union can achieve some kind of nuclear test ban treaty in the current Moscow talks. But he thinks talk of a possible summit meeting is premature, saying such a session is not "indicated or needed."

### Moon Race

**Moon Race:** The President wants a continued effort to put an American on the moon in this decade in order to show "the capacity to dominate space." He treated as inconclusive British scientist Bernard Lovell's report that the Soviets may be losing interest in the moon race.

**Rail Strike:** Kennedy again urged the railroads and operating unions to settle their work rules dispute before a threatened nationwide strike July 29. He said both sides would be much better off to work things out themselves "and not depend upon the government to do it." If a strike comes, Kennedy said he will ask Congress to end it by legislation.

In talking about civil rights, Kennedy scoffed at a claim by Alabama Gov. George C. Wallace that racial demonstrations have been Communist-inspired.

### No Evidence

"We have no evidence," he said, "that any of the leaders of the civil rights movements in the United States are Communists. We have no evidence that the demonstrations are Communist-inspired. I think it is a convenient scapegoat to suggest that all the difficulties are Communist."

Kennedy said those who complain about organized protests should "do something about the grievances" that prompt them. He suggested it is illogical to say, "don't protest," and at the same time assert, "We are not going to let you come into a store or a restaurant."

He said he sees the situation as "a two-way street."

As for the Washington demonstration, scheduled for Aug. 28, Kennedy said it shapes up as "a peaceful assembly calling for a redress of grievances" and undertaken through cooperation with the police.

Kennedy said "this is not a march on the Capitol" — something he suggested earlier would harm the cause of civil rights advocates.

In promising to be in the capital at the time, Kennedy added what amounted to a challenge to Congress by adding, "I am sure members of Congress will be here."

There has been some talk that the legislators might take a long Labor Day holiday — starting in late August.

## Jumper Dies as Parachute Fails

MANVILLE, N.J. (AP) — A parachute jumper fell more than a mile to his death Wednesday night when his main chute failed to open, State Police said.

He was John Maurice, 25, formerly of New York, who lived near Decker Airport. Police said his reserve chute opened too late to check his fall.

State Trooper Peter Duimstra said Maurice was practicing target jumping at the airport just south of here.

## Senate Starts Okaying Nominations to State Boards, Commissions

### Appears Likely Some of Reynolds' Appointments Will be Denied Him

BY JOHN WYNGAARD

Post-Crescent Staff Writer

MADISON — The Republican state Senate has concluded that discretion is a wiser course than party line resistance in the handling of appointments by Democratic Gov. John W. Reynolds that are required by law to get senate confirmation.

After carefully reviewing the nominations to state boards and commissions and other administrative positions submitted by

the state Senate, and although the reluctance of the Senate to accept him was shown by the fact that he has been waiting for confirmation since he was originally selected by former Gov. Gaylord Nelson, his old friendships with Senators counted in the roll call. Only one member voted against him.

Also confirmed for a new four-year term was Charles Manson, who was reappointed by Reynolds after his original selection by Nelson. Manson is one of the most popular top administrators in the capitol, and he also had the virtually unanimous backing of most of the influential leaders in the insurance business.

Least likely of the governor's choices to win backing of the Republican senate are those he has named to the state conservation commission to replace the two last surviving Republican members there.

### Six Weeks Ago

When it became plain six weeks ago that the Senate was not disposed to act on his nominations, the governor stopped making new appointments to offices held by incumbents whose terms have expired. More than 40 of such situations have now piled up.

By failing to confirm such successors as he might name, the

Debris From a Stake Truck Operated by Rudolph Teschendorf, 50, of West Allis, marks the spot where Daniel E. Schulz, 38, 1008 A Waugoo Ave., Oshkosh, was killed Wednesday about 6:40 p.m. The mishap occurred five miles north of Oshkosh on Highway 45. Debris, above, spilled out when the truck rolled over. (AP Wirephoto)

## Three Americans Killed in South Viet Nam by Reds

SAIGON, Viet Nam (AP)—Three Americans—two Special Forces captains and a sergeant—were killed in a Viet Cong ambush to-day while they were distributing medical supplies to villagers in Communist-infested Binh Long Province, 70 miles north of Saigon.

The Vietnamese driver of a jeep leading the three-vehicle convoy and another Vietnamese were hit by the first burst. Automatic weapons fire raked the other two vehicles and a grenade exploded in the second jeep, killing the American sergeant. Reports received by U.S. military authorities here said the Red guerrillas opened up with a burst of small arms fire from the road.

Three Vietnamese men on the other two vehicles and a grenade exploded in the second jeep, killing the American sergeant. Reports received by U.S. military authorities here said the Red guerrillas opened up with a burst of small arms fire from the road.

## Meet to Discuss Road Allocation

### Laird Says Wisconsin Not Getting Interstate Mileage It's Paying For

WASHINGTON (AP)—Rex M. Whitton, federal highway administrator, meets today with the Wisconsin congressional delegation to discuss requests for allocation of additional interstate system mileage to the state.

The luncheon meeting is one of a series the delegation is having for discussion of problems affecting the state. Sen. Gaylord Nelson, D., and Rep. Melvin R. Laird, R., are co-chairmen of the series.

When the 41,000-mile Interstate system was authorized some seven years ago, Wisconsin was allocated 453 miles. Under this program the federal government pays 90 per cent of the cost and the state 10 per cent. Other federal-state highway programs are financed on a 50-50 basis.

### Trust Fund Payments

"We have been paying 2.2 per cent on the taxes to the federal highway trust fund for the Interstate system but we have received an allocation of only 1.2 per cent of the mileage," Laird said.

Four years ago, Laird said, the Bureau of Public Roads notified the Wisconsin congressional members that it had allocated 40,200 miles and the 800 miles remaining would be retained in a reserve.

But, Laird said, in the last two

tally wounding the two U.S. captains and critically wounding another Vietnamese.

Security forces in the convoy returned the fire and the Viet Cong withdrew. Their number of casualties were unknown.

Names of the American victims were withheld.

years the bureau has allocated nearly 400 miles from the reserve and none of this has gone to Wisconsin. He said West Virginia received most of it.

Laird said the Wisconsin Highway Commission in May formally applied to the Bureau for more mileage for the state.

Nelson also contended that Wisconsin has not received its fair share of Interstate system mileage.

Nelson said Milwaukee, in particular, should be allocated additional mileage within the city.

## Charge Kenosha With Robbery of Milwaukee Bank

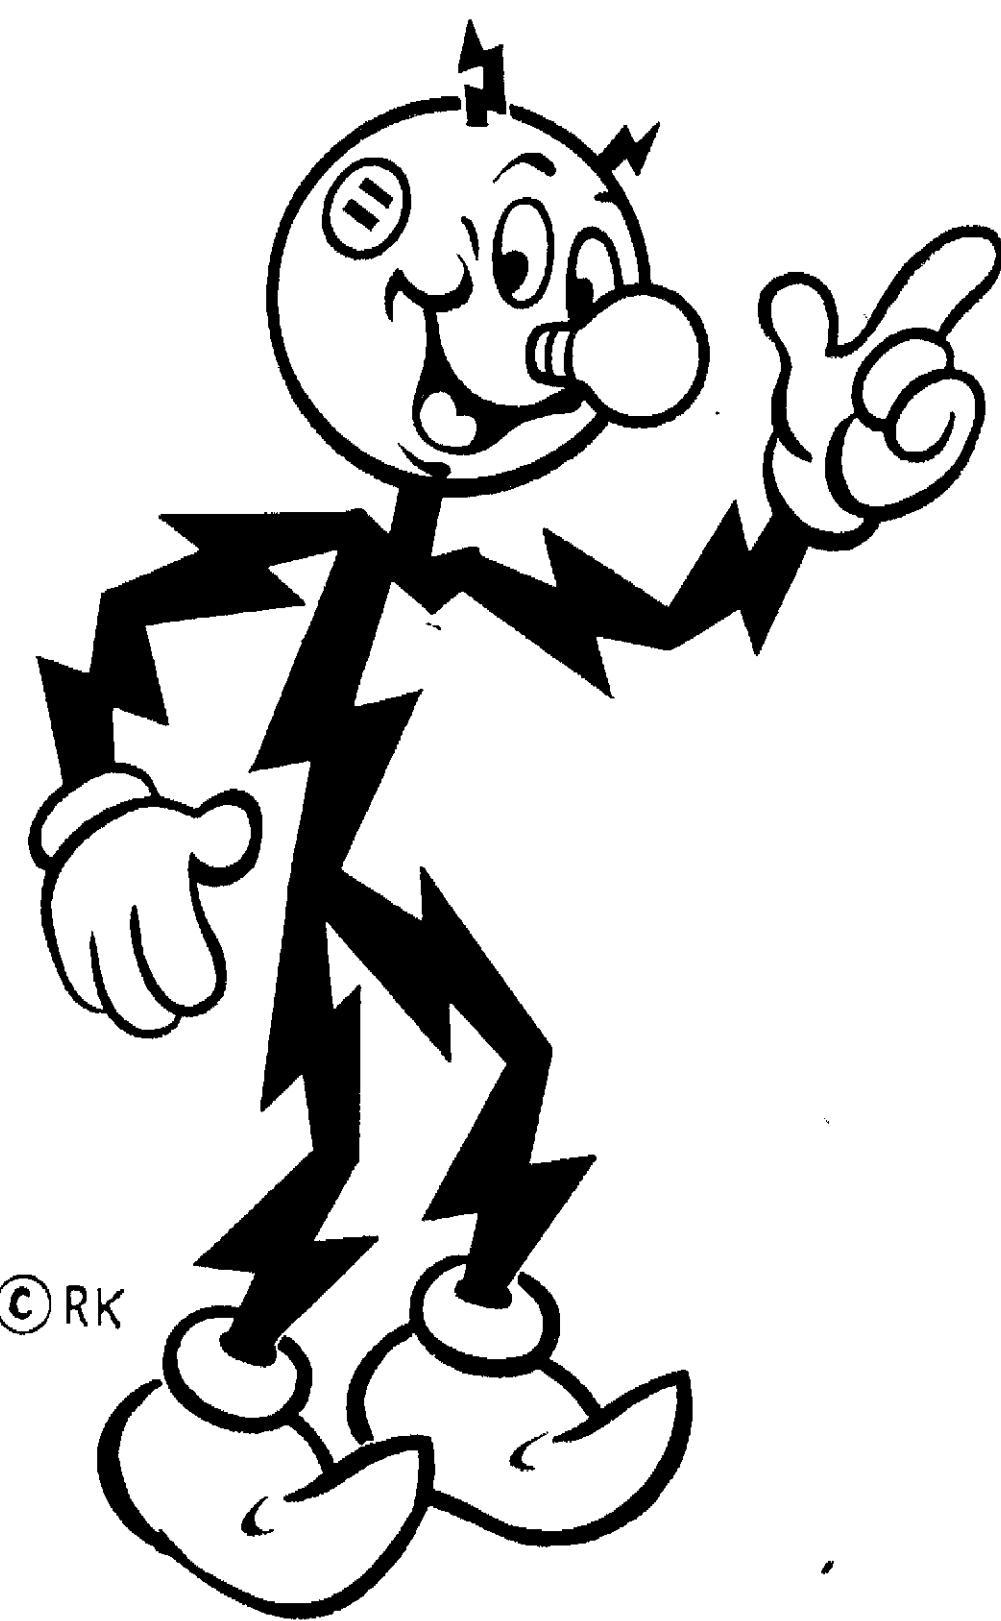

MILWAUKEE (AP)—A 27-year-old Kenosha man was charged with armed robbery today after employees of the Bay View State Bank identified him as one of two men who held up the bank and escaped with \$30,376.

Police Inspector Harold Breier said that Lee Edward Brown would be arraigned in court today on the charge. Brown, a Negro who works in a Racine foundry, denied the charge.

He was taken into custody Wednesday in Kenosha by Federal Bureau of Investigation agents and Milwaukee police.

## Heart Murmurs Are Not Always Serious

BY JOSEPH G. MOLNER, M. D.

Dear Dr. Molner: What constitutes a heart murmur? Would a person so afflicted be able to recognize it himself? Two of my friends told me they have such E.F.L. murmurs.

Let's not say that a person with a heart murmur is necessarily afflicted. The murmur is only a sign. How much affliction is involved depends on many other conditions. On examining the heart with a stethoscope, you normally hear a

distinct "lub-dub" sound as the valves open and close.

When a murmur is present, one of the parts of the sound is replaced by a swish, or by a higher-pitched sound. That is the murmur.

The altered sound is due to a defective valve, and the eddying of the current of blood past it.

**Patient Not Aware**  
The patient is not aware of the murmur. It isn't audible to the doctor, either, except with a stethoscope.

Detection of a murmur indicates that further examination is in order, but until this is done, it is pointless to try to guess the extent of the defect. A great many

children have murmurs, but grow up with healthy hearts.

In an adult, more concern, or at least watchfulness, is warranted, although the timing of the murmur in relation to the heart beat is important in estimating its significance.

If I were told that I had a murmur, but on further study was assured that my heart appeared to be in good condition, I would not worry.

I would, however, have a routine checkup every six months or so to make certain that matters stay under control.

**Trichinosis**  
Dear Dr. Molner: Could a person get trichinosis from smoked or cured pork? It doesn't seem to me that the smoking process would be hot enough to kill the worm, because it headly melts the fat. — MRS. S. G.

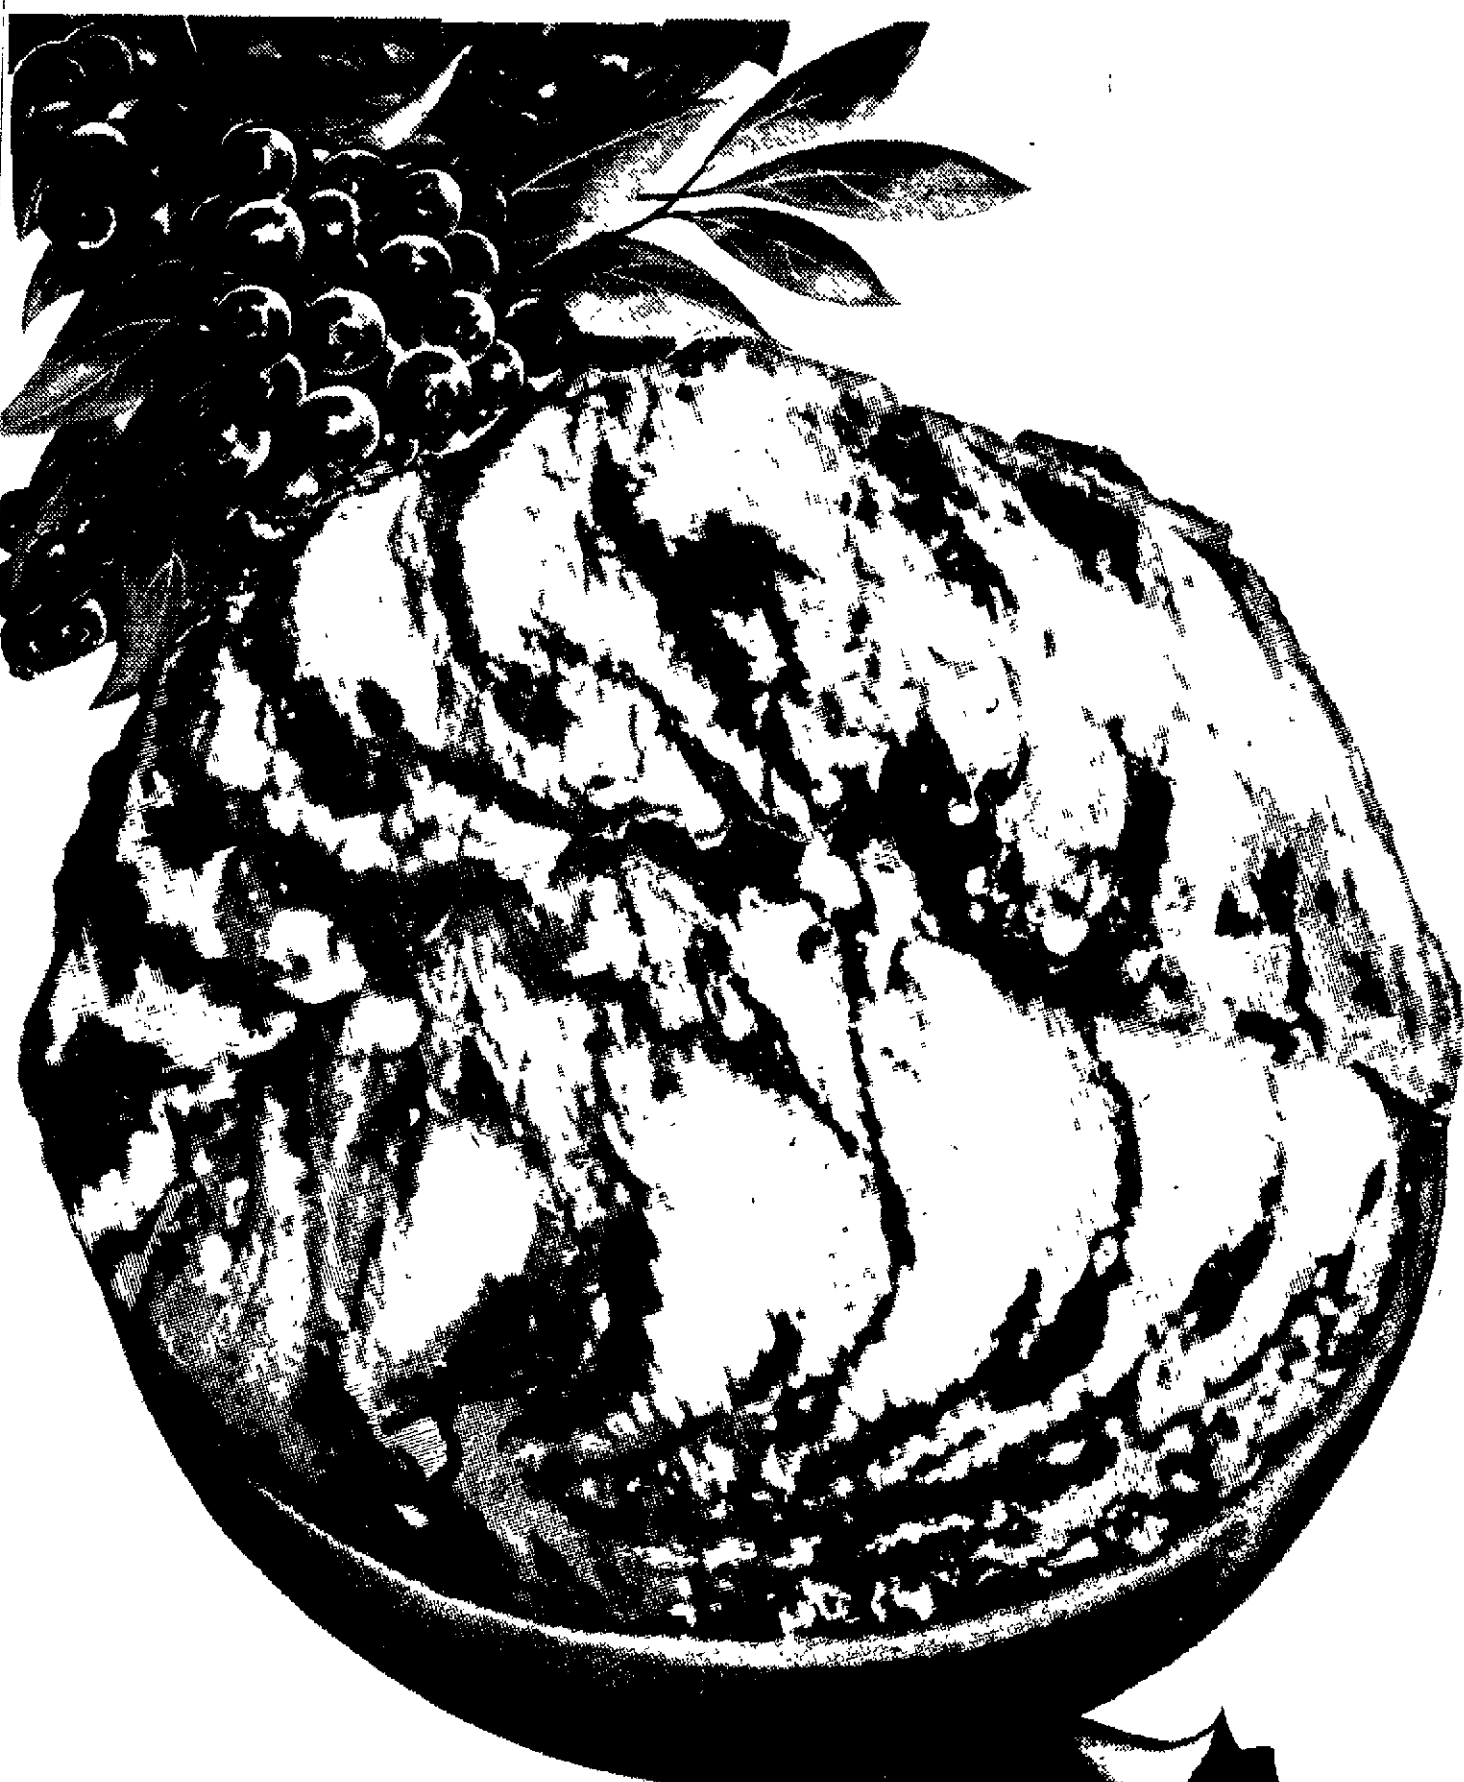

You are right. I know of at least one outbreak which was

traced to smoked sausage. Cooking is the only way to be safe.

Never take a chance on diabetes! For better understanding of this disease, write to Dr. Molner in care of the Post-Crescent for a copy of the booklet, "Diabetes — The Sneaky Disease." Please enclose a long, self-addressed, stamped envelope and 25 cents in coin to cover cost of printing and handling.

# Bill Favoring Green Bay and Preble Passes

## Measure to Ease Consolidation Goes to Assembly

Post-Crescent Madison Bureau  
MADISON — The State Senate — with some apparent reluctance — today passed and sent to the state assembly a bill designed to facilitate the consolidation of the Town of Preble and the City of Green Bay.

The vote was 20 to 10, following a preliminary skirmish late Wednesday that indicated unexpected opposition to the bill.

Assemblyman Alexander Grant of Green Bay is expected to pilot the measure through the lower house.

Message from O'Brien  
Sen. Leo O'Brien, Green Bay, sponsored the measure in the Senate with the backing of the Green Bay city administration and the town government of Preble.

The Senate action today came after a Republican majority caucus on the measure and a message from O'Brien. There was no floor discussion this morning, although there was a spirited argument on the merits of the proposal late Wednesday.

Senators last night refused to kill the bill by the narrow margin of 16 to 14, but then put over a vote on passage until today when opponents said it represented a violation of the principle of a revised state annexation law adopted only two years ago.

Technical Amendment  
At issue was a technical amendment drafted by the legal counsel for the town and supported by the city administration and which would permit continued work on consolidation in spite of pending litigation instituted by a group of Preble citizens interested in incorporating the town as a third class city.

City and town officials had explained at a hearing a month ago that delays in the court could frustrate the consolidation plan indefinitely and hinted broadly that was the purpose of the appeal to the Dane County Circuit court from an adverse finding of the state Department of Planning on the qualifications of the town for city status.

Two of Sen. O'Brien's immediate geographical neighbors, Sens. LaFave of Oconto and Lorge of Bear Creek, denounced the measure and said it represented a peril to the rights of other Wisconsin residents in annexation on proceedings.

Effective Argument  
Their argument had an effect, although LaFave was turned back in a 25 to 6 vote on an amendment which would have deferred the effective date of the bill until January.

With that amendment, the right of the petitioners in the Dane County court would not be violated, LaFave said. A hearing is scheduled here in September on the appeal from the state agency's finding against Preble's incorporation.

# Council Rules No Left Turns on Front Street

## Move Outgrowth of Lengthy Debate On Controversial Intersection

"No Left Turn" signs for the Front Street-Memorial Drive intersection were approved by the Appleton common council without discussion Wednesday.

The council okayed a recommendation from the public safety committee that the "no left turn" signs be erected on Front Street with its intersection with S. Memorial Drive for traffic traveling east, and on S. Memorial Drive with its intersection with Front Street for northbound vehicles.

Front Street was barricaded last fall to prevent traffic coming north off the Memorial Drive Bridge from using it to avoid the traffic light at the intersection of Memorial Drive and Prospect Avenue. After months of stormy discussion, the barricade was removed last month by order of the common council.

Plan New Signals  
Plans are being made for a new directional light system at the Prospect Avenue-Memorial Drive intersection to eliminate the problem.

In other action on public safety committee recommendations, the council:

- Referred a resolution by Ald. Kenneth Loos (3rd) that the city provide free parking stickers to convention guests while in the city to the police chief for a recommendation.

- Referred a resolution by Ald. Harold Stumpf (13th) that more off-street parking be made available at Meade Park swimming pool to the city planner-traffic engineer and the police chief for study and recommendations.

- Approved a resolution by Ald. Clifford Rader (16th) that a stop sign be placed on E. Parkway Boulevard at the intersection of N. Morrison Street to the city

planner-traffic engineer and police chief.

- Approved a change in the Fox River Bus Lines' Route 8 in Appleton.

- Approved renewal of the city's lease with Standard of Appleton to place advertising on a sign board on city-owned property east of the E. Wisconsin Avenue viaduct for one year for a \$50 rental.

Ald. Mrs. Dorothy Stilling (7th Ward) asked a separate vote on this item and cast the only dissenting vote.

## Officials Get Sneak Preview Of Station Plans

NEENAH — Aldermen, city officials, and reporters were given a sneak preview Wednesday of the new central fire station to be erected on the corner of Walnut Street and Columbian Avenue.

Sketches of the floor plan and a scale model of the building were shown by Boettcher and Ginnow, Inc., architects for the structure, immediately following the council meeting.

First floor facilities will include separate public rest rooms, a firemen's lounge, office space, and the four stall apparatus room in which the fire trucks will be housed.

A 24 man dormitory will occupy the second floor of the new structure. Each fireman will have his own locker.

Storage, equipment, and boiler rooms will be located in the basement of the building.

The outside will be constructed of glass and mosaic panels, designed for a minimum of upkeep, the architects said.

Approximate cost of the new station will be \$218,000.

The city planning commission will study the plans when it meets at 7 p.m. Tuesday.

## Set Joint Meeting With Sewerage Unit

NEENAH — A joint meeting between aldermen from Neenah and Menasha and the Neenah-Menasha Sewerage Commission will be held at 4:30 p.m. today at the Neenah Council chambers.

Menasha aldermen requested the meeting Tuesday night, and Neenah aldermen indicated they favored the joint meeting before any action is taken to appropriate funds for the test pilot plan for the secondary sewage treatment.

Each city has been asked to appropriate \$11,500 to the project.

## Menasha Seeks to Fill 3 Teaching Positions

MENASHA — There are three teaching vacancies in the Menasha public school system grade one at Jefferson School, grade three at Banta School and a combination grade five and six at Clovis - Grove School.

Contracts for these positions will be presented to the Menasha board of education Monday night by Supt. M. J. Gegan.

To date 19 new teachers contracts have been signed for the 1963-64 school year, seven elementary positions and 12 for junior and senior high school.

This Architect's Sketch Illustrates how the proposed Casper E. Youngchild Hall of Science building will look when it is added to the east of the present Stephenson Hall of Science on the Lawrence College campus.

Construction of the \$1,885,000 project is scheduled to begin within the next 10 days. Contract negotiations with low bidders are in their final stages. This view faces north.

The Body of 8-Year-Old Donald Blank, son of Mr. and Mrs. Leonard Blank, 316 Wisconsin St., New London, was found floating in the Wolf River near the Shawano Street Bridge, Wednesday afternoon. Police and firemen had been conducting a search for

the boy since Monday. The body was seen by a group of youths and brought to shore by a passing boat. Carl Herber, a special police officer, is shown covering the body. (Post-Crescent Photo)

# Group 'Starting Over' on Plan To Enlarge Courthouse Space

## Engineer Refutes Advisability Of Expanding Present Facilities

Plans for a new Outagamie County courthouse building or an addition to the present 22-year-old structure are now in a state of "flux," George Narovec, an Appleton architect said today.

"We're starting all over again," Narovec said after a meeting with members of the county insurance and public property committee, the group saddled with the task of making more room in the pointed out that soil boring tests taken in April by the Warzyn Engineering Co. of Madison showed the ground could not take any more weight.

Narovec appeared with a consulting engineer, John Davis of Davis and Watson, Appleton, to refute statements by Raymond LeVe, an Appleton architect and a designer of the present courthouse building, that the present structure can stand additional weight on its outside walls.

Narovec has contended the footings of the building will not allow additional stress. He has suggested the addition to the courthouse be a separate wing off the main courthouse building.

LeVe several weeks ago suggested that the addition become a part of the main building and that new construction use walls of the old building. LeVe said the work could be done for one-half million dollars.

Hearing Set  
The committee, after hearing statements today from Narovec and his engineer set a meeting for July 24 with LeVe.

"The main problem confronting us," Walter Fredericks, committee chairman said, "is that we

Consider Bids for Lawrence Building Construction of New \$1.8 Million Science Hall to Begin in 10 Days

Winnebago Towns, Omro Reminded of Deadline on Taxes

OSHKOSH — County Treas. Frank Luedke today reminded taxpayers in the City of Omro, Village of Winnebago and the 16 towns who are paying their taxes this year on the installment plan that the final installment must be paid at his office not later than July 31.

Tax payments received as of Aug. 1 or later will be charged a penalty fine of 6.4 per cent and increasing at the rate of .8 of 1 per cent per month after that.

More taxpayers in those areas than before have been using the installment plan because of the large increase in their taxes for this year resulting from the school consolidations and the changes in the raising of taxes for those consolidations, the treasurer pointed out.

This consolidation has resulted in paying what would be the equivalent of several years of school taxes in one year.

## Neenah, Oshkosh Men Jailed for Vagrancy

OSHKOSH — County Judge James Sitter today sentenced Reeve E. Peerenboom, 55, Neenah, to 30 days in the county jail for vagrancy and Raymond Renner, 21, Oshkosh, to 15 days in the county jail for vagrancy.

Neither has any regular address and had been sleeping wherever they could find a place.

Peerenboom was arrested several weeks ago by Neenah police and Renner was arrested Wednesday by Oshkosh police after sleeping in a car on E. Lincoln Avenue for the last three weeks.

## FCC Approves Purchase of Chippewa Radio

Purchase of Radio Station WAXX at Chippewa Falls, Wis., by the Post Broadcasting Co. was approved today by the Federal Communications Commission in Washington. Post Broadcasting is a subsidiary corporation of Post Publishing Co. of Appleton.

The station was acquired through a stock transfer from Jack and Don Holden who have owned and operated WAXX for the last three years. Jack Holden is a former program director of Radio Station WLS in Chicago. Both will remain active in the business.

WAXX is a 5,000-watt daytime only station broadcasting on a frequency of 1150.

Post Broadcasting operates Television Station WEAU-TV at Eau Claire. Purchase of the radio station nearby will extend the company's broadcast services to that area, said President V. I. Minahan.

The drawings were held up all day by committee members decided to call in another architect. LeVe to consult on the construction.

Contracts with low bidders are in the final stages of negotiation and construction is scheduled to begin within 10 days on the \$1,885,000 Casper E. Youngchild Hall of Science building at Lawrence College, according to John H. Willerding, chairman of the trustee committee on buildings and grounds.

Bids were opened July 2 and contracts are being awarded to the following firms: Hoffman Company, Inc., general contractor; The Superior Electric Company; R. Selig and Sons, Inc., plumbing, and August Winter and Sons, heating and ventilating, all of Appleton.

The principal donor to the building is Casper E. Youngchild, Appleton, who last summer gave \$1 million for the purpose. The remainder will come from the Greater Lawrence Program of Lawrence College.

Completion is scheduled for Sept. 1, 1964. The building, which will be placed east of the present Stephenson Hall of Science building and joined to it on every level, was designed by Frank C. Shattuck, M. F. Siewert and Associates, Inc., Neenah.

Discovery Ends Three-Day Search Throughout City for Donald Blank

NEW LONDON — A search for an 8-year-old boy missing from near the bridge. Police were notified of the boy's disappearance at 11:30 p.m. Monday and had been carrying out a search since that time.

Members of the New London Volunteer Fire Department were called in Tuesday to aid in combing the wooded areas near the Embarras River where the boy is survived by one step-brother, one step-sister, and two grandmothers.

Funeral services will be at 10 a.m. Saturday at Most Precious Blood Catholic Church with burial in St. Patrick Cemetery, Lebanon. Friends may call at the Cline and Hanson Funeral Home after 2 p.m. Friday.

Found by Boy  
The boy's body was seen first by Deanne Claassen, 11, who was with a group of children playing

# Project 70 Planners Hear Tour Report

## Man Takes Own Life

Alfred Brandt, 66, Rural Waupaca, Kills Himself With Gun

WAUPACA — Alfred Brandt, 66, route 1, Waupaca, took his own life with a shotgun about 10:30 a.m. Wednesday on the porch of his home, according to Sheriff Loran Frazier.

Brandt, who was in ill health for about a year, was the marine mail carrier for residents on the Chain O'Lakes during summers the last 28 years, working out of the Waupaca post office.

Sheriff Frazier, who investigated the shooting with Sgt. Harold Holly of the sheriff's department and Capt. Mike Myhill, county police, said Brandt put the barrel of a 12-gauge shotgun in his mouth and pressed the trigger with a hammer handle.

Dr. Sam Salan, county coroner, said there will be no inquest. Brandt is survived by his wife and one sister. Holly Funeral Home is in charge of arrangements.

## Men Who Used Dip Nets Found Guilty

A 12-man jury deliberated more than two hours Wednesday before returning a guilty verdict in a conservation case involving Milton Pelky, 26, route 1, Horltonville, and John Beyer, 23, Shiocton.

The two were charged by Conservation Warden Albert Vanderploeg with using dip nets to catch walleye pike on the Wolf River last April. Beyer also was charged and was found guilty of being a repeater.

As envisioned, the 8-block section will be closed to all except in bus traffic. But shelters will be constructed in each block and landscaping will be complete with the equipment.

## Members Who Visited Area In Minneapolis Suggest That Appleton Get Moving

Appleton's Project 70 planners both permanent and movable shrubbery.

Streets and sidewalks will be heated to eliminate snow removal problems.

Serves Public  
Bernhard emphasized that all of the major retail outlets in Minneapolis center on Nicolet Avenue and the 8-block section earmarked for redevelopment. "Community leaders indicated," Bernhard said, "that the broad objectives of the redevelopment program is not only to improve the city but to better serve the public. The redesigned street is planned to offer shoppers, visitors and businessmen a new measure of comfort and convenience."

He said Minneapolis, like Appleton, is a "one street town" and that the redevelopment program could possibly be directed toward the renovation of College Avenue.

Seek Good Plan  
Karl Baldwin, one of the committee members who toured Minneapolis, told the meeting "We're going to have to tear up College Avenue anyway to fix the sewer. The thing to realize is that we should hire a good firm of consultants to draw a plan and we should follow it."

The project in Minneapolis could cost as much as \$2 million, according to estimates presented to the committee.

Chairman W. T. Bernhard said "We made a detailed inspection of the entire downtown shopping area and we were immediately impressed by the control of overhead signs. All were gone and in their place attractive signs were placed against the building. You might wish to know they River. The building is valued at \$125,000.

Also approved was transfer of \$45,000 from the general fund for purchase of new office equipment for the new city hall. Councilman ordered sentencing for Friday in bus traffic. But shelters will be constructed in each block and landscaping will be complete with the equipment.

Both men are free on bond. Landscaping will be complete with the equipment.

Order Briefs Filed in Tavern Licensing Case

Briefs will be filed in August by City Atty. Fred Froehlich and Attorney Urban Van Susteren outlining details in the arrest last week of Carl O. Ziesemer, 49, 715 W. Oklahoma St., owner and operator of Carl's Tap, 523 W. College Ave.

Ziesemer has pleaded innocent of operating his tavern without a license. Testimony in the matter was taken before County Judge Gustave Keller in Outagamie County Court, Branch 2. Judge Keller ordered the briefs before making a decision in the matter.

City Clerk Eldon Broehm testified a license was granted Ziesemer June 4, but that a common council resolution ordered health cards to be submitted by tavern operators. Ziesemer did not complete a health card.

He was arrested July 1 by Appleton police who entered his tavern and observed six patrons being served. Froehlich contended the license held by Ziesemer had expired as of midnight June 30.

## Northside Businessmen Schedule Booster Game With Foxes, Decatur

The Northside Advancement Association of Appleton has scheduled Aug. 8 for a Fox Cities Foxes booster game. Tickets will be available at northside establishments at 35 cents each.

In addition to the Foxes-Decatur baseball game, entertainment will be provided by the Houdini hamburger drive-in restaurant in Club, escape artists and magicians.

Over 200 prizes are scheduled to be given at the Thursday night game.

## McDonalds Restaurant Schedules Opening

Opening of the new McDonald's will be provided by the Houdini hamburger drive-in restaurant in Club, escape artists and magicians.

The restaurant is located at 1932 N. Richmond St.

The Summer Band of Xavier High School rehearses for a concert at 7:30 p.m. Friday in the outdoor court at the school. From left, in front, are Jack Barta, Robert Van Domelen, Ann Wilcox, Karen Pankratz and Director Francis Scholtz, standing, and in back, Frank LaViolette, Michael McGuire, Floyd Slayton, Mary Vanderloop, Mary Fisher, Ann Vanderloop and Nancy Fisher. # Body of Missing New London Boy Found Floating in Wolf River

2 p.m. Tuesday when city park employees saw him playing near the Wolf River in Taft Park on North Water Street.

It is unknown whether he drowned in the Embarras River or the Wolf River. The point where the body was found is approximately one-half mile downstream from where the Embarras River empties into the Wolf River.

In addition to his parents, four brothers and three sisters, Donald is survived by one step-brother, one step-sister, and two grandmothers.

Funeral services will be at 10 a.m. Saturday at Most Precious Blood Catholic Church with burial in St. Patrick Cemetery, Lebanon. Friends may call at the Cline and Hanson Funeral Home after 2 p.m. Friday.

Over 200 prizes are scheduled to be given at the Thursday night game.

Featured Speakers at the Regional retreat workshop being sponsored Saturday at St. Joseph Catholic School by the National Catholic Laymen's Retreat Conference will include, from left, Ralph Garza, San Antonio, Texas; the Most Rev. John J. Wright, Bishop of Pittsburgh, Pa., and episcopal advisor to NCLRC, and Donald R. Stauber, Cincinnati, Ohio, NCLRC president and workshop moderator. Garza will conduct one of the workshop sessions, and Bishop Wright will speak on the Ecumenical Council at the 6 p.m. dinner.

## Catholic Bishop to Speak at Workshop

### Strengthening Bases of Retreats Purpose of Appleton Conference

The Most Rev. John J. Wright, Bishop of Pittsburgh, will be the featured speaker at the regional retreat workshop sponsored in Appleton Saturday by the National Catholic Laymen's Retreat Conference (NCLRC).

Bishop Wright, episcopal advisor of the NCLRC, will speak on the Ecumenical Council at a 6 p.m. dinner in St. Joseph School cafeteria concluding the workshop. The dinner is open to the public. In conjunction with the workshop, directors of the National Catholic Laymen's Retreat Conference will hold their quarterly meeting at Monte Alverno Retreat House. Workshop sessions will be held at St. Joseph Catholic School.

Directors, lay officers and area pastors of 15 retreat houses in Wisconsin, Minnesota and Upper Michigan have been invited to attend the workshop. The sessions also will be open to presidents of Catholic organizations as observers.

The purpose of the workshop is to further interest in retreats at the grass roots level and to stimulate the movement for closed retreats for laymen and the establishment of new retreat houses in the region.

**National Organization**  
The NCLRC is a national organization dedicated to the promotion of retreats throughout the United States and to the establishment of new retreat houses. One of its main activities is to put on regional workshops.

The Rev. Alvin Schutkovsky, O.F.M. Cap., director of Monte Alverno Retreat House, is national moderator of the group and James Asmuth, Neenah, is executive vice president. Robert Scherzinger, Appleton, is general chairman of the workshop.

The workshop program will open at 1:30 p.m. with a welcome and introduction of board members by Asmuth and Donald R. Stauber, Cincinnati, Ohio, who is NCLRC president and workshop moderator.

**Three Sessions**  
Three workshop sessions are planned. William M. Lennox, president of the Laymen's Weekend Retreat League of Philadelphia, Pa., and Ralph Garza, San Antonio, Texas, will conduct the first workshop at 1:45 p.m. on "Retreat Recruiting Organization." Lennox is sheriff of Philadelphia and president of the U.S. Sheriffs' Association.

The second workshop at 2:45 p.m. will have two sections. Father Alvin will conduct the section for retreat directors on "Problems of Retreat Directors." Leland J. Thompson of Holy Name Retreat House, Green Bay, will conduct a section on "Recruiters at Work" for laymen delegates.

**High School Graduates**  
Brother Frederick, F.S.C., retreat director of LaSalle Manor Youth Retreat House, Plano, Ill., and two 1963 Fox Cities high school graduates will give the third workshop on "Youth Retreats" at 3:45 p.m. Richard

William M. Lennox, sheriff of Philadelphia, and president of the U.S. Sheriffs' Association, will conduct one of the workshop sessions at the regional retreat workshop in Appleton being sponsored by the National Catholic Laymen's Retreat Conference. Lennox is president of the Laymen's Weekend Retreat League of Philadelphia.

Wiesner, a graduate of Xavier High School, and Steve Schmidt, a graduate of St. Mary High School, Menasha, will be on the panel.

A solemn high mass will be offered at 4:45 p.m. Saturday at St. Joseph Catholic Church. Father Alvin will celebrate the mass, and the St. Joseph choir will sing. The Rev. Gerard Hesse, O.F.M. Cap., Capuchin provincial from Detroit, Mich., will give the sermon.

The national board of NCLRC, made up of 24 members from throughout the nation, will meet at Monte Alverno Saturday morning. The board will visit the Jesuit Retreat House in Oshkosh and Chambers Island Friday.

## Member of Winneconne Faculty to Leave Field

WINNECONNE — The resignation of John J. Reukauf, junior, and she and her husband and two high school teachers in the Winneconne Community Schools for the where he is employed at the Zim last 14 years, and the hiring of seven new teachers was announced today by Supt. Arthur H. Lehman. Four of the new teachers, who will teach first grade in the central school, she and her husband and two children plan to move into this community.

He had taught junior high science and social studies and school will be taught by Mrs. Anita Poehlman who has taught in Illinois for the last four years. Mrs. Joan Herried, a teacher in economics, and Russell Van Strat, the Appleton area for the last six years, will teach the third grade of English - speech teacher at Winchester. She now lives near the high school remains to Neenah with her husband and child.

Mrs. Schmitz has three years As a replacement for Reukauf, of teaching experience at Lodi/Philip May of Crandon, a 1963 and Reedburg high schools and graduate of Wisconsin State College for the last year has worked at Lege Oshkosh, has been hired the Singer Sewing Machine Co. in He was recently married to the former Barbara Lowell of Oshkosh.

Van Straten taught at Auburn-kosh, daughter of Sheriff and Dale High School for four years/Mrs. Richard T. Lowell.

Other changes in the staff consisted of reassignments of teachers because of the closing of the school. He and his branch schools, Supt. Lehman, wife and two children have moved to Winchester. Mrs. Barbara Thies will teach first grade at Winchester.

Four elementary teachers will be replacing Miss Mary Huzzar who said be new to the staff. Mrs. Paetz resigned. Miss Helen Ely will teach third grade and Mrs. Irene Dadd first grade in the central garden at the central school. She school

## Council Voices No Opinion On Demand for Resignation

A letter demanding the resignation of Appleton Ald. Donald Mueller (17th) was received and filed without an opinion by the common council Wednesday night.

It is not the business of the mayor or aldermen or the council as a whole to ask another alderman to resign, Ald. George L. Buckley (14th) stated. Ald. Robert J. Stumpf (9th) agreed. That is the concern of the voters in a particular ward, they said.

Mueller's resignation was demanded in a letter to Mayor Clarence Mitchell last week from Robert A. Sparpana, 726 E. Grant St., who was defeated by Mueller for the council post in the April election.

Sparpana said in the letter he was critical of Mueller for allegedly not fulfilling the duties of his office. He said council records show Mueller was absent without excuse from the June 5, June 19 and July 3 council meetings and from the last six meetings.

# Eight New Posts Created in Marathon Corp. Realignment

## Executive Assignments Involved

NEENAH—Eight new key management assignments were established today by Marathon division of American Can Co. which Tuesday announced a realignment of executive responsibilities and organizational functions.

John W. Bard was named general production manager of the pulp and paper division. Operations of mills at Ashland, Green Bay and Rothschild in Wisconsin, Menominee, Mich.; Naheola, Ala., and Marathon, Ontario, are under his jurisdiction.

John W. Fitzpatrick was appointed production manager of flexible packaging for the new packaging manufacturing division. He is responsible for operation of the plant at Neenah, the

Canal and River Street plants at Menasha and the Menasha Wax Refinery.

### Planning Director

Stanley B. Grady has been assigned to the new position of director of planning. In this capacity, he will be responsible for long-range planning for facilities and products and also for economic and manpower studies.

Lee C. Heroman becomes production manager of rigid packaging for the packaging manufacturing division. Plants under his jurisdiction are at Chambersburg, Pa.; Louisville, Ky.; Modesto, Calif.; Newnan, Ga.; Sunnyside, Wash., and Washington Street at Menasha and Wausau in Wisconsin.

Robert J. Hesson has been named to the new post of director of industrial relations department in the administrative serv-

ices division. Functions being consolidated as his responsibility are employee benefits, labor relations, personnel and training.

Urban M. Krippene was appointed manager of distribution for the pulp and paper division. He is responsible for pulp sales, paper and paperboard sales and chemical products sales.

### Foreign Activities

Harold C. Sperka was named to the new position of manager of foreign activities, a role in which he will be closely associated with international activities of American Can Co. as the representative of Marathon Division.

Robert J. Turek, Green Bay, has been assigned the responsibility as marketing manager for the new home products marketing division. His jurisdiction includes sales, advertising and market research activities for the Northern and Aurora home products brands.

## Blind Partners Event for Women At Ridgeway Club

NEENAH — Blind partners was the golfing event Tuesday for the morning and evening ladies groups playing the rounds at Ridgeway.

Award winners in the 9 hole bracket were Mrs. Richard Farley, Mrs. Ted DeKoch, Mrs. Kenneth Houts, Mrs. Charles Pope, Mrs. Bruce Pickett, Mrs. Carl Schueler, Miss Aileen Remmel and Miss Dorothy Kolgen.

Receiving prizes in the 18 hole division were Mrs. Raymond Miller, Mrs. Arthur Mueller, Mrs. Joseph Ebbens, Mrs. Julius Herzfeldt, Mrs. Harold Hobbins, Mrs. Marty Hupka, Mrs. Jay Llewellyn, Mrs. Fran Quigley, Mrs. Eugene Sage, and Mrs. Leslie Regel.

An approach shot was sunk by Mrs. Robert Lampman. Women on the morning committee included Mrs. Charles Pope, Mrs. George Steehr, and Mrs. William Benoit. Evening workers were Miss Margaret Lobb, Mrs. Don Rippl, and Mrs. Robert Hogan.

Next week the evening group will play its fourth round of team competition with the event being poker golf. The morning group has scheduled guest day.

## Council Okays Appeal In 4 Assessment Cases

NEENAH — The City of Neenah will appeal to the State Supreme Court four of the eight property assessments recently voided by Circuit Judge Arnold J. Cane.

The Common Council so voted Wednesday night, thus directing City Atty. Charles Schaller to appeal the cases of Dr. R. C. Brown, John Besser Jr., and the Paul Strange estate.

Cases involving property of Ann Sharpless, T. A. Gardner and Clyde Jorgensen will not be appealed, aldermen decided. Voting against the motion to appeal was Ald. Harry Miller of the Fifth Ward.

The council action followed the recommendation of the finance committee which met Tuesday preme Court four of the eight.

In a separate resolution, the council also passed unanimously an appropriation of \$300 from the contingent fund to pay for the costs of the appeal.

Schaller, in answer to a question by Ald. Harry Miller asking what the city would gain from the appeal, said "if a judge can say the city must reduce its assessments, the courts will be run by the city assessments."

"A judge can't act as an assessor, and as long as I'm city attorney I'm going to see that the rules are followed," Schaller added.

James McNamee, 1518 S. Walden Ave., Appleton, receives papers ordering his promotion to Cadet Captain in the Civil Air Patrol from Lt. Col. Herbert Harrison, Wauwatosa, commander of the 1963 Wisconsin Wing Encampment at Chanute Air Force base in Illinois, June 22-30. McNamee, a 1963 graduate of Appleton High School and cadet commander of the Fox Cities Composite Squadron, was cadet encampment commander.

### First Half of '63

## Bergstrom Co. Notes Decline in Earnings

NEENAH — A decline in sales for the first half of 1963 in comparison with the first half of 1962 was reported today by officials of the Bergstrom Paper Co. The six month sales figure was \$6,757,224 in comparison with \$7,034,953 a year ago.

Net earnings amounted to 78 cents per share for the period of 1963, compared to 84 cents reported a year earlier. However, amounts reported for 1962 in the company's quarterly statement do not reflect new guideline depreciation rates adopted in September and retroactive to the beginning of 1962. Had such rates been in effect, earnings for 1962 would have been reduced from 84 cents to 76 cents per share, 2 cents less than the reported 1963 first half earnings figure.

According to the message to stockholders from H. R. Moore, president, and N. H. Bergstrom, chairman of the board, "The corporation's first half, all things considered, was a good one. While price competition the second quarter was particularly severe, our continued attention to internal cost factors — production, sales and administration — made the difference."

The message also commented on the company's recently announced building program: "With expansion we have as our purpose a better service to our developing markets. Of equal importance, we feel, is increasing the equity and earnings of our shareholders' investment."

The report showed gross earnings of \$1,608,520 for the first six months of 1963 and \$1,633,099 for 1962. Net earnings were \$425,340 for 1963 and \$458,197 for the same period of 1962.

Totals for the 12 months ending June 30 were \$13,103,450 net sales, gross earnings of \$2,901,443, provisions for federal and Wisconsin income taxes of \$884,000 and net earnings of \$731,468. Net earnings for the year per share of stock were \$1.34 and dividends paid were 65 cents per share.

Construction on the project finally began early in April after more than a year and a half of delays while aldermen for the city attempted to satisfy themselves with various floor plans.

The final plan was the fourth presented to the common council since the project got underway early in 1962.

The garage is being built on a site occupying about one-half of an approximately 24-acre site near the present city dog pound.

Football Field Size

When finished it will be nearly the size of a football field, or 300 feet in length by 17 feet width at the west end and 80 feet at the east end.

The building will have two wings. On the north side will be a 60 by 60 foot repair shop with an office. On the south side is a 37 by 100 feet wing which will contain various repair and storage rooms and offices.

Sweden Records Quake In North Atlantic

UPPSALA, Sweden (AP)—The seismological institution of Uppsala University registered a strong earthquake Wednesday night in the North Atlantic between Iceland and Greenland.

It had a magnitude only slightly weaker than an earthquake that caused some damage in north Iceland March 28.

## Car-Truck Crash Kills Oshkosh Man

### Vehicles Collide At Intersection of U. S. 45, Trunk GG

OSHKOSH — Daniel E. Schulz, 38, 1008A Waugoo Ave., Oshkosh,

was dead on arrival at Mercy Hospital where he was taken following a car-truck accident at the intersection of U. S. 45 and County Trunk 66 at 6:38 p.m. Wednesday.

Two other persons were hospitalized as a result of the accident, in which the Schulz auto rammed the side of the semi-truck as the car was crossing U.S. 45.

The injured were the driver of the truck, Rudolph Teschendorf, 50, West Allis, and a passenger in the truck, Gerald Schultz, 33, Milwaukee.

Lacerations Hospital authorities this morning reported Teschendorf to be in satisfactory condition with lacerations of the head and face and rib fractures. The passenger in the truck, Schultz, was reported to be in satisfactory condition at the hospital with lacerations of the right arm. Winnebago County Sheriff's officers reported Schultz also received a neck whiplash in the accident.

Police said the auto was traveling west on GG and the truck south on 45 at the time of the accident. The truck's passenger, Schultz, told police the Schulz auto ran the arterial and struck the truck just behind the cab, struck the truck on the left side between the axles. A power pole the shock of the latest report after the collision, with both vehicles ending up on the west side of the road.

Thrown From Car Schulz was apparently thrown from his car, police said this morning.

The Schulz auto, a 1957 sedan, was demolished in the accident, with the damage being concentrated in the front end of the vehicle, reports show.

The truck received an estimated \$1,500 damage to the cab, rack and undercarriage.

The injured persons were taken to Mercy Hospital in the Moore ambulance of Oshkosh.

Schulz's death brings the highway fatality total in the county since the first of the year to nine.

Thursday, July 18, 1963 Appleton Post Crescent E3

## Stock Market Moves Higher

Dow Jones Average Up 1.20 at Noon, Now Reads 700.92

NEW YORK (AP)—The stock market moved irregularly higher in trading procedures, but Wall Street weathered the shock of the latest report from the Securities and Exchange Commission.

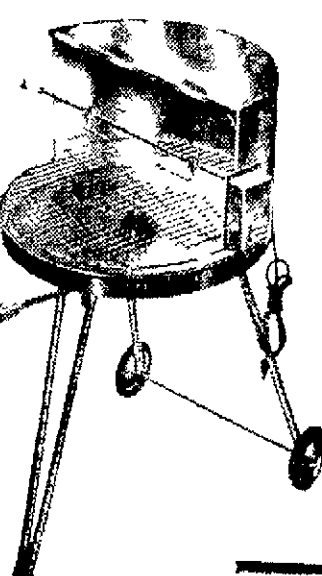

The staff report of the SEC recommended some drastic changes in trading procedures, but Wall Streeters observed that the study of approval from the full commission and that any changes made would come only after further study and enactment of new regulations.

The market was cautious from the start, with many issues unchanged and most taking minor losses in the early trading. More and more gamblers appeared as the session wore on.

The Dow Jones industrial average—which Wednesday made a slight penetration of the 700 "support level"—was up 1.20 at noon to 700.92.

# Disney Touch Evident in New Film

## 'Summer Magic' Has Good Story, Music, Special Effects

BY PATRICK MCELHINNEY  
Post-Crescent Staff Writer

The master touch of one of the motion picture industry's most prolific producers is present everywhere in "Summer Magic," a delightful story of the life of a young girl. The film opened Wednesday at the Viking Theatre.

Produced by Walt Disney, the color film employs almost every technique Disney knows will guarantee entertainment for the entire family; a cute story, special effects, delightful music and fine acting.

The story centers around a family from Boston — a widow and her three children — who move to Maine because of financial circumstances.

There is the quiet of the country, the oldest daughter (played by Hayley Mills) begins to grow up. It is the troubles she has that give this film its story.

### Scene Stealer

The story centers around the oldest daughter but the scene stealer is the youngest boy. His escapades with his "sissy" hair cut, his big bounding dog and his discovery of "ugh" bugs provide some of the most humorous sequences in the motion picture.

A major star in the picture is the singer Burl Ives. While he is almost overshadowed by the youngest son in some scenes, Burl Ives' presence can never be hidden. He plays a well-meaning man with a big heart, the portly character, very well.

One of the best ingredients of the film is its fine collection of original songs. The family touch it doesn't have much more to make beautiful music together.

Miss Mills and her other brother, played by Eddie Hodges, are a delightful duo — Miss Mills with her youthful soprano and Hodges with the sound of a tenor who has spent several years on Broadway — as he did in "The Music Man."

## Little Chute Board Awards Contract for Sidewalk Repair Work

LITTLE CHUTE — The village board Tuesday night awarded sidewalk building and repair work for the coming season to Jansen Construction Co.

The board also approved installation of curb and gutter at the intersection of Canal and Grant streets.

The street committee was authorized to purchase 12 yards of blacktop and paint for village-owned bleachers. The board also approved bills for the month.

Kaukauna City Atty. Donald Green and City Engineer Robert Netron spoke to the board on changing the boundary lines between the city and village so property owners on the line would not have part of their land in the village and part in the city.

## Schedule Inquest In Death of Baby Killed in Crash

CHILTON — A coroner's inquest will be held at 7:30 p.m. Wednesday at the Calumet County courthouse in the death of Dawn Dallman, 11½-month-old daughter of Mr. and Mrs. Gerald Dallman, Potter.

The Dallman child died March 3 after an accident on Calumet County Truck JJ three miles east of Potter.

The child's father was driving south on the fog-shrouded road and collided with a milk truck driven by Marne W. Krueger, Collins Krueger, driving north, was about to make a left turn off the highway when the accident occurred.

County Coroner LeRoy Hughes said the child was held by Darlene Berg, 16, route 3, Reedsville. The child apparently was thrown against the dashboard by the impact. She died about two hours later in Calumet County Hospital.

## Indian Surprised at Girls Skirt Length

KANSAS CITY, Mo. (AP)—The Rev. N. J. Ezekiel, head of the Lutheran Church of India, is puzzled by one aspect of American life.

"With so much wealth in your country, with so much money to buy beautiful cloth," he said Wednesday at a church conference, "I'm surprised American girls and women wear their skirts so short."

# Indonesia, Lacking Spare Parts, Is in An Economic Turmoil

## Buses, Planes and Hydroelectric Plants Idled by Mechanical Faults

BY KEYES BEECH  
Chicago Daily News Service

JAKARTA — Indonesia is an example of what happens to a country when it runs out of spare parts.

More than 50 per cent of all the buses in densely populated West Java are not running for lack of spare parts mostly tires. At a big French-built hydro-electric plant, 85 per cent of its trucks have been jacked up — for lack of spare parts, again.

Two-thirds of the Indonesian Air Force is grounded, for lack of spare parts.

**Borrow Parts**  
Government-owned Garuda Indonesian Airways planes borrow parts from each other between flights.

Indonesia has an abundance of world needs — oil, tin and rubber and the Goodyear Tire and Rubber Co. has a tire plant intelligent management, it could here. It could produce enough tires to get the country rolling again if it could only get the East and West amount to \$200,000,000 a year. This is more than cord and carbon black that go into making tires.

Three months ago the United States granted Indonesia a \$17,000,000 loan, largely for spare parts. That same week the president - conscious Indonesian government announced that it was

going to spend \$20,000,000 for three new American jets for its international airline.

The airline is deep in the red while plant machinery lies idle for lack of a \$5 part.

**Sounds Crazy**  
If all this sounds crazy, it is. But that's the way the Indonesian economy is run, or misrun.

Which is why the country is in the mess it is today.

That isn't nearly all President Sukarno, the world's most traveled chief of state, just laid out \$250,000 for charter of an American airliner for a month's joy ride to Japan and Europe.

His last big junket, to South America in 1961, cost a cool \$1,000,000 in charter fees alone.

Indonesia is rich in goods the world needs — oil, tin and rubber, to name three. With a little intelligent management, it could produce enough to get the country rolling again if it could only get the East and West amount to \$200,000,000 a year. This is more than cord and carbon black that go into making tires.

But its debt payments to both the East and West amount to \$200,000,000 a year. This is more than cord and carbon black that go into making tires.

**Debt to Russia**  
The biggest portion of the debt check galloping inflation, the government is trying to get a loan from the United States through the international monetary fund. At \$2, Sukarno seems to be before that can be done showing some small interest

Two Young Women from Germany visited relatives in Marion before going on to Georgia, for a five-month visit. by any name except "neocolonialism" — if it can be done — Jakarta must persuade Moscow to scale down its debt payments. Otherwise the United States will more steps recommended by international monetary experts.

## Schwalbach Park Picked as Site For Annual Picnic

DARBOY — The Leo Van Roy Post 265 Legion and Auxiliary made final plans for its annual picnic recently.

Schwalbach Park in Darboy will be the site of the affair. This year's features include barbecue chicken, games, music and refreshments. Kenneth Schmalz, Post Commander, said the picnic will begin Saturday evening, July 27, and run all day Sunday, July 28.

Art Alesch, general chairman for the picnic, chose Gordon Mader, Richard Belongea and John Spierings as chairmen. In charge of the barbecue are Al Probst and Robert Bruex. Auxiliary members who will head booths and stands include Mmes. Art Alesch, Stanley Zuleger, Paul Jansen, George Schwalbach, Joseph Whittman, Ronald Friebe and Herman Van Vorst.

# White's Single in 9th Wins for Foxes

Thursday, July 18, 1963 Page 87

## Dodgers Increase Margin With 3-2 Win Over Pirates

### Mets Humble San Francisco 9-7 on Joe Hicks' Home Run

BY JIM HACKLEMAN

If it had been up to Ron Peranowski, he wouldn't be with the Los Angeles Dodgers today. And if he weren't with the Dodgers today, they very well might not be riding so comfortably in front in the National League race.

After college at Michigan State, Peranowski signed on with the Chicago Cubs, "because I thought I'd reach the majors faster through their system." Then after two seasons in the minors, he was traded to the Dodgers in 1960—and was ad-

mittedly disappointed—"I thought I'd get lost in the shuffle with them."

But by 1961, the youthful left-hander was with the Dodger to stay. And now, at 26, he ranks as one of the best in an extremely vital specialty—relief pitching.

Peranowski exhibited his value again Wednesday night, preserving Bob Miller's 3-2 decision over Pittsburgh with 2-3 innings of scoreless relief. The handsome southpaw now has finished 10 winning games, in addition to compiling a 9-2 record.

Lead by 6 1/2

By edging the Pirates, the Dodgers boosted their lead to 6 1/2 games over the Chicago Cubs, who were trimmed by Milwaukee 6-4. St. Louis moved to within one percentage point of second place, beating Cincinnati 3-1 on two eighth-inning runs produced by the star batting trio of Dick Groat, Bill White and Ken Boyer. New York's last-place Mets further humbled San Francisco, dealing the defending champion Giants the eighth loss in their last 10 games, 9-7 on Joe Hicks' 11th-inning homer. The Philadelphia Phillies came from seven runs back and finally overcame Houston 10-9 when Bob Oldis singled across a run in the 10th inning.

Ron Fairly homered for the Dodgers' first run at Pittsburgh in the second inning and broke a 2-2 tie against loser Vern Law in the fourth when he singled after a 400-foot triple by Tommy Davis. Miller needed help in the seventh with two Pirates on and one out, and Peranowski made his 36th appearance of the season.

He yielded an infield hit to Dick Schofield, leading the bases, but retired the next two men without damage, then gave up one single the rest of the way.

Successful doubles by Groat and White and Boyer's single added to the Dodgers' lead.

## Ron Stone Gets Three Base Hits

BY JOHN L. PAUSTIAN

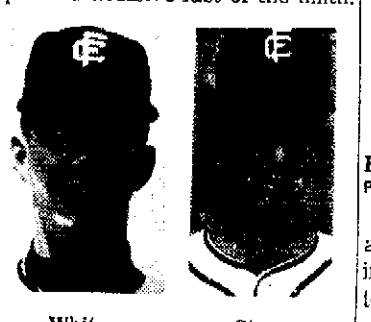

Post-Crescent Sports Editor

For a baseball player whose long suit supposedly was defense, Fox Cities center fielder Jim White is doing a bit all right with the bat this season.

White, whose .278 average tops everyone who has played here all season and ranks second on the entire team, broke up a see-saw game against Cedar Rapids here Wednesday night by whistling a long drive to right field with the bases loaded in the bottom of the ninth inning.

The speedy fly-hawk's none-out single gave the Foxes a 5-4 victory in the opener of a 4-game Midwest League home stand. The Foxes and the Red Raiders meet again at 8 p.m. today at Goodland Field.

With the score knotted, 4-4, first baseman Ron Stone greeted relief pitcher John Rebelo with a booming triple to right center to open the decisive last of the ninth.

White

Stone

It was his third hit of a productive evening. The Red Raiders played the percentages all the way by walking Rex Peters and Chuck Embrey intentionally.

Barrier Notches Win White, who earlier had driven in a run with a single, sent 59¢ cash customers home happy with a blast over the head of Larry Scoggins, the drawn-in Cedar Rapids right fielder.

The ninth-inning heroics enabled left-hander Jim Barrier to notch a pitching victory as a reward for three innings of impressive relief work.

In most respects it was "500 night" for the Foxes—as they evened their second-round record at 7-7, squared their season-long home record at 17-17 and balanced Barrier's ledger at 3-3.

The Foxes, however, reversed the trend in 1-run ball games, winning only for the seventh time in 23 attempts. The Foxes also kept their Goodland Field log against Cedar Rapids perfect—3-for-3.

The visitors broke in front with

## District BRL Tourney to be Played Here

The Northeastern district Babe Ruth tournament will be held Saturday and Sunday at the South Side Athletic Club.

At 2:30 p.m. Saturday, Marinette will meet Oconto. The winner duels Appleton at 2:30 p.m. Sunday. Appleton drew a first-round bye.

A tournament queen selected by the Appleton BRL will present a trophy to the winners. The admission charge for each game will be 50 cents per adult and 10 cents per child, according to Bill Hetherington, tournament director.

The winner will participate in the state tournament at Rhinelander, starting July 26. The Ohio Valley regional meet will be held in Eau Claire, Wis., the week of Aug. 6-10. The national tourney is slated for Farmington, N. Mex., Aug. 19-24.

Hugh Obtained From Vikings

## Trade Reunites Feared McElhenny, Tittle Duo

FAIRFIELD, Conn. (AP)—Knee injury last season and saw Hugh McElhenny and Y.A. Tittle, only limited service. He underwent knee surgery last February for a torn cartilage and told the National Football League, will be reunited Saturday.

That's the day the 34-year-old McElhenny, just acquired from the Minnesota Vikings, will report to the New York Giants training camp and greet his old teammate, bald, bold Y.A. Tittle, 36. They played together for nine seasons at San Francisco when both were at their best and McElhenny was regarded as the most feared runner in the game. The halfback was the favorite target for quarterback Tittle's screen passes.

Expansion Draft "In McElhenny, we've gotten the big, strong running back we've been seeking," a Giant spokesman said. "He'll help Alex Webster as our heavy duty guy and give us added strength and experience in the backfield."

McElhenny went to the Vikings two seasons ago in the expansion draft. He was bothered with a

He's 6-foot-1 and weighs 195.

Fox Cities Foxes Shortstop Bob Lewandowski is shown firing the ball to first base to complete the second half of a double play in Wednesday night's game at Goodland Field. John Weghorn of Cedar Rapids was forced out at second before he slid in. The Foxes won the game in the ninth, 5-4. (Post-Crescent Photo)

## Packers' Blaine Admits His Chances to Start Are Tough

### 'Third Guard' Behind Kramer and Thurston

BY LEE REMMEL

Post-Crescent News Service

GREEN BAY — Can there be anything more onerous than playing behind burly Fuzzy Thurston and Jerry Kramer?

There are, admittedly, a few parallels on the world champion Packers, such as understanding "Ol Man River" Jim Ringo, who was all-pro before Jerome Kern wrote the song, or languishing in the shadow of "Player of the Year" Jim Taylor and his fellow bayou bulldozer, Earl Gros, at fullback.

But, it can safely be said, neither of these can be fraught with more frustration than being the Packers' "third guard," shouldered Ed Blaine's somewhat anonymous title a year ago and the position at which he is a candidate to succeed himself this season.

A lesser man might have folded his tent and slunk quietly away, but the genial Missourian, a citizen of diverse talents, is not one to be daunted by such a challenge after scaling a 14,000-foot Colorado peak.

As a matter of fact, Blaine, who is pursuing a master's degree in zoology in addition to climbing an occasional mountain, well might be the Pack's "sophomore of the year," an unofficial honor for which he is likely to have some serious competition from the aforementioned Gros.

A realist, the Farmington, Mo., resident is well aware his chances of unseating Thurston and-or J. Kramer are not overly bright. He merely says, with a philosophical smile, "I hope to play more this year."

With a gruelling 14-game NFL schedule in the offering, and the possibility of injuries ever-present, he is likely to get his wish. And, by what appears to be a delightful coincidence, the 245-pound former tackle is ready for old pros as teammates Dave Hanmer and Hank Jordan, who have often come to grips with him in practice. "He's a fine athlete," they agree. "He's strong."

Ed, a bridegroom of only four weeks — he married college sweetheart Susan Oring at Brentwood, Mo., June 19 — cheerfully admits football and zoology are "a little bit detached, but I find it handy, playing a half year and going to school a half year."

A master's degree in zoology is not his final goal, it might be added, "I'm going into medical school after I get my master's which will be along about 1966 or 1967," Blaine revealed. "I want to go into medical research — I don't know yet just what type."

The sandy-haired sophomore is not becoming inflated, however. "I've got a lot of work to do on pulling," Ed explained soberly. "I was a tackle in college so this is only my second season as guard. So I still have a lot to learn about that."

How did he happen to take up mountain climbing? "I worked

Turn to Page 9, Col. 5

## Advance Legion Tourney Ticket Sale Now On

Advance tickets for the state American Legion baseball tournament Aug. 3-7 at Goodland Field will be on sale until July 29, according to Bob Beltrone, state Legion baseball commissioner.

Appleton Legion players are competing in a ticket — sales contest. Tickets are also available at a number of business establishments in Appleton, Little Chute and Menasha.

In advance sales, individual tickets will sell for 50 cents and a series of 10 (for each tournament game) will sell for \$5. At the gate, the tickets will cost 75 cents and \$7.50, respectively.

## Miss Sorenson Faces Mrs. Williams in Meet

### Mrs. Erickson and Louise Gammell Also Reach Semi-Finals

JANESVILLE (AP)—Two lopsided victories and a pair of contrasting down-to-the-wire decisions set the field for today's semifinal round of the 51st annual Wisconsin Women's Golf championship.

Defending champion Carol Sorenson of Janesville, seeking her fourth crown, and another three-time champion, Mrs. Jack Williams of Milwaukee, posted the easy victories and were matched today.

Paired in the other bracket were Mrs. John Erickson of Madison and Louise Gammell of Milwaukee who had to go all out for their triumphs. Mrs. Erickson, a former tournament finalist, is the

wife of the basketball coach at the University of Wisconsin, where Miss Gammell is a senior.

Miss Sorenson defeated Mrs. Frank Kimball of Lake Delton in Wednesday's quarter-final round while Mrs. Williams—who won the first of her titles as Marilyn Klumb — won from Mrs. Jay Greene of Cambridge. Both matches ended 6 and 5.

Mrs. Erickson was extended to 20 holes by Sally Kloppenburg of Milwaukee, a finalist in 1957. Miss Gammell, a semifinalist last year, took a 2-up decision over Mrs. Rita Houston of Green Bay.

Goes to 20 Holes

Mrs. Erickson was three down at the end of nine holes, then rallied to draw into a tie with Miss Kloppenburg on the 15th. The lead changed hands twice but the two were tied at the end of 18 holes. They halved the 19th with bogey sixes. Mrs. Erickson dropped her five and a half foot putt on the 20th and won the match when Miss Kloppenburg missed her five footer, which rimmed the cup.

Miss Gammell led Mrs. Houston by a hole after the out nine and went 2-up by winning the 11th. Mrs. Houston won the 12th and 13th to square the match. They halved the next three holes and pars on the last two gave Miss Gammell the match.

Miss Sorenson was 3-up over Mrs. Kimball at the turn after taking a 3-over-par 41. Miss Sorenson then took three holes in par figures and closed out the match on the 13th when both took bogey fives.

Mrs. Williams got an early lead on Mrs. Greene, going out in 42. Mrs. Williams then won the 10th, 12th and 13th to end the match.

The junior semifinalists were medalist Carol Jane Sorenson of Racine, Jane Taylor of Portage, Jackie Molinaro of Madison and Kay Pierson of Beloit.

## Mrs. Anneaux Wins NEW Women's Title

OSHKOSH (AP)—Mrs. Louise Anneaux of Manitowoc made a strong recovery Wednesday to win the Northeastern Wisconsin Women's golf championship by defeating defending champion Mrs. Becca Nause of Sheboygan 4 and 3.

Mrs. Anneaux was three down after the first 18 holes of the 36-hole title round at the Oshkosh Country Club. The new champion won the first five holes of the afternoon round and stayed in front the rest of the way.

Carol Van Beek of Green Bay took the junior title with a 5 and 4 triumph over Kate Ahern of Fond du Lac.

# Braves Rap 16 Hits in 6-4 Victory

### Maye, Torre Each Get Three Safeties; Mathews Has Homer

CHICAGO (AP)—The Milwaukee Braves have come up with their biggest hitting splurge of the year, pounding out 16 hits in a 6-4 victory over the Chicago Cubs Wednesday.

Lee Maye and Joe Torre led the attack on four Cub hurlers with three hits each. Ed Mathews belted a homer.

Hank Fischer made his second major league start and took the victory with a helping hand from Bob Shaw. They held the Cubs to eight hits.

The victory pulled the Braves into a sixth-place tie with the Pittsburgh Pirates, 10 games off the pace. The Cubs remained second, a single percentage point ahead of the St. Louis Cardinals. Both the Cubs and Cards trail first-place Los Angeles by 6 1/2 games.

The Braves started strong, scoring a pair of runs in the first inning and driving out Chicago starter Glen Hobbie. A double by Maye, a triple by Aaron and Torre's single produced the runs.

Cubs Tie Score The Cubs tied the score in their share of the inning, a single by Ellis Burton and a sacrifice fly by Ron Santo sending in the runs.

Paul Toth was the victim as the Braves added another run in the third. Aaron got to second on Santo's two-base error and scored on Torre's single. Toth, who had replaced Hobbie, was the loser and is 2-5.

Jack Warner had replaced Toth before the Braves scored again in the fifth on singles by Aaron, Gene Oliver and Denis Menke.

Mathews cracked his 12th homer in the sixth and the Braves finished their scoring in the seventh as Torre opened the inning with a single. After two outs, he

## Waterloo Beats C-Sox' McLean 4-3, in 11th

### Quincy Piles Up 20 Runs in Defeating Dubuque Packers

Waterloo squeezed out a 4-3 victory over Clinton in 11 innings Wednesday night, defeating the Midwest League's winningest hurler, Don McLean.

Quincy pounded Dubuque, 20-3; Wisconsin Rapids topped Quad Cities, 10-9; and Decatur edged Burlington, 5-4.

## Clintonville Legion Trips Little Chute '9'

### Raddatz, Postel Combine to Hurl 8-2 Triumph

CLINTONVILLE — Lee Raddatz, who needed help from Dick Postel in the eighth inning, hurled the Clintonville Legion team to an 8-2 victory over Little Chute here Wednesday night.

The winners built up a lead in the early innings, scoring two in the second, one in the third, three in the fourth, and single tallies in the sixth and seventh innings. Jim DeWeert's homer accounted for the only Little Chute, marker in the early innings. He homered in the third with his teammates adding a final tally in the ninth off Postel.

Terry Dieck and Bob Jartz each had two hits to pace Clintonville. Jim Renebohm, Lee Levkrecht, and Jim Vanden Boogaart, the Little Chute pitcher, had the other hits for the losers.

## Wisconsin Fills 1957 Grid Slate

MADISON (AP) — Wisconsin has filled its 1957 football schedule with the addition of home games against Arizona State and Pittsburgh, the university announced today.

Arizona State's Sept. 30 date in Madison will be the southwestern school's first appearance against a Big 10 Conference team. Pittsburgh will meet the Badgers on Oct. 14.

Wisconsin will play a return game with Arizona state in Tempe on Sept. 21, 1968.

# Scandal Reported In British Racing

Papers Hint English Derby Winner May Have Been Doped

LONDON (AP) — The biggest scandal in the history of British horse racing was reported today to break today with newspapers openly hinting that Relko, runaway winner of the English Derby was doped.

Racing authorities said they are convinced that a doping gang with immense monetary backing now is operating on British tracks.

The Jockey Club, blue blooded dictators of the British turf, took

the unprecedented step of offering a \$5,600 reward for anyone who can stop the dopers.

Even more unusual, it offered an amnesty for any trainer, jockey or stable boy who talks. Previously anyone with the remotest connection with doping was automatically barred from the tracks.

Watched by Queen Elizabeth and the royal family, French-owned Relko stormed home May 29 to win the \$98,947 Epsom Derby by an easy six lengths at odds of 5-1.

## Saliva Tests

Routine saliva tests were made immediately after his victory. The Daily Express said these tests suggest that Relko was given a stimulant. Other papers said as much without naming the horse.

Last week The Jockey Club issued a statement saying it was seriously concerned at the extent of doping. Routine tests, it said had shown that seven horses—

they were not named—were doped from mid-April to the end of May.

That announcement came as a body blow to British racing, which thought the dopers had been beaten by a testing system introduced two years ago.

Two winning horses are tested at every meeting. Others are tested too but the results of these tests are not usually made public.

Exactly a month after Epsom, Relko figured in another sensation. He went to the post a 2-1 favorite to win the \$140,000 Irish Derby at The Curragh and looked the biggest certainty since horses were invented.

Suddenly he went lame and jockey Yves Saint Martin sadly walked the horse back to the paddock. Dope tests were taken but the horse's stable said they were negative.

The Daily Express said Madame Anne Dupre, wife of Relko's owner, had offered to cooperate in any way possible with the investigation.

She told an Express reporter in Paris: "I'm quite shattered by this news."

"It was the dream of my life and of my husband's to win the Derby—and now this."

## White's Hit Brings Foxes 5-4 Triumph

Continued from Page 7

a pair in the third. A walk to Dick Rowe, a single by Don Decker and a fielder's choice put runners on second and third with two out. Lincoln Curtis drove both men home with a single to right.

**Lewandowski Triples** Fox Cities got one run back in the fourth when White was safe on a 2-base error by center fielder Rowe and Bob Lewandowski clubbed his first triple of the year.

Cedar Rapids made it 3-1 in the sixth on a safe bunt, a walk, a sacrifice and starter Joe Rowden's wild pitch. The Foxes added one in their half of the sixth on White's RBI single to right.

The Foxes took the lead for the first time in the seventh. Dave May, the club's leading hitter (with a .333 mark), drew a 1-out walk. Stone singled to left, ending the tenure of starter Hathcote. Peters singled to right, scoring the tying run. Embrey walked to fill the bases. After White struck out, Lewandowski walked to force in Stone.

Cedar Rapids tied it in the eighth on back-to-back doubles by Scoggins and John Weghorn. The Foxes rang down the curtain in the ninth.

When Embrey played the ninth inning at second base — in place of Bob Townsend who was tossed for tossing his hat after a third strike — it marked the sixth different position manned by the versatile Fox this season.

City Hall 5 3 Valley Iron 1

**Next Week's Games:**  
AAL vs. Appleton Coated, Valley Iron vs. Elm Tree, City Hall vs. Post-Crescent, Post Office vs. Miller Electric No. 1.

AAL maintained its 1-game lead in the American Industrial Softball League Tuesday night with a 6-2 victory over Valley Iron.

Post-Crescent kept right on the leader's heels as Sonny Knepekens hurled a 1-hitter against Miller Electric. Knepekens had a no-hitter until the seventh in the 10-1 victory.

Elm Tree edged Post Office, 5-4, and Appleton Coated captured a 6-5 verdict from City Hall in other tilts.

Gerry Vanden Heuvel belted the only Miller safety after one was out in the final frame. Center fielder Dave Schwehs raced after the long fly and appeared to have it for just a second before he rolled over and lost the ball.

Rollie Pruno cracked four hits for the winners.

Tom Traeder allowed Valley Iron only four hits in recording the victory for AAL. Kurt Schoenrock had three hits in the attack.

Elm Tree came up with five runs in the top of the sixth to give Bert Tardiff the pitching decision.

Continued from Page 7

ed up to a pair of eighth-inning runs for the Cards, sending lefty Jim O'Toole to his fifth straight loss. Bob Gibson, 10-4, gave the Reds only five hits and struck out 12. O'Toole now is 13-8.

## Winning Homer

Hick's winning homer for the Mets in the 11th came off Don Larsen after a leadoff single by Joe Christopher. Reliever Galen Cisco stopped the Giants with three perfect innings for the pitching victory. Christopher also had a homer among his three hits, while Jesse Gonder smacked a three-run homer for New York.

Willie McCovey kept up his torrid slugging for the cooled-off Giants. He whacked his 29th homer and a run-scoring single, running his hitting string to 22 games.

The Phils had an uphill struggle in knocking off the Colts, who led 7-0 after two innings and 9-2 after three. A three-run rally in the last of the ninth made it 9-9, then singles by Tony Gonzalez, Bob Wene and Oldis against rookie Jim Dickson won it in the 10th. Wes Covington homered, tripled and doubled in the Phils' 19-hit barrage, knocking in five runs. Dennis Bennett, the sixth Philadelphia pitcher, won his first of the season.

# St. Pius Rolls To 10th Win In Succession

## Lang Pitches Shutout Against Congregational '9'

AMERICAN CHURCH LEAGUE	W L
St. Pius 10 0 0	St. Joseph 3 7
Congregational 6 4	First Methodist 3 7
St. Barnadette 1 3	Trinity Luth. 3 7
Zion 3 5	St. Mary 3 7

St. Pius swept to its tenth straight victory in the American Church Softball League on the strength of the shutout pitching of Ken Lang Tuesday night.

Lang limited Congregational to three hits as St. Pius took a 6-0 decision. Trinity edged First Methodist, 18-17, in a slugfest while St. Mary trimmed Zion No. 1, 17-7, and St. Joseph downed St. Barnadette No. 1, 19-8.

Bob Duszak belted a grand slam homer for St. Pius, and Winarski added a solo blast.

Ben Wagner cut loose with three hits to pace St. Joseph and Erv Hooyman picked up the mound decision. Tom Grishaber had three hits for the losers.

Al Tezkowski and Bill Dill each had two hits in the St. Mary attack with Dick Staedt getting a pair to lead Zion.

Jack Relien and Wayne Trinrud each had three hits to pace Trinity to an 18-17 victory over First Methodist. Ray Renier was the winning pitcher.

# Gus Triandos Powers Grand Slam Against Old Mates for Victory

## Yankees' Boutin Blanks Twins, 4-0; White Sox Win

There is an old axiom in baseball, to wit: Beware of the shunted player.

Time and again a traded athlete has come back either to haunt his former team or vent his wrath on another club.

This was the case Wednesday night—on a wholesale basis—in the American League.

In Detroit, veteran catcher Gus Triandos, acquired in a trade with Baltimore last winter, uncorked a grand slam homer against his old club to help the Tigers gain a 9-1 victory.

In Los Angeles, another veteran catcher, Hank Poiles, assisted the Angels of a doubleheader sweep against Cleveland by scoring the second game's only run after smashing a three-bagger in a 7-2 and 1-0 twin success.

Poiles, who has seen service with six other big league clubs, twice was traded away by the Indians.

Held to 4 Hits. A pair of other discards, pitchers Paul Foytack and Art Fowler, combined to hold the Indians to four hits in the nightcap. Foytack, obtained from Detroit last month, gave up three hits in eight innings to gain his second triumph for his new club Fowler, who limped up, is a veteran campaigner of several clubs.

The double triumph boosted the Angels to within 1½ games of the sixth place Indians, whose losing string stretched to six games.

In Kansas City, Charlie Lau, the much-traveled catcher, hit a

three-run homer and outfielder George Alusik, a repatriate from the Tigers, stroked a grand slammer to stake the Athletics to an 8-1 rout of the Boston Red Sox.

In Chicago, shortstop Ron Hansen, a key figure in last winter's trade with Baltimore, slammed a two-run homer to bring the White Sox from behind and help them defeat Washington 8-2.

In the remaining American League contest, the league leading New York Yankees shut out Minnesota 4-0 behind the seven-hit pitching of Jim Bouton.

Two other overlooked athletes, pitcher Dean Chance and first baseman Charlie Dees, combined to lead the Angels to their first game victory against Cleveland.

Chance, thrown into the hopper by Baltimore in the American, finished in fifth place in the League expansion draft of 1961, novice division as the Junior struck out 11 and allowed eight hits in gaining his eighth victory Wednesday.

Dees, purchased from the Giants, collected three hits, drove in a three-day series of track and field run and scored two.

First Victory. Finishing first in the novice Dave DeBusschere, Chicago's class was John Deardorf of \$70,000 bonus pitcher, gained his Wichita, Kan., with 4,335 points.

first major league victory as the Jim Bundy of Seattle was first in White Sox moved past Boston into the junior division on 4,505 points.

St. Pius swept to its tenth straight victory in the American Church Softball League on the strength of the shutout pitching of Ken Lang Tuesday night.

Lang limited Congregational to three hits as St. Pius took a 6-0 decision. Trinity edged First Methodist, 18-17, in a slugfest while St. Mary trimmed Zion No. 1, 17-7, and St. Joseph downed St. Barnadette No. 1, 19-8.

Bob Duszak belted a grand slam homer for St. Pius, and Winarski added a solo blast.

Ben Wagner cut loose with three hits to pace St. Joseph and Erv Hooyman picked up the mound decision. Tom Grishaber had three hits for the losers.

Al Tezkowski and Bill Dill each had two hits in the St. Mary attack with Dick Staedt getting a pair to lead Zion.

Jack Relien and Wayne Trinrud each had three hits to pace Trinity to an 18-17 victory over First Methodist. Ray Renier was the winning pitcher.

## Morrison Tips Fond du Lac '9'

FOND DU LAC — Morrison recorded his third straight Fox River Valley victory of the second round by routing Fond du Lac, 14-4 Wednesday night.

Fond du Lac helped the Morrison cause with 12 errors in the field.

A crowd of 42,034, largest in Minnesota history, saw Joe Pepitone and Elston Howard hit home runs for the Yankees to ruin the night for Minnesota.

Two southpaw jinxes were smashed when Detroit left-hander Hank Aguirre outpitched Baltimore left-hander Steve Barber. The victory was only the fourth in 19 decisions against a southpaw by the Tigers. The Orioles had beaten left-handers 20 of 25 times before meeting up with Aguirre.

# Ed Blaine of Packers Faces Tough Task

Continued from Page 7

out in Colorado one summer, and I got to know a guide out there," Blaine said. "He talked me into trying it and I've been hooked ever since."

Does his new spouse share his enthusiasm for this somewhat exotic diversion? "I tried to indoctrinate her," Ed, who once scaled 14,256-foot Long's Peak in Colorado, replied with a smile. "We just came from Colorado, where we spent our honeymoon, and did a little climbing, we just went on a hiking route, not a real climb, but she seemed to enjoy it."

Rookies and veterans alike underwent their first contact session Wednesday afternoon during a hard-hitting 1-on-1 (with ball carrier) session and a passing drill, both of which were filmed by photographers Nick Goluoke and Bill Johnson for analysis by the coaching staff before last night's meeting.

Rookies Dan Grimm, burly 250-pound tackle from the U. of Colorado, Lionel Aldridge, the Utah State guard and Jan Barrett, the muscular Fresno State end, sparred in the 1-on-1 crunching,

Grimm frequently eliciting praise from Coach Vince Lombardi. Bob Jeter also exhibited surprising skill in this activity for one of relatively modest bulk.

## Hanner Gashed

The session also produced one minor casualty, in addition to Lombardi, whose booming baritone diminished to a semi-croak before the afternoon was over. That, oddly enough, was 12-year veteran Hanner, who sustained a nasty gash just above the upper lip.

"Somebody couldn't see the dummy and butted me in the mouth," the normally affable Hawg grouched. "The same thing happened yesterday."

Packer Patter — Trudging toward the dressing room after two hours of exertion in the afternoon's wilting heat, veteran Gary Knafelc facetiously tried some "psychology" on himself, chanting "I feel great, I feel great, I feel great." Green Bay's own Gary Kroner, who had just registered his first interception of the training season, smilingly dismissed it with, "I just happened to be there." Troubled by a pulled muscle in his right leg since before the start of practice Kroner imparted, "It's coming a little bit, but I still can't go on it." . . . back (via Marquette), was held Getting a step on Howie Williams, out of the day's sprints after Jeter made a dazzling catch of pulling a muscle in his right, a 50-yard bomb from rookie quarter-back Terry Zang to cap (it Recline, rookie back from Villanova was the final play) the mornings' practice. . . . Marv Fleming, the Steelers' Lou Cordileone. . . . I drew a kudo from end coach Tom Fears for whirling in front of the wistfully.

Thursday, July 18, 1963 Appleton Post-Crescent 59

## Bear's Linemen Must Run Mile In 6½ Minutes

RENNSELEAR, Ind. (AP) — A coach of the Chicago Bears football team cried out Wednesday "Too slow; too fat," and four members of the National Football League club winced.

The four players at the Bears' training camp at St. Joseph's College had just failed to run a mile in the required time: six minutes for backs 6½ minutes for linemen.

Now, the coach said, you must exercise 20 to 30 minutes after everyone else finishes up. Furthermore, the coach continued, you must eat "from the fat man's table" to reduce that extra poundage. You must do this, the coach added, until you can run at the required speed.

redoubtable Jess Whittenton, no less, to grab a hook pass in the afternoon session. "That's the way to do it, Marv," Fears yelled after the former St. Louis Cardinal full-back (via Marquette), was held Getting a step on Howie Williams, out of the day's sprints after Jeter made a dazzling catch of pulling a muscle in his right, a 50-yard bomb from rookie quarter-back Terry Zang to cap (it Recline, rookie back from Villanova was the final play) the mornings' practice. . . . Marv Fleming, the Steelers' Lou Cordileone. . . . I drew a kudo from end coach Tom Fears for whirling in front of the wistfully.

Watch Your Eyes

# Eclipse May Reduce Some Space Hazards

BY FRANK CAREY

WASHINGTON (AP) — Nature's big show Saturday — a total eclipse of the sun — will draw one of the biggest scientific audiences in history and have a barrage of rockets for an overture.

The experts, however, won't view the awesome sight as just a spectacular. They hope to get information that may reduce the hazards of space travel and improve weather forecasting and communications.

Because of the eclipse's path more people than ever before will glimpse at least part of the eclipse. Most Americans, though, will see only a partial eclipse.

It will be total only along a 60-mile-wide path across Alaska, Canada and Maine.

And only in these areas may it be viewed safely with the naked eye, for elsewhere the performance will be too brilliant.

Health authorities have urged all but scientists with special equipment to turn their backs on it, lest their eyes be permanently damaged.

The recommendation is to watch the big show on television, or through cardboard reflectors. To

do this, you punch a small hole in a piece of cardboard and hold it so the sun's image at your back will be projected through the hole onto a white surface.

A rocket barrage from various points in North America will herald the eclipse. The rockets will be used in conducting various experiments.

A jet aircraft, carrying scientists and an astronaut, Navy Lt. Cmdr. Malcolm S. Carpenter, will chase the eclipse's shadow across the continent.

Radio beam from earth will be focused on it.

Radio astronomers in various parts of the globe will tune in on radio emissions from the great star itself when its face is wholly or partially darkened by the passage of the moon between the earth and the sun in just the right way.

Other scientists will study the antics of birds and other wildlife during the eerie period of the eclipse. A University of Maine group, for example, intends to keep tabs on the behavior of mosquitoes.

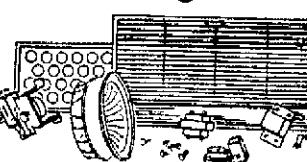

The Tiros VI weather-satellite is expected to take pictures of the cloud cover in various parts of the world during the eclipse.

The eclipse will be the first to be seen throughout the United States and Canada since 1930.

The great shadow, traveling at speeds averaging nearly 1,800 miles an hour, will cut across the North Pacific and the Bering Sea, then move inland to sweep across Manitoba and Ontario on Canada, then through southern Quebec and central Maine — leaving North America at Bar Harbor.

Air conditioning hint from Valley Refrigeration

This is no place for unskilled hands

It takes skill and know-how to install an air conditioner and adjust it for trouble-free, economical operation. That's why all of our men are thoroughly trained in the application of air conditioning.

With Carrier, you get double protection: a quality engineered product and a quality service setup. Let us tell you about it.

## Chinese Are Butts of New Soviet Jokes

Chicago Daily News Service

BONN — The Russians already are telling each other political jokes at the expense of their one-time party comrades, the Red Chinese.

The Moscow correspondent of Die Welt reports two examples today. Their circulation has been encouraged, he says, by Nikita Khrushchev's pointed discourtesy to the Chinese negotiators in the Soviet capital.

"Have you heard," one Russian asks his friend, "that Mao Tse-tung plans to launch a sputnik?"

"How is it possible?" asks the other.

"Mao has mobilized 5,000,000 peasants who will pull all together on the rubber bands he will use in place of rockets."

In the second one a Russian asks how Mao will be listed in the history books of the year 2000.

"As the inventor of the smallest, and most useless blast furnace in the world and as an athletic failure in the broad jump."

This last is a reference to Mao's campaign for a "great leap forward," which had disastrous economic results.

## Look and Learn

BY A C GORDON

1. What U. S. President's wife was responsible for the first planting of the Japanese cherry trees in Washington, D.C.?
2. Which is the most populous country in the world?
3. What Biblical leader is usually identified with the Golden Age of Israel?
4. Who is the only woman to have been awarded the Nobel Prize twice?

- Answers
1. Mrs. William H. Taft. Mrs. Taft in 1907 had 80 cherry trees imported from Japan and planted along the banks of the Potomac River.
  2. China with about 600 million people. It is followed by India with about 360 million.
  3. Solomon.
  4. Madame Marie Curie who received the 1903 Physics Prize and the 1911 Chemistry Prize.

## Lesson in English

Words often misused. The expression to contact with the meaning of to communicate with "a person" is not good usage although it has wide colloquial usage in business.

Often misspelled. Temporarily. Principal accent is on first syllable with secondary accent on third syllable.

Often misspelled. Protege (the masculine form). Protegee (the feminine).

Word study. Use a word three times and it is yours. Let us increase our vocabulary by mastering one word each day.

Today's word: *unctuous*. Verb to unctuate. To flatter, ingratiate. His mind was unctuated with a distinguishing sense of good and evil.

BY DON DOUGLAS

Combinations

Each word listed numerically will combine with a word listed alphabetically when that second word has had one letter added to it. For example, "EGG" will combine with "SELL," when "H" is added to "SELL," to make it "SHELL." — and thus we have "EGG SHELL." See what you can do with the following

1. Auto
2. Ladder
3. Sheep
4. Wedding
5. House
6. Screw
7. Window
8. Pedal
9. Ball
10. Baseball
11. Ostrich
12. Bed
- A. Flint
- B. Rug
- C. Lass

- D. Had.

# Charlie Enters Sporting World To Explain Good Manners of Golf

BY CHARLES HOUSE  
Post-Crescent Staff Writer

My brethren of the sporting department may take this all amiss and descend upon me with their muscles taut and turgid, but I intend to wander into their domain for this wee bit and to chance their fate.

The fact is that they are undoubtedly smarter than I am in the area of spinning spheres, dainty fullbacks, shutting shuttlecocks and whatever other sports there are besides golf. But the fact is that in their wisdom they tend to look upon great deeds and not little ones and hence the public goes unserved.

For today's flight into unused realms, I follow the urging of Rho Riopelle, Green Bay, who opines truthfully that good manners and the game of golf are no longer inseparable. Time was, he adds, when a golfer just naturally had good manners, but now he adds, alack and also alas!

Riopelle, who considers that he has had a rueful day on the links when he shoots a wee bit over par, is quick to confess that good manners in golf are often unknown to the casual weekendender who might indeed be a social lion at a tea party or a kermis.

For example, says Mr. R., it is a sin of major proportions for one golfer to make a noise, a move or to rustle a hair at the time another is addressing his ball.

That is to say, when he is peering at it speculatively as he prepares to have at it. A noise, a wrinkle of the forehead, a cross-ing or uncrossing of toes or in-terference of any kind, or even the slightest sound of movement is not to be forgiven. But woe! Too many golfers do not know even this basic law, and they might even go so far as to sneeze at the moment of address. Also opines Mr. Riopelle who

not good manners to search for more than five minutes for a lost golf ball and it is a sin of magnitude to pick up any golf ball which is not one's own.

If the purpose of picking up an apparently lost ball is to pilfer it, then the picker should rightly be doomed for limbo for something like 8,000 years. Picking up another's ball, lost or not, is something worse than stealing from the blind.

An argument whilst on the golf course is the worst of bad manners; but in recent years, said Mr. Riopelle, he has heard these arguments with mounting frequency: Golf is such a game that it cannot be played well if a player is annoyed or disturbed. Hence nothing — absolutely nothing — which is crass, noisy, unpleasant, unkind or even unsympathetic should be done on the links.

Golfing folks who are thoughtful and kind as all should be but are not, believe that when one plays out of a sand trap, he should repair it upon leaving so that the next sad fellow who arrives there need not play out of an additional hole. Let the wonder of the sand rake it out and fluff it and buff it before he leaves.

## Replace Divots

Golfers should replace divots when they tear up a spanse of fairway so that their fellows may not be required to play from an unfortunate lie and also so that the course may remain at its best. So says Riopelle and so say thousands of considerate golfers who seek to keep the game a gentle one for gentle people.

When one plays a short par-three hole, it is proper upon reaching the green to wave down the players who follow and to hold the flag for them until they have teed off. Then one puts while the second group walks toward the hole. It is a time saver deluxe and should be done in most situations. Else the doors of purgatory may swing open for you!

It is well also to repair the dent your golf ball has made in the green. It enables those who follow you to putt without fear of obstacles or man-made bunk-

ers. It tends to make sweet tempers and lower scores.

Anger or ire or disgust should not be displayed any more on a golf course than it should be vented in the boarder. It is annoying to one's fellows and will surely spoil their game.

It also illustrates only that the angry one is a fool who has discovered that he hates either himself (and he should) or such an innocent thing as a golf club, which of course is not responsible for a dubbed shot. Angry people cannot and should not play golf. Anger is communicable.

On some courses in the Fox Cities area, homes abutt the links, and it is very naughty to do to hit an out-of-bounds golf ball from the lawn of one of those neighbors. It is also unkind to have an entire foursome trample such lawns while in search of a golf ball. Only one person should tread there, and softly, too!

## Works Both Ways

Conversely, such golf course neighbors should not pluck and pocket balls which come accidentally into their yards because (a) the balls are often expensive and (b) if they did not dearly wish to live adjacent to a golf course they should not have built their homes there where they surely knew a stray ball would sometimes come.

The rules of good behavior are based upon simple kindness, gentle manners and enormous consideration of one's fellow folk. Golf cannot be played well unless it is played with courtesy.

So sayeth Mr. Riopelle and so sayeth the mounting millions who wish to play the game well and amicably; and so sayeth the fellow who stands expectantly at the gates of Hades awaiting the arrival of the golfing boor. He bears a sign which reads "WELCOME!"

# Public Judge At Auto Show

## Valley Fair Events Scheduled for This Friday, Saturday

The public will be asked to be the judge of 20 cars entered in the second annual "Customized Auto Show" in the mall at Valley Fair Shopping Center this weekend.

The show will be conducted from 5 to 9 p.m. Friday and 10 a.m. to 9 p.m. Saturday. The public will be given ballots to vote for the best engine, the best paint exterior, the best interior, best display for a car and best appearing club.

Participating clubs are the Vanturi, Gas-ketts, Road Deacons and Coachmen car clubs, all from Appleton, and members of the Fox Valley Rod and Custom Association.

The association will show motion pictures on auto safety at various times during the two-day event. Ronald Sedo, Appleton, is president of the association.

In conjunction with the event, the Gas-ketts Car Club (an all-girl group) will prepare a chart listing the "Top Ten Driver Irritants in the Fox Valley."

The chart is the result of a survey of about 250 Fox Cities drivers taken recently by the members of the club. Drivers were asked to give their opinions of what annoyed them most while driving. The girls are compiling the results this week.

## Colorado Visitors

ROYALTON—Mrs. Calvin Larson and two daughters, Denver, Colo., are visiting at the Fred Larson home.

# Regents Told 500 Teachers Needed For Coming Year

MADISON (AP) — Wisconsin's nine state colleges probably will hire 450 to 500 new faculty members for the coming academic year, the system's board of regents was told Wednesday.

A report from the college office said the new faculty members were needed to fill vacancies and to meet rising enrollments.

Robert C. Williams, president-elect of Whitewater State College, said in a report on recruiting that the system needs instructors in English, education, mathe-

tics, chemistry, biology and library science. Summer school enrollment at the nine colleges was announced at 10,821, or 1,588 more than last summer. Nearly a third of the increase was attributed to a program enabling students to earn a master's degree in the college system.

Workmen This Week Added a metal building to the plant leased by the Colt Manufacturing Co. at Winneconne, which moved its operations from Milwaukee to Winneconne early this year. The firm manufactures small garden and lawn tractors. The metal building replaces a former frame structure which had been razed. (Post-Crescent Photo)

## Lakes, Seaway Study May be Undertaken

Seeks to Find if Waters Could be Kept Open All Year

BY RICHARD P. POWERS

WASHINGTON (AP)—An Army Engineer study to determine the possibility of year-round navigation on the Great Lakes and the St. Lawrence Seaway may be authorized by this session of Congress.

The Senate on June 25 passed a bill by Sen. William Proxmire, D-Wis., calling for a final report to be submitted to Congress not later than two years after funds are provided for the study.

Cost of the study is estimated at \$50,000.

The bill was co-sponsored in the Senate by Sens. Hubert H. Humphrey, D-Minn., and Gaylord Nelson, D-Wis. A group of House members, including Reps. John A. Blatnik, D-Minn., and Henry S. Reuss, D-Wis., have introduced similar measures.

Blatnik, chairman of a House Public Works subcommittee, said he expects to call a hearing on the proposal in early August.

### House Action

"If the full committee approves the bill, I will try to get House action this year," Blatnik said. The idea of finding methods of keeping the Great Lakes and the St. Lawrence Seaway open during the winter months has been bobbing in Congress for years.

"In earlier years, I was skeptical of this," Blatnik said. "But would have spent a minimum of \$1 billion and this would have done nothing for the people and it now added to GNP in 1963. As it is, it's feasible."

Methods have been used, Blatnik said, to keep harbors open in Sweden and Norway and it is possible similar methods could be applied to the Great Lakes.

Blatnik said one of the ideas is to place plastic tubing on the lake and river bottoms which would release air bubbles to keep the water from freezing in the channels.

There is some thought that even if the Great Lakes could not be kept open all year, the navigation season might be extended by several weeks at least.

### Justification

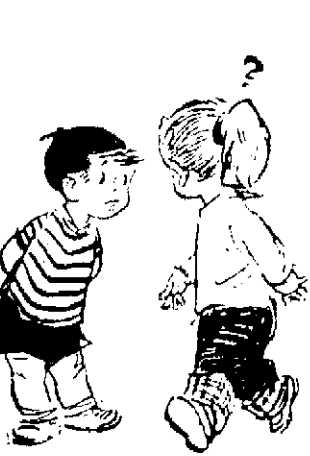

Proxmire told the Senate any significant extension of the shipping season would justify a de-icing system.

Proxmire said the bill would authorize Army Engineers to make a thorough investigation, and apply the findings to the Great Lakes and Seaway region.

Navigation on the Great Lakes and their connecting channels is generally closed from about mid-December to early April as a result of ice. The St. Lawrence River channel below Montreal is also icebound throughout the winter, as much as 20 per cent a year.

It is generally believed that a large capital investment and maintenance expense would be involved. Purpose of the study would be to seek a method of keeping shipping lanes open at a cost that could be justified.

## Your Money's Worth

# Do-It-Yourself Costs Not Counted in GNP

BY SYLVIA PORTER

We now have a road opening up some of the woods behind our country home for the first time since the original settlers cleared the land. It cost "nothing." My do-it-yourself husband simply got on his 1962-bought bulldozer, his 1960-bought tractor and those other mechanical monsters he keeps in self-built sheds around here and moved earth, rocks, brush and trees until a road emerged.

Had he hired men to clear the road, the cost would have run into hundreds of dollars and what he spent would have duly added to our nation's total output of goods and services (Gross National Product).

But since Sumner Collins did it Nelson, D-Wis. A group of House members, including Reps. John A. Blatnik, D-Minn., and Henry S. Reuss, D-Wis., have introduced similar measures.

Blatnik, chairman of a House Public Works subcommittee, said he expects to call a hearing on the proposal in early August.

Peak of Season

A friend a few miles away invited us last weekend to the "inaugural" of his new bar—a beautifully finished thing. It cost, next to nothing, for he's another weekend do-it-yourself fanatic.

He built the bar with tender loving care, permitted no one to help.

Had he bought that bar, he would have spent a minimum of \$1 billion and this would have done nothing for the people and it now added to GNP in 1963. As it is, it's feasible."

Methods have been used, Blatnik said, to keep harbors open in Sweden and Norway and it is possible similar methods could be applied to the Great Lakes.

There is some thought that even if the Great Lakes could not be kept open all year, the navigation season might be extended by several weeks at least.

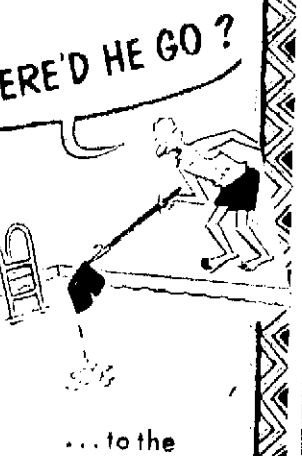

Justification

Proxmire told the Senate any significant extension of the shipping season would justify a de-icing system.

Proxmire said the bill would authorize Army Engineers to make a thorough investigation, and apply the findings to the Great Lakes and Seaway region.

Navigation on the Great Lakes and their connecting channels is generally closed from about mid-December to early April as a result of ice. The St. Lawrence River channel below Montreal is also icebound throughout the winter, as much as 20 per cent a year.

omission was understandable. The Department of Commerce was just starting to calculate Gross National Product (it wasn't until 1947 that the government began publishing the estimates every quarter), and it was trying to eliminate as much guesswork as possible.

The do-it-yourself movement was in its infancy. The U. S. was so busy filling shortages pent up during World War II that overtime, not leisure time, dominated our society.

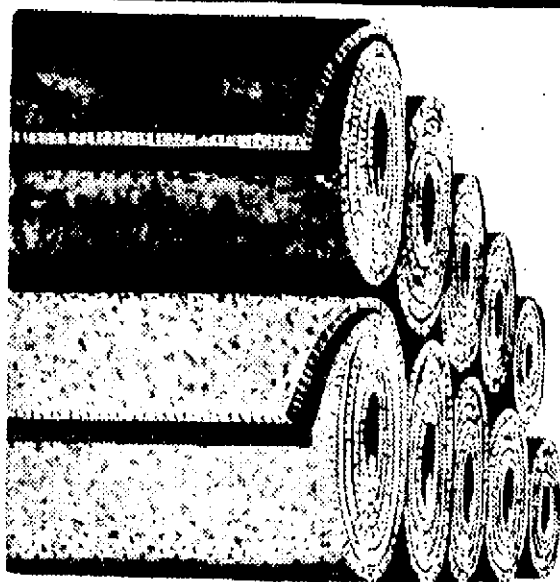

But do-it-yourself now is a way of life. The leisure time workshop is commonplace in millions of homes. The investments of the American public in do-it-yourself machines and tools run into enormous sums, and great

Porter

industries have come into being because the do-it-yourselfer is a compulsive buyer of equipment. Moreover, do-it-yourselfers will add even more to the nation's output in the years ahead. As the workweek shortens and vacations lengthen, this increasingly will be his escape and his hobby. Perhaps excluding from GNP totals the service that tens of millions of housewives perform within their homes must be tolerated because a dollar figure cannot be placed on the housewife's production. But with computers and new techniques to help us gather statistical data, excluding the value of the do-it-yourselfer's labor is no longer tolerable. The billions of dollars they contribute to GNP are real and can be seen and felt. What I wrote years ago on this is more valid today than ever. Not even trying to make a guess on the do-it-yourselfer's contribution "is like pretending the foundation of a house is the whole house." (Copyright 1963)

Stores Open 'til 9 P.M. Six Nights Weekly—Including Saturdays!

Selected "Customized Cars" of four Appleton car clubs, members of the Fox Valley Rod and Custom Association, will be featured at Valley Fair tomorrow and Saturday. Cars to be shown have been chosen by vote of the club members. Age of the cars range from 1932 models to 1962 models. All have been rebuilt and restored by the owners. Participating clubs are VENTURE CAR CLUB; ROAD DEACONS CAR CLUB; COACHMEN CAR CLUB; and GASKETS CAR CLUB (all girls club).

Members work on their individual cars, in many cases actually making them completely over to suit their own needs and the ingenuity of the young builders. Some are fairly new cars with different parts and some are in the antique class with new insides and designing changes. As an organization, the association and the individual clubs promote safe and courteous driving with its rules and constitution requiring members to be extremely careful about their driving habits. CLUB MEMBERS and OWNERS of the CARS will be on hand during the show to explain what they did to create their "masterpieces."

Free "No Meter" Parking for 2,000 Cars!

Demonstration was sponsored by Congress of Racial Equality which has been conducting a sit-in in board's offices. (AP Wirephoto)

# Assembly Debates on Substitute Plan Friday

## Use of 'Naked Blackmail' by Lobbyist Hit

**Alfonsi Assails Spokesman for State College Faculties**

MADISON (AP)—A telegram sent to several legislators by an education lobbyist has been described as "nothing more than naked blackmail" by Assembly Republican Floorleader Paul Alfonsi of Minocqua.

Alfonsi said Wednesday he was turning a copy of the message over to the attorney general's office to determine whether any Civil Service violation was involved.

"My colleagues, on either side of the aisle, are working night and day to develop a tax-budget bill which is a responsible document, one which meets the needs of the state and one which the taxpayers can afford," Alfonsi said. "We will not be bludgeoned into irresponsible acts by bullyboy antics."

**Legislative Committee** Alfonsi said he referred to a telegram sent by Harry A. Pederson of Platteville, state chairman of the Legislative Committee of the Association of Wisconsin State College Faculties.

The telegram shown newsmen by Alfonsi said:

"The Association of Wisconsin State College Faculties, Platteville, respectfully requests a summary statement of your position regarding formation and support of legislation pertaining to the budget for higher education as recommended by the Joint Finance Committee."

"This statement for publication should be in our hands shortly after legislation is complete. If our association finds that your stand has been incompatible with reasonable progress in higher education, you may rest assured that we will inform the electorate of this fact and that we will recommend measures to correct the situation."

**Pressure Group** "In plain language, Mr. Pederson says, 'vote my way or else,'" Alfonsi said.

"I object to any pressure group using such impudent tactics on any legislator or either party, Republican or Democrat," Alfonsi added.

"I particularly object," he continued, "to an employee of the state of Wisconsin issuing threats to a duly-elected representative of the people of Wisconsin."

## Wallace Has New Segregation Plan

MONTGOMERY, Ala. (AP)—Gov. George Wallace has unveiled a new plan to try to maintain separation of the races if any Alabama school is forced to integrate: separate white and Negro classrooms in the same school. If that system fails, he said, he favors as a last resort the segregation of pupils by sex—boys in one school, girls in another.

Wallace said Wednesday that bills to carry out these proposals are being drafted for action by the current session of the state legislature.

## Bill Aimed at Racial Discord

**Committee Hears Robert Kennedy on Civil Rights Plan**

WASHINGTON (AP)—Atty. Gen. Robert F. Kennedy told Congress today the administration's civil rights bill is aimed at "stamping out the fires of racial discord in our land."

In his third appeal on Capitol Hill for passage of the measure, Kennedy said discrimination in education, employment, voting and public accommodations that "bars Negroes from the 'main stream of our society' must be ended."

While Kennedy was testifying before the Senate Judiciary Committee on the administration's seven-point program, another Cabinet member, Secretary of Labor W. Willard Wirtz, was telling the Senate Commerce Committee that an end to discrimination in public accommodations would contribute immeasurably to the nation's economy.

**Accommodations Part** The Commerce group's hearings are limited to the accommodations part of the program.

Kennedy stressed the accommodations bill, saying discrimination in hotels, restaurants and the like "is the wrong that has caused most of the recent demonstrations."

"The other sections of the bill are ways of tunneling in to get at the smoldering origins of the fire," he said, by "taking the demonstrations off the streets and into the courts."

# Kennedy Moves to Stem Gold Outflow

**President Asks Congress to Tax Americans on Most Purchases Of Foreign Stocks and Bonds**

WASHINGTON (AP)—President Kennedy, in a surprise move, asked Congress today to tax Americans on most purchases of foreign stocks and bonds. The aim from the International Monetary Fund is to help stem the outflow of gold and dollars.

Kennedy's recommendation was put forth in a special message to Congress on the worrisome U.S. balance of payments problem, represented the boldest and most controversial attempt yet made by any administration to deal with the payments dilemma.

The unprecedented proposal, Kennedy predicted that enactment of the excise tax plus other less dramatic moves under way or planned would trim nearly \$2 billion from the U.S. Treasury's deficit.

**Excise Tax** To discourage the mounting flow of American savings abroad, Kennedy called for a special excise tax ranging from 2½ per cent to 15 per cent on the purchase price of securities issued by governments and businesses in 22 industrialized countries. The tax would go into effect Friday and remain on the books until July 31, 1965.

Admittedly this would be strong medicine, but Kennedy said it would "help prevent pressures for which we have done nothing to narrow the split between Peking and Moscow."

Reports circulated that negotiations Wednesday argued about a statement to close the meeting, which has done nothing to narrow the split between Peking and Moscow.

# Nuclear Test Ban Talks in 4th Day

**Luncheon for East German Causes 90-Minute Delay in Conference**

MOSCOW (AP)—U.S., British discuss broader disarmament and Soviet negotiators went into the fourth session of their Moscow conference today to hammer out further details of a partial nuclear test ban treaty.

The meeting opened 90 minutes later than usual. Soviet Foreign Minister Andrei A. Gromyko obtained the delay to give a luncheon for East German Foreign Minister Lothar Boltz, who arrived Wednesday with specialists in transportation and finance for consultations.

The Americans gave no indication of displeasure at the visit of the East Germans, for it was quite within the right of the Soviet government to invite representatives of a fraternal Communist state to the Soviet capital.

**No Contact** But Undersecretary of State W. Averell Harriman made it clear the U.S. delegation would have no contact with the East Germans. Western diplomatic experts expressed the view that success in the nuclear test ban talks could lead to broader East-West negotiations and perhaps a summit conference this year.

Negotiators of the United States, Britain and the Soviet Union still face several thorny issues.

Talk of a summit conference rose last spring. U.S. officials discounted it because no special agreement seemed possible then.

But if the Moscow conference is successful, President Kennedy, Soviet Premier Khrushchev, and British Prime Minister Macmillan could well decide either to sign the test ban treaty personally or to meet soon after its signing to

## GOP Wants Big Sales Tax Boost

MADISON (AP)—The State Assembly will begin debate Friday on a Republican prepared budget-tax plan calling for \$30 million in new sales taxes and a \$37.8 million income tax increase to finance \$615 million in state spending during 1963-65.

Republican Floorleader Paul Alfonsi of Minocqua promised that if the GOP plan is not adopted and sent to the governor the majority party is "prepared to go home and willing to suffer the consequences."

Debate on the substitute proposal was scheduled as a special order of business at 2 p.m. Friday after the Assembly voted 74-16 to reconsider the action by which it killed the original budget-tax plan offered by Gov. John W. Reynolds and approved by the Senate.

The Assembly killed the compromise plan and then Republicans went to work and drafted the substitute which chops \$18 million from the compromise budget and relies heavily on sales taxes to finance it.

**GOP Confident** GOP leaders said they were confident the measure can pass the Republican-controlled Legislature, but the Democratic chief executive has not indicated whether he will accept the new plan.

The proposal calls for \$153 million in new taxes for the 1963-65 biennium. Of the total, \$80.1 million would be provided by a three per cent sales tax exempting

## Fair, Continued Warm; Chance of Rain Friday

Fox Cities — Fair and continued warm today with a high near 84. Increasing cloudiness with scattered showers and thundershowers late tonight and Friday. Lowest temperature tonight, 63; high Friday, 86. Light and variable winds today, becoming southerly Friday.

Appleton — Observations for the 24-hour period ending at 9 a.m. today: high temperature, 84; low, 67; precipitation, none; skies, clear at 7 a.m. today, the wind was 3 miles an hour from the north-northwest, the barometer was steady at 30.00, the relative humidity was 77 per cent and the dew point was 64 degrees. The temperature at 10 a.m. was 82.

Sun sets at 8:33 p.m., rises Friday at 5:26 a.m. Moon rises tomorrow at 4:05 a.m.

# Minahan Family Acquires Control Of Post-Crescent

**Buy Turnbull Stock in Appleton Firm; Sell Green Bay Interests**

A transaction in which the Minahan family has acquired majority ownership of the Post Publishing Co., Appleton, and the Turnbull family a similar position in the Green Bay Newspaper Co. was announced today.

The Minahans sold all their stock in the Green Bay firm to

## Unions Term Rail Report 'Accurate'

WASHINGTON (AP)—Labor union representatives put a "fact-finding report designed to provide President Kennedy with information needed in preparation of legislative proposals to avert a nationwide railroad strike."

Asst. Secretary of Labor James J. Reynolds told a newsman that representatives of five on-train unions threatening the strike over proposed new work rules "questioned very few points" in the report, which was completed in preliminary form Wednesday.

The union representatives met for an hour with the special six-man presidential panel that drew up the report.

Representatives of the carriers were scheduled to meet with the panel immediately afterward to offer their comments.

Containing no recommendation for settlement of the four-year-long dispute, the fact-finding report runs only about 12 pages. It goes to Kennedy Friday.

The President will use the fact-finding report in drawing up recommendations for legislation to be submitted to Congress next Monday.

the Turnbells, and the Turnbells sold their interest in the Appleton company to the Minahans.

The Minahan family group is composed of heirs of the late V. I. Minahan and Eben R. Minahan. Heirs of the former are V. I. Minahan (Jr.) who is president of the firm and publisher of the Post-Crescent; John B. Torbinus, who is vice president and editor; and Mary Minahan Wal-

ter, De Pere, editorial writer for both papers. Heirs of Eben Minahan include his widow, Roger C. Minahan, a Milwaukee attorney who is general counsel for the company; Robert E. Minahan, W. Willard Wirtz, was telling the Green Bay, and Mrs. Richard Hobbs, Montclair, N. J.

**Green Bay Owners** Principal owners of the Green Bay company now are Mrs. Dan C. Beisel and Mrs. Janet Beisel, who are daughters of the late Andrew C. Beisel, husband of Mrs. Beisel's husband, is executive vice president of the company and general manager of the Press-Gazette.

The third major stockholder in the company is Mrs. William A. C. Roethke of Beverly Hills, Calif., heir of the late John K. Kline, did not participate in the transaction. Her husband is currently president of the Green Bay Newspaper Co. The Roethkes retain about a 20 per cent stock interest in the Green Bay firm and 11 per cent at Appleton.

Heirs of the late Joseph Horner Jr., for many years general manager of the Press-Gazette, also have sold their interest in the Post Publishing Co. to the Minahans but have retained their stock in the Green Bay newspaper.

Post Publishing Co. publishes the Appleton Post-Crescent and through subsidiaries, publishes the Twin City News-Record, Neenah-Menasha, and operates Television station WISN-TV.

**'The Wine Is Bitter: U. S. and Latin America'**

**Cuban Tractor Deal 'Amazing and Muddled Incident,' Milton Eisenhower Says in Book**

BY WILLIAM L. RYAN  
NEW YORK (AP)—An unexpected telephone call from President Kennedy involved Dr. Milton S. Eisenhower in "one of the most amazing and muddled incidents in the history of inter-American affairs," the former president's brother says.

Dr. Eisenhower's book, "The Wine Is Bitter: U. S. and Latin America," published by Doubleday, relates a sequel to the Bay of Pigs invasion of Cuba. He calls the episode "the most exasperating, frustrating and enervating six weeks of my life."

The story concerns the attempt to liberate Cuban invasion prisoners in return for \$3-million worth of tractors. Eventually, a year and a half later, the cost was 20 times that much in medical supplies. Dr. Eisenhower intimates the episode nearly brought disaster on U.S. prestige.

**Terrible Mistakes** "Fortunately," he writes, "the terrible mistakes made in the Cuban invasion and the clumsy trade for prisoners dealt have not characterized other efforts of the Kennedy administration in the Latin

United States American area. The moment that United States to negotiate for the release of the others. The President wanted to "establish a committee of private citizens for the early in 1961 to formulate an all-out effort for the purpose of raising funds to buy the tractors," and said he would "explain the matter to the American people the next day."

Dr. Eisenhower agreed to serve. So did the late Eleanor Roosevelt, Walter Reuther and other prominent Americans.

**No Statement** But, Eisenhower says, the promised presidential statement never came.

Castro suddenly began insisting that the trade be called indemnification for the invasion, and "the whole affair began to take on ominous overtones." Castro also demanded super tractors, of little use, he said.

## Sees Brother Die Under Freight

MILWAUKEE (AP)—William Couhal, 3, was killed Wednesday when he fell under the wheels of a freight train.

Police said the victim's brother, Joseph, 13, related he saw William fall under a box car as they were jumping off a slow moving train. The brothers and several other boys had been hooking rides, police said.

The Weeping Widow of Nguyen Tuong Tam, former foreign minister of South Viet Nam, is supported by friends during funeral services for him in Saigon Saturday. Tam killed himself July 7 in protest against alleged government oppression of Buddhists in South Viet Nam. (AP Wirephoto)

# Pipeline for Fox Cities Proposed by Appleton Board of Public Works

Seven Other Valley Communities to be Contacted on Lake Michigan Project

Appleton plans to make one last try to interest neighboring Fox Cities and Fox Valley communities in joining it in a Lake Michigan pipeline for an improved water supply.

After hearing detailed plans on the proposed project from a consulting engineer Tuesday, the Board of Public Works voted to have the mayor contact the communities in an official capacity and ask a reply from their governing bodies by Aug. 17 on whether they are interested in the pipeline project.

Mayor Clarence Mitchell will contact officials of Neenah, Menasha, Oshkosh, Fond du Lac, Kaukauna, Kimberly, Combined Locks and Little Chute.

The communities were invited several months ago to participate in the project on a cooperative basis and declined to do so.

# Park Program May Terminate

Poor Participation Cited as Reason At New London

NEW LONDON — Because of poor attendance, the summer recreational program at Hatten Memorial Park may be discontinued within a week. Don Rex, program director, has announced.

The baseball program for boys was discontinued after two weeks because not enough boys were available to make up teams. Rex attributes the lack of attendance to the organization of a boys baseball league in New London.

The tennis program is the only successful project in the park playground program, he said. Attendance has been good for the morning classes and during open tennis the courts are constantly in use. Lessons for boys and girls are given each morning, Monday through Thursday.

Attendance at the archery classes also has been poor. Rex said. Turnout for the classes has not exceeded 10 or 12 per day.

# Youth Injured In Fall From Moving Truck

CLINTONVILLE — Ronald L. Schmoll, 8, was reported in critical condition at the Clintonville Community Hospital as the result of injuries received in an accident at 2 p.m. Wednesday on Eighth Street when he apparently slipped or fell off the back of a moving semi-truck, according to Capt. Willard Wied of the Clintonville police department who investigated.

The attending physician reported Ronald had a skull fracture and other injuries not yet determined.

The boy, who will be 9 years old Sept. 15, is the son of Mr. and Mrs. Robert Schmoll, route 3, Clintonville. With him at the time of the accident were his brother, Robert, 11, and Martin J. Beaker, 10, Wabeno.

# School Budget Increase Proposed for Fremont

FREMONT — An increased budget will be submitted to the electors of the Fremont State Graded School district at the annual school meeting at 8 p.m. at the school.

The increase will be due to the hiring of an additional teacher for the coming school year and lower state aid credits.

Expiring terms of office are held by Reinhold Koehler, board member and Thomas Pitt, clerk.

The Body of 8-Year-Old Donald Blank, son of Mr. and Mrs. Leonard Blank, 316 Wisconsin St., New London, was found floating in the Wolf River near the Shawano Street Bridge, Wednesday afternoon. Police and firemen had been conducting a search for

the boy since Monday. The body was seen by a group of youths and brought to shore by a passing boat. Carl Herber, a special police officer, is shown covering the body. (Post-Crescent Photo)

# Man Takes Own Life

Alfred Brandt, 66, Rural Waupaca, Kills Himself With Gun

WAUPACA — Alfred Brandt, 66, route 1, Waupaca, took his own life with a shotgun about 10:30 a.m. Wednesday on the porch of his home, according to Sheriff Loran Frazier.

Brandt, who was in ill health for about a year, was the marine mail carrier for residents on the Chain O'Lakes during summers the last 28 years, working out of the Waupaca post office. Sheriff Frazier, who investigated the shooting with Sgt. Harold Holly of the sheriff's department and Capt. Mike Myhill, county police, said Brandt put the barrel of a 12-gauge shotgun in his mouth and pressed the trigger with a hammer handle.

Dr. Sam Salan, county coroner, said there will be no inquest. Brandt is survived by his wife and one sister, Holly Funeral Home is in charge of arrangements.

# Body of Missing New London Boy Found Floating in Wolf River

Discovery Ends Three-Day Search Throughout City for Donald Blank

NEW LONDON — A search for an 8-year-old boy missing from home since Monday morning ended at 3:15 p.m. Wednesday when his body was found floating in the Wolf River near the Shawano Street bridge.

The disappearance of Donald Blank touched off a city-wide search that continued throughout Monday night, all day Tuesday and Wednesday.

Donald was the son of Mr. and Mrs. Leonard Blank, 316 Wisconsin St. He was one of eight children.

The boy's body was seen first by Deanne Claassen, 11, who was with a group of children playing on the north bank of the river near the bridge.

Police were notified of the boy's disappearance at 11:30 p.m.

Monday and had been carrying out a search since that time.

Members of the New London Volunteer Fire Department were called in Tuesday to aid in combing the wooded areas near the Embarrass River where the boy often played and dug clams.

Other wooded sections of the city also were searched. Along with the land search for the youth, firemen also dragged the Embarrass River.

The last time the boy had been seen alive was at approximately 2 p.m. Tuesday when city park employees saw him playing near the Wolf River in Taft Park on North Water Street.

It is unknown whether he drowned in the Embarrass River or the Wolf River. The point where the body was found is approximately one-half mile downstream from where the Embarrass River empties into the Wolf River.

# School Board Meets Friday

New Shiocton Budget Highlights Meeting; Elections to be Held

SHIOCTON — Members of the Shiocton School board will meet Friday night to approve a 1963-64 school budget. When ratified it will be presented to the voters of the district at the annual school meeting to be held July 22.

Delay in the board's approval of the budget has been contributed to the absence of Supl. Marvin Oby who is attending summer classes at Superior State College.

The board requires that all teachers and administrative personnel attend summer school.

Along with the approval of the new budget at the annual meeting, the election of two board of education members also is on the agenda. Members whose terms are expiring are Jack Lamers and Harold Ort.

# Clintonville School Board Proposes New Budget for 1963-64

Expenditure List of \$835,348 to be Presented to District Voters Monday

CLINTONVILLE — The board of education, after paring the budget proposed by the superintendent at its meeting two weeks ago, has adopted a new budget for presentation to district voters at the annual meeting at 8 p.m. Monday at the Clintonville Senior High School.

Total anticipated expenditures are listed at \$835,348 as against expenditures during the 1962-63 school year of \$814,902.

Increased expenditures were required, according to Superintendent of Schools K. O. Rawson, by additional clerical help in the superintendent's office, rental of additional space for the central office as well as classroom areas, increased teacher salaries and necessary emergency maintenance and increased transportation costs. Large reductions were made in capital outlay expenditures.

To offset these increased expenditures partially there has been an increase in the full valuation of the district from \$39,106.134 to \$39,733,000.

State aids were assumed to be approximately those of this past year, \$171,481. It is estimated that the school tax rate will be increased almost one mill.

The district is in excellent economic condition with a bonded indebtedness of \$445,000, according to the board. The last of the bonds sold in the 1946 issue almost have been retired. The maximum legal bonded indebtedness of the district could reach 10 per cent of the full valuation or \$3,973,800.

# 3 Become Ill From Eating Unclean Eggs

MENASHA—City Health Nurse Mrs. Catherine Feit Wednesday said three confirmed cases of salmonella derby — an intestinal infection caused from eating cracked or unclean eggs — have been reported here.

Several other cases are suspected, she indicated.

The Menasha cases followed by only a few days a warning from the Public Health Service in Washington, D. C., concerning disease. The health service said 775 persons in 25 states have been inflicted with the disease.

Mrs. Feit this morning said the disease can be contracted from other sources than eggs, particularly through unsanitary conditions.

The national health service advised that "persons who are ill, especially infants, the elderly and individuals suffering from gastrointestinal disease or malignancies, avoid buying and using cracked eggs."

It also advised everyone to avoid buying and using cracked eggs.

# Chilton Council Delays Action On School Fund

Adopts Ordinance Restricting Dogs On City Streets

CHILTON — The Chilton city council Tuesday night adopted a dog ordinance which previously had been tabled and delayed action on a school-city disagreement over the disposition of a sinking fund.

The dog ordinance had been introduced at the meeting two weeks ago but was tabled when Ald. Arnold Weller suggested that horses and cats be included in the ordinance.

The ordinance, which would forbid dogs from running at large, was adopted Tuesday without the inclusion of the cat and horse restriction.

It stipulates that dogs must be owner's yard if the dogs are in public they must be fastened—to a 10-foot leash. Penalty for breaking the ordinance will be a fine of not less than \$1 nor more than \$50. The owner must pay \$1 per day, in addition, for each day the city has the dog locked up. If the dog is not called for in seven days, it will be destroyed.

## Sinking Fund

City Atty. William Engler Jr., said there had been erroneous reports about the school district fund. The disputed fund of about \$8,000 is a sinking fund in connection with an old bond issue set up by the city of Chilton. The school district is now a common district and there is some question as to ownership of the money.

Engler suggested three ways in which the city might settle the disagreement. The city now has control of the funds and could refuse to release them, he said, thereby making them unavailable to the district; the city could withdraw the funds and transfer them to the general fund, or the city could let the situation remain as it is. Engler said.

It was decided that the city attorney and finance committee should meet with the city's auditors to discuss the situation and report at the next council meeting.

In other action Tuesday night Enler was asked to study the new Calumet County ordinance which forbids the consumption of beer more than 10 feet from the place it was purchased.

# Strange Carton Company Purchased by Michigan Firm

Menasha Plant Now Subsidiary Of Consolidated

MENASHA — The John Strange Carton Co. of Menasha has become a wholly owned subsidiary of the Consolidated Paper Co. of Monroe, Mich. it was announced today by officials of the two companies.

The announcement was made early this morning by Joseph Gidwitz, chairman of the board of Consolidated Paper Co. C. H. R. Johnson, president of Consolidated Paper Co., and Paul Strange Jr., president of the John Strange Carton Co.

The Consolidated Paper Co. has manufacturing plants and field offices in the east, midwest and South, a spokesman for the two firms said.

Consolidated mill paper capacity is substantially in excess of 1,000 tons per day and will include box boards, test and non-test cylinder liners, corrugated medium, chip board binder board

automation board and specialty building board.

The major converting products now include folding cartons, corrugated boxes, advertising display and single face specialties, beer box partitions, fibre board drums and multi-wall shipping sacks.

The John Strange Carton Co.

# India Girl Is AFS Student

Sujir Nayak, 18, Will Live With Clintonville Family

CLINTONVILLE — The local American Field Service chapter received confirmation Tuesday that Clintonville will be host to its first AFS student this coming school year.

The student will be Sujir Padmini Nayak, 18, Kurnool, Andhra Pradesh, India. She will arrive in New York Sept. 9 and be in Clintonville two or three days later. She will be living with the Rev. Mr. and Mrs. Bernard Kassilke and family.

The Rev. Mr. Kassilke is pastor of the First Methodist Church, Clintonville.

Miss Nayak's father is chief engineer of Tungabhadra Industries. Miss Nayak has two sisters, ages 23 and 15.

Members of the local American Field Service chapter are Mrs. Scott Miller, president; Orval Malue, finance member; Burr E. Tolles, member for schools; Mrs. Nathan Wiese, homes and adjustments member, and two student representatives.

# Relatives Gather At Family Reunion

SUGAR BUSH—The 18th Derber family reunion was held Sunday at Erb Park, Appleton.

Seventy people from Appleton, Oshkosh, Van Dyne, Manawa, Omro, Fond du Lac, Bloomfield, Menasha, New London, Sugar Bush, Champaign, Ill., Onarga, Ill., El Centro, Calif., and Palm Dale, Calif. attended the potluck noon dinner.

The historian recorded one birth, and two deaths.

Officers for next year will be Vernon Thoma, president, Edward Redman, vice-president, and Mrs. Duane Handrick, secretary-treasurer. The reunion next year will be the second Sunday of July at the Vernon Thoma home.

# State Board Gives OK to Road Signal

CHILTON — The city of Chilton has been granted permission to erect mechanical stop and go lights at Main and Madison streets by the state highway commission. The letter granting approval was read at the council meeting Tuesday night but no action was taken.

According to the letter from the commission, traffic on the corner, which is Highway 57 north and south with Highway 151 intersecting at the west, is sufficiently heavy to warrant the automatic signals. A count was made on May 28, according to the letter, and 8,255 vehicles and 1,881 pedestrians crossed the intersection during the 16 hour period in which the count was made. The largest percentage of traffic was traveling on Highway 57.

Police Chief Harry Thompson stated he felt a proper light would be "an asset to that crossing."

No estimate on cost was given, but City Clerk Arthur Pohland said one of the state engineers had estimated it would cost the city about \$5,000 depending on under-ground electrical connections.

If the light should be installed, it would operate from 6 a.m. until 10 p.m. After that time Highway 57 (Madison Street) would get a flashing yellow caution light and Main street traffic would get a flashing red light with compulsory stop.

A New Flying Club Has Been organized in Waupaca County, known as "Weyauwega Fliers, Inc." and will operate at the Waupaca Municipal Airport. The club's aim is to promote interest in aviation. Three of the officers, from the left, are Ross Bauer, president, Richard Prideaux, secretary-treasurer, and H. J. Ramsdell, aircraft maintenance officer. (Post-Crescent Photo)

## Concentrate on Lessons

# Weyauwega Fliers Organization Elects Officers, Buys Airplane

WEYAUWEGA — Weyauwega Fliers, Inc. a new flying club, purchased an airplane and commenced operation Saturday. The club also is planning to have members at the airport during weekends to service the gasoline pump and work on the office and property.

The club charter will be left at the airport during weekends to members or their families. The airplane has dual controls with the instructor and student sitting side-by-side. It is equipped with radio and is in excellent condition, Ramsdell said.

The airplane is scheduled to arrive Friday and flying lessons, one of the officers.

Maxwell Street Day Was Sponsored by the Retail Committee of the Clintonville Association of Commerce with merchants having sidewalk displays and special sales. Many of the sales people were dressed in special attire for the event. Mrs. M. C. Obrecht of Obrecht's Hardware wore a dress sewed from burlap and a fancy hat as she sold items on display on the street. (Laib Photo)

# Car-Truck Crash Kills Oshkosh Man

Vehicles Collide At Intersection of U. S. 45, Trunk GG

OSHKOSH — Daniel E. Schulz, 38, 1006A Waugoo Ave., Oshkosh, was dead on arrival at Mercy Hospital where he was taken following a car-truck accident at the intersection of U.S. 45 and County Trunk 66 at 6:38 p.m. Wednesday.

Two other persons were hospitalized as a result of the accident, in which the Schulz auto rammed the side of the semi-truck as the car was crossing U.S. 45.

The injured were the driver of the truck, Rudolph Teschendorf, 50, West Allis, and a passenger in the truck, Gerald Schultz, 33, Milwaukee.

## Lacerations

Hospital authorities this morning reported Teschendorf to be in satisfactory condition with lacerations of the head and face and rib fractures. The passenger in the truck, Schultz, was reported to be in satisfactory condition at the hospital with lacerations of the right arm. Winnebago County sheriff's officers reported Schultz also received a neck whiplash in the accident.

Police said the auto was traveling west on GG and the truck south on 45 at the time of the accident. The truck's passenger, Schultz, told police the Schulz auto ran the arterial and struck the truck just behind the cab.

Police reports show the car struck the truck on the left side between the axles. A power pole was broken off by one of the vehicles and the truck rolled over after the collision, with both vehicles ending up on the west side of the road.

## Thrown From Car

Schulz was apparently thrown from his car, police said this morning.

The Schulz auto, a 1957 sedan, was demolished in the accident, with the damage being concentrated in the front end of the vehicle, reports show.

The truck received an estimated \$1,500 damage to the cab, rack and undercarriage.

The injured persons were taken to Mercy Hospital in the Moore ambulance of Oshkosh.

Schulz's death brings the highway fatality total in the county since the first of the year to nine.

# Attempt to be Made for Fox Cities Water Line

CONTINUED FROM PAGE 1

would not be regretted," he said. "I think you can afford it. I'm not so sure you can afford to have less than a good supply."

He said the city is "doing everything with the present supply that can be done." It has a well-operated plant, but the water from the Fox River is difficult to handle, he said.

## Not Improve Taste

Going to Lake Winnebago might lower the pollution of the water somewhat but would not improve the taste, Howson said. "Lake Winnebago never will be a good supply," he said.

"If you can't get Neenah-Menasha in now, I don't think you ever will," Howson said when Director of Public Works Robert Bues raised the possibility of Appleton going to Lake Winnebago for water now and undertaking a joint project with the other communities in five to 10 years.

Howson noted that Appleton will profit little by getting Oshkosh in the project and not at all by getting Fond du Lac to join it.

## Question Raised

R. D. DeLand, chairman of the water commission, said people have asked why Appleton does not build a 42-inch pipeline rather than a 36-inch line because Neenah and Menasha might want to join it in 10 years.

"I think the time for Neenah-Menasha to make up their minds is now, and I cannot see how they can keep out," Howson said. "But I don't see why, without an agreement, Appleton should commit itself for \$1.25 million more."

The estimated cost of the pipeline under a three-city arrangement would be \$11 million. Appleton's outlay would be \$4.7 million, compared to \$3.1 million for Neenah and \$3.2 million for Menasha.

## Final Solution

Bues said, "I don't doubt for a minute that Lake Michigan is the final solution to Appleton's water problem, but there is a price tag on it." At the present time many of Appleton's problems are jelling, he noted, and different sources give differing population forecasts.

In a waterworks venture, wrongly estimating the population only hastens or extends the time when an increased supply is needed, Howson said. If you over-

estimate population growth this system will last longer, and if you underestimate it, and must build again sooner, the revenue also will be higher and support building, he said.

It is difficult to forecast population growth accurately more than 20 years in the future, he noted. His firm has estimated Appleton's population in the year 2000 at 77,500.

The proposed pipeline would include an intake one mile into Lake Michigan in 50 feet of water, a pumping station at the lakeshore and about 50 miles of pipeline. Provision for chlorination at the lake makes it possible to maintain the carrying capacity of the pipeline indefinitely, Howson said. Without lake-shore chlorination, algae and other growth could adhere to the pipe and decrease the capacity.

The water would be discharged to the present filtration plant. With the better quality water from Lake Michigan, the 13 million gallons a day capacity of the filtration plant could be increased to 20 million gallons without enlarging the plant, Howson said, and chemical costs for water treatment would be reduced substantially.

The engineers also proposed construction of a surface storage reservoir three miles east of Appleton to hold a three to five-day water supply. A 20-acre reservoir 10 feet deep or a 10-acre reservoir 20 feet deep would store about 70 million gallons.

The 36-inch pipeline will carry 17 million gallons a day. Appleton is expected to hit a peak day of 17 million gallons by 1980, Howson said. By using the reservoir, up to 22 million gallons a day could be provided on peak days.

One-tenth Cost Instead of building a six-inch larger pipeline at an additional cost of \$1.25 million, you can build the reservoir for one-tenth the cost and accomplish the same thing, Howson said.

During the recent hot spell Appleton hit three record peak days of 11.5 million gallons each, 200 per cent of the average day. The present peak capacity is 13 million gallons.

If the Appleton council approves the pipeline project, it will take several months to prepare the plans. The Appleton Water Commission's target date for completion of the lake project is 1965.

## Fremont Woman Is Winner of Contest

Mrs. Arthur C. Miller

FREMONT — This recipe is one of six "Weekly Recipe Winners" in the contest recently conducted by the Winnebago County Dairy Plant Operator's Association and County Extension Service. A county winner will be selected from the weekly winners to represent Winnebago County in an area contest.

### Cheese Dinner Dish

1/4 cup butter  
1/4 cup flour  
2 cups milk  
1 cup (1 1/2 lb.) shredded cheddar cheese  
3 hard cooked eggs, diced  
1 large can flaked tuna  
2 cups cooked noodles  
12 ripe olives, chopped  
1 pimiento, chopped  
1/2 cup sliced button mushrooms  
1/2 teaspoon salt

1/4 teaspoon pepper  
1/2 cup buttered soft bread crumbs

Melt butter in saucepan over low heat and blend in flour. Add milk, stirring constantly; cook until sauce is smooth and thickened. Add cheese and stir until blended. Add remaining ingredients except crumbs, varying olives, pimientos and mushrooms to taste. Mix lightly; pour into buttered casserole. Cover with the buttered crumbs. Bake in moderate oven, 350 degrees F., about 25 minutes or until heated thoroughly. Makes 8 servings.

## FCC Approves Purchase of Chippewa Radio

Purchase of Radio Station WAXX at Chippewa Falls, Wis., by the Post Broadcasting Co. was approved today by the Federal Communications Commission in Washington. Post Broadcasting is a subsidiary corporation of Post Publishing Co. of Appleton.

The station was acquired through a stock transfer from Jack and Don Holden who have owned and operated WAXX for the last three years. Jack Holden is a former program director of Radio Station WLS in Chicago. Both will remain active in the business.

WAXX is a 5,000-watt daytime only station broadcasting on a frequency of 1150.

Post Broadcasting operates Television Station WEAU-TV at Eau Claire. Purchase of the radio station nearby will extend the company's broadcast services to that area, said President V. I. Minahan.

## Weyauwega High Football Players Told To Get Insurance Forms

WEYAUWEGA — Candidates for the 1963 high school football team should pick up their insurance forms from the school office and have their medical and dental examinations as soon as possible, according to Keith French, head football coach.

The insurance fee of \$6 should be paid when the forms are picked up at the school office.

Football equipment will be issued Aug. 14 and the first practice session will be held Aug. 15, French said.

## Four Waupaca Men Inducted Into Army

WAUPACA — Four Waupaca County men were inducted into the army and 15 others reported for pre-induction physical examinations Monday at the Milwaukee induction center, according to the Waupaca County selective service board.

Inducted into the army as volunteers were Lloyd A. Danke, 22, route 1, Fremont, and Ronald C. Zemple, 22, route 2, Manawa. Also inducted were Patrick R. Fischer, 23, 510 W. Pine St., New London, and Walter D. Miller, 23, route 1, Bear Creek.

The four inductees are now at Fort Leonard Wood, Mo.

## Court Reporter Picked For Waupaca County

WAUPACA — Michael McNulty, a graduate of the Madison Business College, has been named court reporter by Judge Wendell McHenry to replace Lowell Peterson, who is leaving July 30 to become Circuit Court reporter in LaCrosse.

McNulty has been working for a free lance agency in West Palm Beach, Fla. He will begin his job here Aug. 15.

## 3 Fined for Tipsy Driving

### Separate Courts Find Men Guilty Of Violations

Three men have been found guilty in separate courts on charges of driving while intoxicated, were fined and had their driver's licenses revoked for one year.

Charles Glasbrenner, 75, 218 S. Summit St., Appleton, pleaded guilty in Outagamie County Court, Branch 1, today. He was fined \$175 by Judge Gustave Keller.

Glasbrenner was arrested Wednesday night at Richmond Street and College Avenue when his car became stuck on a safety island. He was taken to the Appleton police station where he was examined by a doctor. He was unable to take a drunkometer test.

Karl Ziehl, 618 School Court, Menasha, was fined \$125 by Win-

nebago County Judge James Sitter in Branch 3 Court after he pleaded guilty to drunken driving charges.

He was arrested at 12:43 a.m. June 2 on Fourth Street in Menasha after being observed driving in an erratic manner. He tested .21 on the drunkometer.

Victor Wroblewski, 48, route 1, Neenah, pleaded guilty to a charge of drunken driving and was fined \$50 and sentenced to seven days in jail when he appeared before Hortonville Municipal

Judge John Quinn. He tested .19 on the drunkometer.

A reading of .15 on the drunkometer is indication of intoxication.

## Waupaca VFW Gives To Hospital Fund Drive

WAUPACA — Members of the Veterans of Foreign Wars Auxiliary donated an undisclosed sum to the Riverside Community Me-

morial Hospital expansion drive during a meeting Monday night.

Plans also were completed for the annual Poppy Day sale in September. Mrs. Gordon A. Peterson was named poppy chairman with Mrs. Guy Davis as co-chairman.

The next meeting is scheduled for Aug. 19 at the clubhouse. Mrs. Marge Peterson will be in charge of the lunch.

## Mr. Hanson and His Dream

The recent declaration of the new Democratic state organization chairman that his party machine will continue to campaign against the sales tax illustrates how reluctantly the professional partisan adjusts himself to changed circumstances.

Mr. Hanson declares that the Democrats now in the capitol, including Gov. Reynolds, would not have embraced the idea of sales taxation this year to the extent that they have except for the coercive power of the Republicans there. When the Democrats take over complete control of state affairs, he promised in effect, they will return to their original doctrine and get rid of such levies as they were forced into accepting this year.

There is here a peculiar blindness about reality, a stance that is so far removed from the exigencies of the times as to mark this new party leader as an incorrigible romantic.

There is the naive belief that the political party he heads can continue to stand for expansion of public services and benefits in all directions, without a change of the tax revenue base. There is no authority for such a position, in any of the numerous studies of state financial affairs that have cluttered up legislative files for more than a decade. Even some of the more effective Democratic politicians of recent times, notably former Gov. Nelson,

were finally persuaded to abandon this ground. But here comes Mr. Hanson, fresh to the gavel of his party, sounding the same old theme once more.

The brutal truth about state finance today is that the state is rapidly exhausting the productivity of the sales tax base which it started harvesting only two years ago, while at the same time it is pushing the personal income tax rate to the highest level of any state in the country. At the rate of expenditure growth that has been experienced in each biennium for the last five or six, and will continue as far as anyone can now judge, the state will move into a full sales tax, and yet higher income taxes, in the budget period of 1965-67, and it won't make much difference whether Mr. Hanson's associates or the Republicans hold power over tax policy-making two years hence.

It should be emphasized that this Wisconsin situation is not unique. No state in the country today is without fiscal problems. The distinction here is that it has required the Wisconsin state government so many years to recognize that a broadening of the revenue base is essential. Another doubtful distinction is that one of its party chairmen, at a time when the evidence has convinced virtually everybody else, is trying to get some additional mileage out of a campaign posture that has long since become obsolete.

## The New AAL Building

The plans of the Aid Association for Lutherans to add substantially to the home office building on College Avenue have been generally known for some time. But publication of the architect's sketch and details of the \$5 million project in the *Post-Crescent* Sunday revealed the full extent of the project and must have aroused

a feeling of pride in everyone in the community.

Matching the older structure in the construction of the new addition is no simple task, and the pains to which the Association is going assures downtown Appleton of a most imposing and beautiful structure.

It will be concrete evidence of the sound growth of this fine institution.

## Savings in Defense Costs

Defense Secretary Robert McNamara is an accountant by profession. And ever since he was put in charge of the huge defense establishment he has been working on a cost-cutting campaign within the department. Recently he declared that it has resulted in savings of \$1.1 billions to taxpayers in the fiscal year ended June 30. By 1965, he said, the program will realize savings of \$4 billions a year.

In a department which spends over \$50 billions a year it is obvious there is a fertile field for cost-savings programs. Numerous areas in which the taxpayers' money was being wasted have been pointed out in past years by Congressional committees. The problem was to find a means of bucking the potent defense establishment to correct the deficiencies. Mr. McNamara apparently has the fortitude to take on that job.

He cited a number of examples of where simple common sense saved millions of dollars:

Navy stocks of spare parts on aircraft carriers were reduced by 50 per cent;

By eliminating "goldplating"—the frills which have nothing to do with performance—the cost of the device which opens and closes the Minuteman silo was cut from \$550,000 to \$80,800 per unit;

By "refining" calculations, \$700,000,000 in purchases that would have been made were cancelled;

## Elm Beetles and City Boundaries

A small news item this week related that Outagamie County Agent John Powers is planning a tree survey in the Fox Cities to see if the dread Dutch Elm disease has gained a foothold here. The survey is now scheduled July 26 through 29 in Kimberly, Kaukauna, Appleton and Little Chute.

We stopped right there with the thought, "He said Fox Cities. What about Neenah and Menasha. And the towns of Neenah and Menasha?" But of course, the answer is apparent. Neenah and Menasha

are in Winnebago County, and thus not under Powers' jurisdiction.

We are sure the authorities in Neenah and Menasha and the two towns are as alert to the Dutch Elm threat as Powers, and are taking appropriate steps to protect their communities. Yet we could not help thinking, here again those silly city and county boundaries that criss-cross our metropolitan area rise up to haunt us. We are sure the Dutch Elm beetle doesn't stop at a city or county line, and apply for an entry permit before crossing it.

## Looking Backward

## Woolen Factory, Foundry Burns!

100 YEARS AGO  
Quoted from the Appleton Motor for July 16, 1963.

Being late with our paper we are enabled to convey to our readers, and especially to the wool-growing portion of the farmers in this vicinity, the sad intelligence of the total consumption of Mr. Hutchinson's extensive Woolen Factory in this City, the most extensive woolen factory in the State. We have but little time to give more than the bare facts.

At about 1 o'clock this morning, (Saturday, July 18), the Factory was discovered to be on fire. How it became so is a profound mystery to everyone, Mr. Hutchinson not excepted. Despite the original precautions taken against fire and the constant watchfulness of the proprietor, and especially despite his thorough inspection personally of every portion of the establishment after dark, last night this extensive factory—the pride of the Fox River Valley

and a direct blessing to the whole surrounding country—has fallen a sure and easy prey to the devouring elements.

### Boiler Trouble

The boiler in the dye room, it appears, had sprung a leak. The (boiler) fire was put out and thoroughly wet down and the necessary repairs were made, occupying them until dark, after which Mr. H., before leaving, had assured himself that all was right and secure.

Nothing of a combustible nature was in the room, and still in that room, or on that corner (the south-west corner) of the building the fire originated, and despite the presence of a watchman and a man at work in the upper portion of the building, the flames had got such a start before being discovered that it was impossible to save the building. In an incredibly short space of time the whole building was enveloped in flames.

The building and machinery were valued at about \$7,000. There was only \$5,000 insurance

on the establishment, being equal amounts in the Arctic and Manhattan companies.

Mr. Hutchinson estimates his loss, over and above insurance, at \$12,000.

Some of the books were burned. The safe was pulled out of the fire after the building had fallen.

### Foundry Catches Fire

The fire communicated from the burning (woolen) factory to Mr. C. Ketchum's Foundry and Machine Shop, a few feet to the west, before the fire engine got to work, and it also was consumed.

The fire company finally succeeded in saving the Foundry blacksmith shop, which stood a little apart from the Foundry. Mr. Ketchum estimates his loss at about \$6,000. He had on hand over \$1,000 worth of plows. Very little was saved out of the Foundry.

Lawrence Engine Co. was promptly on the ground and went to work like veteran firemen, instead of, as is the case, of a

### 10 YEARS AGO

Thursday, July 16, 1953.

Kenneth Heideman, Clintonville, former agricultural teacher at New Holstein, was appointed to the state headquarters staff of the Wisconsin Farm Bureau Federation.

Top winners in the pet contest sponsored by the Kimberly Recreation Department were Kenneth Smith, first, with a pet crow, David Minten, second, with a gopher, and Judy Van Hout, third, with two small goldfish.

Marilyn Klapper was crowned Miss Menasha of the Menasha playgrounds. Other playground queens included Linda Hawkinson, Paula Plath, Pam Schuler, Peggy Blohm and Mihaela Basolan.

Ann Kosloske of Ridgeway Golf Club won the junior northeastern championship in the women's tournament held at Ridgeway. Consolation award winner was Donna Willoughby of Butte des Morts Club. Miss Joan Coffeen, Green Bay, won the women's trophy for the fourth consecutive time.

## Man Fire Stations

## U.S. Scientists Holed-In for Long Winter Tests in Antarctic

WASHINGTON — As the United States basks in summer sunshine, 311 Americans at the bottom of the world are enduring blizzards, sub-zero cold, and a four-month-long night.

The Navy men and scientists constitute the winter party left in Antarctica this season for the United States Antarctic Research Program of the National Science Foundation and its support arm, the Navy's Operation Deep Freeze.

Snow-covered Antarctica, once recently organized company. It did good execution.

Mr. J. S. Lester, the popular Foreman of the company, although not in good health, took command and stayed until the fire was nearly subdued, when he was persuaded to give up the trumpet and command to his efficient Assistant, W. H. Lanphear, and go home. Both officers and men were prompt in all their duties.

### 25 YEARS AGO

Thursday, July 14, 1938.

Ben Phillips, Hilbert, was elected commander of Calumet County Council of the American Legion. Dan Flatley, also of Chilton, was named vice commander.

H. G. Freiburgher, veteran fireman of more than 30 years with the New London department, was presented with a gold badge as the first honorary assistant fire chief the department ever had. He was honored on the eve of his retirement by members of the department, the police and fire commission and Mayor E. W. Wendlandt at an informal supper. Chief C. J. Dean presided at the program.

Mrs. Martin Abrahamson and Mrs. George Klatt were elected delegates of the New London Veterans of Foreign Wars Auxiliary to attend the national convention in Columbus, Ohio in August. Mrs. Abrahamson was president of the group.

A surprise birthday party honoring Mrs. Elmer Korth, Appleton, was held at the home of Mrs. Henry Korth. Prizes at schafkopf and dice were won by the guest of honor, Mrs. Frank Parr, Mrs. William Carter, Mrs. Alice Moritz and Mrs. Henry Ferg.

### 10 YEARS AGO

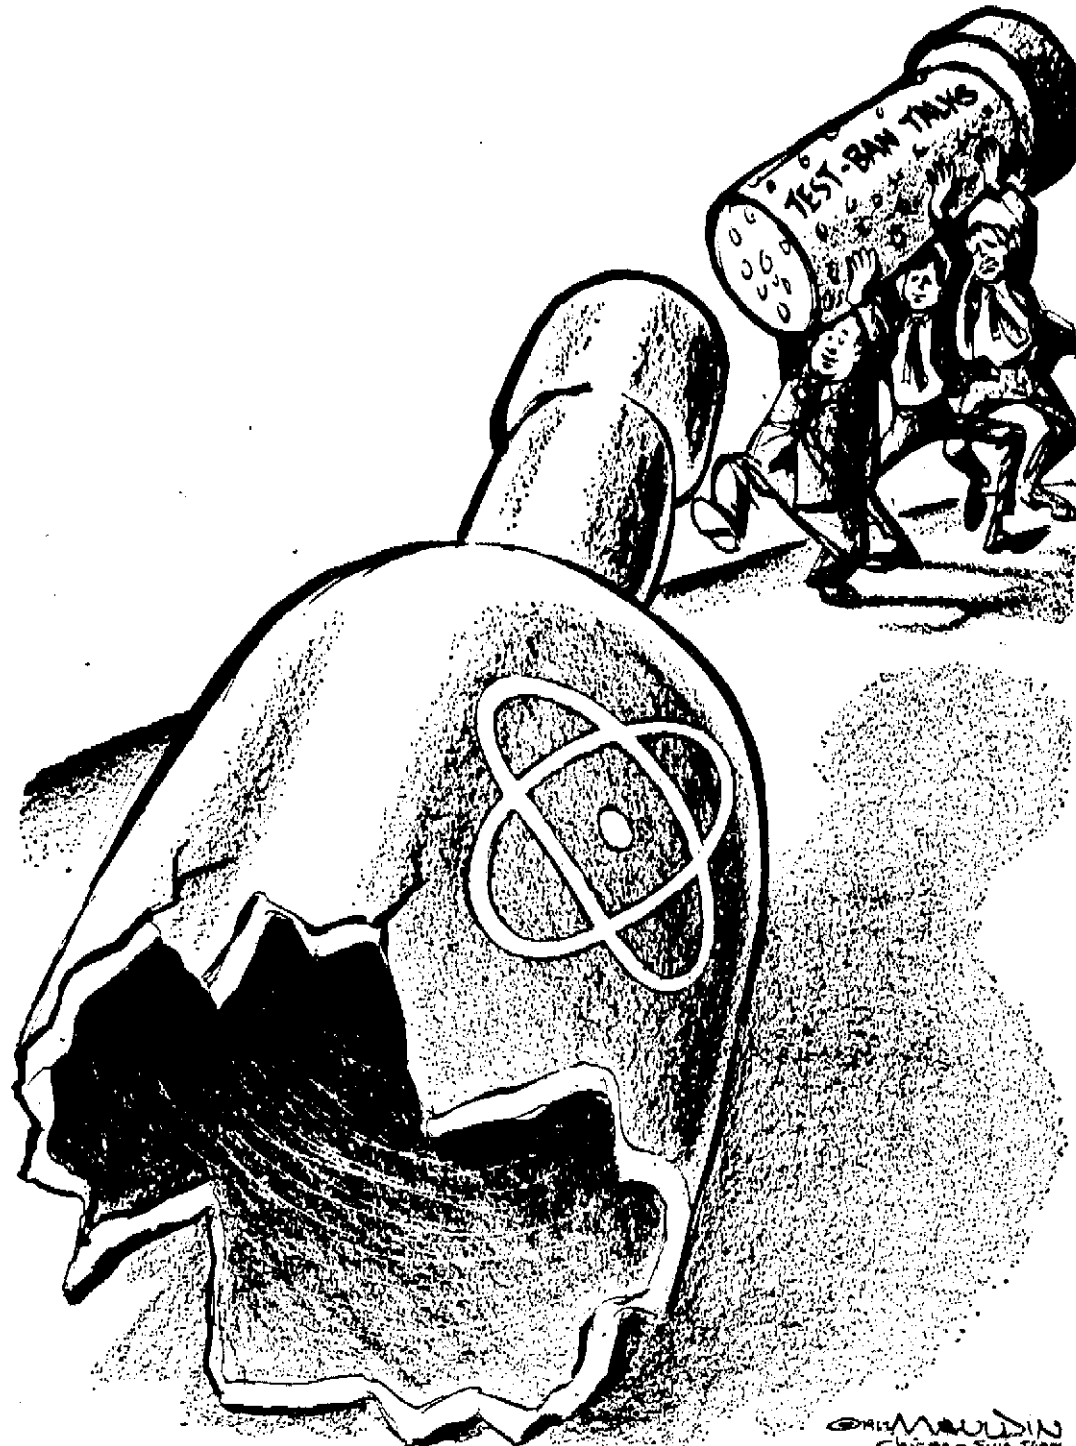

Thursday, July 16, 1953.

Kenneth Heideman, Clintonville, former agricultural teacher at New Holstein, was appointed to the state headquarters staff of the Wisconsin Farm Bureau Federation.

Top winners in the pet contest sponsored by the Kimberly Recreation Department were Kenneth Smith, first, with a pet crow, David Minten, second, with a gopher, and Judy Van Hout, third, with two small goldfish.

Marilyn Klapper was crowned Miss Menasha of the Menasha playgrounds. Other playground queens included Linda Hawkinson, Paula Plath, Pam Schuler, Peggy Blohm and Mihaela Basolan.

Ann Kosloske of Ridgeway Golf Club won the junior northeastern championship in the women's tournament held at Ridgeway. Consolation award winner was Donna Willoughby of Butte des Morts Club. Miss Joan Coffeen, Green Bay, won the women's trophy for the fourth consecutive time.

## Wisconsin Report

## Men in Government Chided Over Methods For Seeking Publicity

BY JOHN WYNGAARD

MADISON — Politicians as a class are incorrigible copy-cats and it sometimes occurred to this department to wonder why the elected men at the Wisconsin state capitol have not borrowed the publicity techniques of members of the U. S. Congress in claiming credit for the funds which flow in ever increasing volume from Washington to the hinterlands.

On any typical day there will be a couple of dozen or more telegrams from Wisconsin congressional offices to news services and local newspapers announcing that "Senator or Representative So and So announces the grant of money from this or that federal bureau to that community or another within his district."

These grants would be made if the congressman was absent, or asleep, or chose to hoard his telegraph allowance, or if his seat happened to be vacant. The purpose is to show his constituents, which in these days tends to be measured by the amount of money he can seem to pry out of the deficit-ridden U. S. treasury for a variety of local demands that would have puzzled if not shocked the man who held his seat 30 years ago.

TWICE  
Some of these announcements, indeed, are made a couple of times, and occasionally, three times or more.

Thus there have been some instances lately when the congressman has made the routine announcement of a poorly that was relayed to him by a federal agency, the governor's office in Madison fell in line a day later with the prepared blurb that "the executive office has been informed," and the state agency involved in the grant-in-aid blithely followed up with yet another proclamation.

All of which must seem the quintessence of foolishness to the hard-headed taxpayer who knows that these are not really gratuities, and who may also wonder occasionally why his home town mayor should travel to Washington to importune distant bureaucrats for grants of money to finance services or enterprises that could probably be financed at home more economically.

One day it may be supposed, this space-grabbing by the elected politician will extend to the statehouse.

There will be a time when the assemblyman or senator from a particular district, who didn't have the remotest connection with the event, will send out a press release as follows:

"Sen. — today announced that the state highway commission will build a new Main Street in the village of North Overshoe."

Or, "Assemblyman — today reported to his home town school board that the state had paid out \$200,000 in school aids for the support of the local schools."

FALSITY

Some tendency to copy these artificial political publicity methods is already evident in state affairs. Recent governors, for example, have proudly announced routine distribution of federal funds, as well as such purely administrative matters as the project list of the annual construction program of the highway department, the development of which was entirely out of their control.

Such devices betray a certain lack of respect for the good sense of the voter, or more succinctly, a confidence in his endless credulity.

The memory of an experience in a Wisconsin congressman's office not long ago still rankles. We had an appointment. He excused himself while he dictated a press release. What was so important about a publicity blurb about a routine federal aid grant, I inquired?

"Proxmire might beat me to it," he replied, with a certain impatience.

## Strictly Personal

## If You Insult Easily, Maybe It's Your Fault

BY SYDNEY J. HARRIS

Purely Personal Prejudices: People who frequently feel they are being "insulted" are highly insulatable — they unconsciously provoke situations in which they can feel rebuffed and rejected; in order to justify their sense of grievance against the human race.

Nothing in the world is as useless as a moral generalization that everybody believes; its very unanimity allows us to give it complete verbal assent without bothering to put it into practice.

The happiest marriages are those between a husband who knows how to listen and a wife who knows when not to talk.

A fine semantic definition was made by Proust, when he observed that "everybody calls 'clear' those ideas which have the same degree of confusion as his own."

Those discontented souls who are perpetually searching for someone to "understand" them would be most discomfited if truly understood; what they are really looking for is someone to misunderstand them in a way they find acceptable to the ego.

Animals react to our tone of voice, not to our words; and so do children, who rightly pay

more attention to the way we say things than to what we say.

Speaking of animals, I have long relished the anti-sentimental remark by Karl Kraus, after hearing about the "loyalty" of dogs, "To be sure, the dog is loyal. But why, on that account, should we take him as an example? He is loyal to men, not to other dogs."

It is a singular fact, that ob-scure literature arises only in highly civilized societies, and would be incomprehensible to primitive societies; rather than a vice, obscenity is a disease of cultural old age.

A philosopher in love is just as ridiculous as anybody else — and even more so when he tries to philosophize about it.

A servant may work in a house a month without knowing where the spoons are, but not for a week without knowing where the skeletons are.

It is a dangerous half-truth to believe that "history repeats itself"; in a more profound sense, history never repeats itself, and each age commits great follies by wrongly applying some lesson of the past to a unique event of the present, which it only loosely resembles.

Biographies of second-rate men are always more illuminating than biographies of geniuses — the reason being that it is precisely the essence of genius to be indefinable, uncapturable, and mysterious.

No cook ever thinks his own finger does anything but improve the taste of the dish. (Copyright, 1963)

Gov. Rockefeller says the right wing would destroy the Republican party. Rocky's new definition of G.O.P.: Goldwater's Our Peril.

A White House aide says Jack Kennedy will have a tough fight for re-election. Trouble is, half the people think he's done a good job — and half think he's Bobby.

No wonder the Russians are sore at the Chinese. They're acting like a bunch of Communists.

Big change in Latin America: It's getting so the number of elections is almost as great as the number of revolutions.

If the doctor tells you you're sound as a dollar, it means you're half dead.

Republican presidential bulletin: If they had names to fit, the candidate in New York would be Goldfeller — and the one from Arizona, Rockwater.

By LICHTY

"This latest survey reveals that the nation is sadly lacking in men of vision, Senator! . . . Hardly anybody can see you as a 1964 possibility!"

# Damage Reported by 2 New London Parks

NEW LONDON — Vandals in the city parks have been causing considerable damage and work for the park crew the city council was informed Tuesday by Ald. Richard Berglund, chairman of the park board.

Restroom fixtures in both Hatten and Franklin parks have been badly damaged and plaster has been dug out of the walls, Berglund said.

Besides damage to the restrooms, recently a garbage can and watermelon rinds and seeds were dumped into the swimming pool at Hatten Park. It took the park crew two days to clean up the mess, he said.

**Lock Restroom**

It was suggested that the restrooms in Franklin Park be locked when the park crew leaves for the day and that possibly Hatten Park gates could be locked each night. No action was taken.

Other complaints registered by the park crew, Berglund said, were that people were parking on the grass where there are no parking signs and that cars have been speeding through the parks. Mayor Wilmer Schlafer suggested that the police department make runs through the park.

Trees planted in Dr. Pfeifer Park also have been damaged.

In other council business it was suggested the three baseball teams be notified each must pay its own electric bill for using the lights in the park. The city council donates \$50 to each team to help pay the light bills.

However, at the end of the season the three teams each will be billed for the electricity used with the \$50 donation deducted and the balance to be paid by the ball club. The three teams involved include the Legion baseball team, the hardball team and the softball team.

## Lester Laux' Heirs to Share \$516,546 Estate

WAUPACA — The estate of Lester H. Laux, former owner of the Waupaca Motor Sales, Inc., garage and former chairman of the Waupaca County Board, was ordered distributed to heirs this week in Probate Court by Waupaca County Judge Wendell McHenry.

Laux left a gross estate of \$516,546, including \$479,395 in personal property and \$9,500 in real estate. Deducted from the gross estate was \$144,619, which included \$90,549 in debts and claims, \$1,675 in burial expenses, \$14,171 in administration costs and \$38,234 in federal taxes.

His widow received \$202,700, less \$16,140 in state and county taxes; and his daughter, Mrs. Stuart Struck, Madison, received \$169,215, less \$12,996 in taxes.

The biggest share of the estate was 20 shares by Dairyland Managers, Inc., Madison, valued at \$13,000 per share or \$260,000. The estate also included \$103,949 in General Motors stock and \$43,946 in Waupaca Motor Sales, Inc., stock.

## Kennedy Approves Washington March

**Question: Will Demonstration by  
Negroes in Capital be Peaceful?**

BY JAMES MARLOW

WASHINGTON (AP)—President  
Kennedy has eliminated any  
doubt about his approval of a  
massive Negro-led demonstration  
in Washington Aug. 28 while Con-  
gress considers a civil rights bill.  
He's for it.

But at this point in the civil  
rights fight there are four devel-  
oping questions so deeply rooted  
in uncertainty that none of them  
can be answered now.

1. Negro demonstrations are in-  
creasing around the country out-  
side Washington.

2. The August demonstration by  
perhaps 100,000 people will show  
Negroes' earnest demand for  
equal treatment. But the big  
question is: Will it remain peace-  
ful? With 100,000 people taking  
part, and perhaps as many or  
more Negroes and whites watch-  
ing, a few bad incidents could  
snowball into disaster.

3. Will Congress finally produce  
a civil rights law that has any  
real meaning for Negroes?

4. If not, what form will Ne-  
groes' resentment take then? No  
one seems to be thinking about  
this question at the moment. Ken-  
nedy hasn't said anything, if only  
because he wasn't asked.

Last June 19, when he sent his  
civil rights message to Congress,  
there was talk the August dem-  
onstrations might converge on  
Congress to apply the maximum  
pressure for action.

He seemed then, although he  
didn't say so explicitly, to be  
against such tactics. That would  
be not a march in Washington but  
a march on Congress. Some  
members of Congress reacted  
strongly against any such idea.

This is what Kennedy said then:

In his message

"This problem is now before  
Congress. Unlucky tactics or pres-  
sures will not help and may hin-  
der effective consideration of  
these measures.

"While the Congress is complet-  
ing its work, I urge all commu-  
nity leaders, Negro and white, to  
do their utmost to lessen tensions  
and exercise self-restraint. The  
Congress should have an oppor-  
tunity to freely work its will."

In his message he severely con-  
demned racial violence.

But between June 19, the date  
of the message, and today there  
is no longer talk of a march on  
the Capitol. Now the intention  
seems to be to have a massive

demonstration elsewhere in Wash-  
ington.

So, when Kennedy was asked  
Wednesday if he thought the  
planned demonstration might han-  
dle his efforts in the civil rights  
field, he answered:

"No, I think that the way the  
Washington march is now devel-  
oped, which is a peaceful assem-  
bly calling for a redress of griev-  
ances, the cooperation with the  
police, every evidence that it is  
going to be peaceful, they are go-  
ing to the Washington Monument  
they are going to express their  
strong views, I think that is in  
the great tradition.

"I look forward to being here  
I am sure members of Congress  
will be here. We want citizens to  
come to Washington if they feel  
they are not having their rights  
expressed.

"But of course arrangements  
have been made to make this pe-  
aceful and peaceful. This is not  
a march on the Capitol."

He cautioned again against  
demonstrations which get out of  
control and end in violence. But  
he also hit at those who protect  
against demonstrations but don't

Thursday, July 18, 1963 **Appleton Post-Crescent A5**

do anything to eliminate the  
grievances which cause Negroes  
to demonstrate  
"I would hope," he said, "that  
along with a secession of the kind  
of demonstrations that would lead  
to rioting, people would also do  
something about the grievances."

## Public Hearing Planned for Little Chute

### Board of Education To Decide on New School Building

**LITTLE CHUTE** — The board of education will adjourn its annual meeting Monday night until Aug. 19, to conduct a public hearing on whether to build a high school or join either the Kaukauna or Kimberly school district.

The 1963-64 proposed budget, to be considered at the meeting following the hearing, calls for no increase in tax levy over the 1962-63 budget. Thomas Lamers, board director, said every item in the budget is the same as last year, except a \$9,000 increase in teacher's salaries, coming from last year's balance. The budget will be adopted at the meeting if the high school is rejected. If a new high school is to be built, a new budget will be prepared. The proposed budget calls for total receipts of \$105,900 and total expenditures of \$104,628.

**Receipts, Expenses**  
Receipts include state and county aid, \$13,000; transportation aid, \$2,000; textbook rental and sales, \$1,300; taxes, \$87,000; room rent, \$900; and milk program, \$1,700.

Expenditures include board services and expenses, \$2,400; transportation, \$1,000; teacher salaries, \$62,000; textbooks, \$700; and stationary and supplies, \$5,500.

Janitor's salary and supplies, \$5,100; water, light and power, \$3,500; repairs and replacements, \$2,500; insurance, \$100; recreation, \$90; payment of bonds and loans, \$13,000; interest on bonds and loans, \$5,238; and milk purchases, \$3,500.

### Dividend Declared

The Board of Directors of Johnson Hill, Inc. at a regular 1963 meeting, declared a quarterly July 19, 1963. The firm operates a cash dividend of fifteen cents a share in Oshkosh.

## Railroad Museum Adds 1903 Crane From Soo Line

**GREEN BAY** — The National Railroad Museum at Green Bay has added one of the most unusual railroad cars in existence to its growing list of exhibits. The new exhibit is a railroad wrecking crane, built in 1903, and donated this week to the museum by Arthur and Ben Sadoff of Fond du Lac.

The crane was constructed in 1903 by the Bucyrus Erie Company of Milwaukee and was in service with the Soo Line for many years. The crane was used mostly for the righting of derailed cars and engines.

Still in excellent condition, the heavy hook attached to the crane of the car could go back into service if necessary.

### Try and Pronounce Name of This Boat

**NEWPORT, R.I. (AP)** — The cabin cruiser Jamibushphigacy-njoy-V docked here Wednesday.

If you think somebody got the name fouled up, it's your mistake. The boat is owned by Joseph A. Michael 2nd, president of the Michael Bus Line in Salem, Mass.

Michael said the boat was named by combining the first syllable of each first name or nickname of the members of his family. He and his wife have seven children.

### Argentine Workers End 17-Day Strike

**BUENOS AIRES, Argentina. (AP)** — About 130,000 sugar refinery workers ended a 17-day strike and returned to their jobs Wednesday with a 35 per cent hike in wage and other benefits. The workers had struck for what they claimed was their share of earnings from increased prices on sugar.

The Committee Arranging the annual Holy Hour at Goodland Field in Appleton continued its planning of the Aug. 28 event at a meeting Tuesday at the Catholic Club. Members of the committee include, standing from left, Bernard Blob, past president of the Outagamie County Deanery, Holy Name Society; John Long, president of the deanery; and, seated from left, Robert Goss, secretary of the Holy Hour; George Steiner, general chairman; and the Rev. Alfred Hietpas, spiritual director of the deanery. (Post-Crescent Photo)

## OSC Foundation Receives \$893 From Alumni, Friends

**OSHKOSH** — The newly incorporated Oshkosh State College Foundation has received gifts totaling \$893.50 in recent weeks, according to a foundation spokesman.

Recent gifts include \$500 from Frank Radford, Oshkosh, a former regent, \$121 from A. W. S. C. F., \$100 from Mr. and Mrs. Charles Gilbert, Coleman friends of the college, \$65 from the Wisconsin Bookmen's Association, \$62.50 from members of the faculty and administration, \$25 from members of the classes 1951-53 who met in reunion on the campus last week, and \$20 from Mrs. Ashley J. Little Bainbridge, Middleton.

The foundation was established to receive monies and other gifts to be used to achieve scientific, literary, and educational purposes of the college. The foundation will help to support those features of the college which are not provided by state funds. Incorporated this spring, the foundation is presently concerned with expanding its corporation membership. The expansion will be accomplished by an Ad Hoc Board of Directors composed of 12 men who were instrumental in the incorporation of the foundation. Dr. William E. White, executive assistant to the president at certain purpose if the donor so desires.

### Agent Complains Wife Won't Allow Him in Steamroom of Home

**LOS ANGELES (AP)** — Kurt Frings, Elizabeth Taylor's agent, complained to Superior Court Judge Burnett Wolfson Wednesday that his estranged wife, playwright Ketti Frings, has violated a court order by excluding him from the steamroom at their Beverly Hills home.

She left the state, he said, after changing the locks on the building. Mrs. Frings has a separate maintenance suit pending. Last April the couple agreed that she would occupy their home but that Frings would have limited steam bath privileges.

## Teacher Union Growth Theme For Workshop

### Bargaining Methods Also to be Included In Sessions at UW

**MADISON** — The growing teacher union movement and collective bargaining will be the theme of the annual AFL-CIO American Federation of Teachers-sponsored workshop in the School for Workers at the University of Wisconsin July 21-27.

The workshop will concern Wisconsin's relatively new collective bargaining law for public employees and the outcome of a recent Milwaukee Wisconsin Employment Relations Board-conducted election naming the Milwaukee Vocational Teachers Union, Local 212, bargaining agent for teachers in the city's vocational school.

The workshop will be on campus simultaneously with a workshop of the AFL-CIO Communications Workers of America with which several meetings will be held.

The American Federation of Teachers' shop program will include three sections daily, with the first from 8:30 to 10 a.m. on "The Current Teacher Union Movement and Collective Bargaining."

A second section, from 10:30 a.m. to noon, will instruct the teachers in collective bargaining, its philosophy, procedures, tactics and dynamics.

An afternoon section will be on "Teacher Union Progress and Problems." It is expected to highlight such problems as misnamed merit rating for teachers and teacher union techniques.

## Rebellion in Syria Crushed Uprising Led by Band of Civilians, Discharged Officers

**BEIRUT, Lebanon (AP)** — Syria's Ba'athist government announced today it had crushed an uprising led by civilians and discharged officers.

A spokesman for Maj. Gen. Amin Hafez, strongman of the Syrian army, went on Damascus radio and declared that the revolt was finished and the situation was under control.

There was no immediate indication of the political leanings of the rebels. However, a successful coup against Syria's Ba'athist socialist government would have pleased the Arab nationalist followers of President Nasser of the United Arab Republic.

"A band of plotters consisting of a number of civilians supported by a small number of discharged military men made an abortive attempt to disturb peace in the Damascus district," Hafez said.

"This band was beaten and station.

## Portugal Rushes Reinforcement To Its Colonies

**LISBON, Portugal (AP)** — Portugal has rushed military reinforcements to its rebel-threatened African colonies, government sources said today.

A government announcement Wednesday said African revolutionists have seized control of 15 per cent of Portuguese Guinea, on Africa's west coast.

crushed and the rest of the elements gave up. Nothing has happened to disturb order in the other districts of Syria.

"The plotters will be turned over to the national security courts."

The dramatic announcement was broadcast after Damascus radio was strangely silent for two hours.

Diplomatic reports reaching Beirut said that tanks, automatic weapons and small arms had been in action in the capital earlier while the plotters tried to seize the army headquarters and radio station.

# Move to Force '64 Presidential Election Into House Withering

## Only 3 Dixie States May Deny Party Nominees Electoral Votes

**BY JACK BELL**

WASHINGTON (AP) — An unpledged elector movement aimed at forcing the choice of the next president by the House of Representatives appears to be withering on the political vine in Dixie.

An Associated Press survey of 11 Southern states indicates that in only three — Mississippi, Alabama and South Carolina — does there appear to be any significant possibility that major party nominees might be denied electoral votes.

Even if the sum total of 25 electoral votes of the three states were withheld — which doesn't seem likely — the action would be effective only if the next election provided the closest electoral vote outcome since the Wilson-Hughes contest of 1916. Woodrow Wilson won the presidency by a margin of 23 electoral votes.

Under the Constitution, the House selects the president only if none of the candidates receives a majority of the electoral votes. If the House renders the verdict each state delegation casts a single vote, regardless of the state's size.

Despite the closeness of the popular vote results in 1960, Dixie Democrats to join in a President Kennedy still would movement he says can keep either have been elected if the 25 had or major party candidate from been lopped off his 303 electoral getting a majority of electoral vote total. Election in 1964 will votes. He said this would "require a minimum of 270 electoral vote, regardless of the state's size."

Govs. Ross Barnett of Mississippi and George Wallace of Alabama have been promoting the John Sparkman and Lister Hill independent elector scheme as a means of defeating Kennedy's bid for re-election.

**Wary of Bolting**

But Democratic politicians put votes to the 1948 States Rights side their states — and some ticket. It split its 1960 vote, given within Wallace's — are wary of Kennedy five and Sen. Harry bolting Republicans, hopeful of F. Byrd, D-Va., six collecting some Southern electoral votes for their party's nominee, Democratic state chairman, don't like the move.

Here is how the situation shapes up on a state by state basis:

**Mississippi** — the unpledged elector movement, supported by representatives appears to be withering on the political vine in Dixie.

Under state law, party conventions could put both loyalist and uninstructed delegations on the ballot of a primary to be held after the national conventions. The delegation which lost would be dropped from the general election ballot. It could petition its way onto that ballot, but could not use the party emblem.

**Mississippi Vote**

Mississippi gave its nine electoral votes to the states rights ticket headed by Strom Thurmond in 1948. Its eight unpledged electors voted for Sen. Harry F. Byrd, D-Va., in 1960.

**Alabama** — Wallace has urged popular vote results in 1960, Dixie Democrats to join in a President Kennedy still would movement he says can keep either have been elected if the 25 had or major party candidate from been lopped off his 303 electoral getting a majority of electoral vote total. Election in 1964 will votes. He said this would "require a minimum of 270 electoral vote, regardless of the state's size."

Govs. Ross Barnett of Mississippi and George Wallace of Alabama have been promoting the John Sparkman and Lister Hill independent elector scheme as a means of defeating Kennedy's bid for re-election.

**Wary of Bolting**

But Democratic politicians put votes to the 1948 States Rights side their states — and some ticket. It split its 1960 vote, given within Wallace's — are wary of Kennedy five and Sen. Harry bolting Republicans, hopeful of F. Byrd, D-Va., six collecting some Southern electoral votes for their party's nominee, Democratic state chairman, don't like the move.

whether there will be an unpledged elector movement in the state.

J. Drake Edens, Republican state chairman, said history has proved that unpledged electors may "offer some attraction in theory" but never work out.

### Thurmond Vote

When Thurmond was governor and headed the States Rights ticket in 1948, he got 39 electoral votes including South Carolina's eight. The state went to Kennedy in 1960.

**North Carolina** — Bert Bennett, Democratic state chairman, says the unpledged elector movement "is against North Carolina's way of doing things."

Robert Gavin, who recently resigned as Republican state chairman, observed: "I think the fight in 1964 is going to be between the regular Republican and the regular Democratic party."

**North Carolina** always has voted with either the Democratic or Republican parties.

**Virginia** — A bill for unpledged electors which died in the Virginia Legislature in 1962 may be offered again next year. But State Democratic party chairman, said "it won't amount to much — it never amounted to anything in the past."

Walter R. Gambill, vice chairman of the state Republican party, commented: "The next presidential election of the United States will be elected by the Democrats or by the Republican party. We can't afford to be playing games with any unpledged elector movement. It's a lot of waste motion."

**Virginia** has not gone Democratic in a presidential election since 1948.

### Solid South

**Tennessee** — Having voted Republican in the last three elections, Tennessee no longer is considered part of the once solid South. Any movement for unpledged electors would have to come at next spring's party convention but there are no signs of any campaign for it.

**Singing Up a Storm** at the University of Wisconsin sponsored music clinic at Madison are two Twin Cities girls. At left is Barbara Baldauf and Alice Dunwiddie. Barb is a clarinet student from Menasha, and Alice, from Neenah, is studying the violin. (Tim Wyn-gaard Photos)

any campaign for it.

H. S. Wallace's, Democratic state chairman, says "there are a few people who are upset about the civil rights problem but by next year there won't be any feeling about it by the time the election comes around," he said.

A Dixiecrat movement failed in the state in 1948, although one would have to have the support of elector cast his ballot for Thurmond.

**Georgia** — Gov. Carl E. Sanders, a moderate on the racial issue, controls the state party machinery and the Legislature. He has said he will have no part of any independent elector or third party movement.

**Arkansas** — Any successful independent elector movement were chosen in a spring primary they would be committed to an unknown candidate. If unpledged electors were chosen, he said the voters would be virtually disenfranchised.

**State Rep. Charles Holtz** of St. Petersburg, a Republican with gubernatorial aspirations, said the proposal would have hurt GOP chances since the Republican presidential candidate's name up again in 1968.

**Texas** — No indication any-where in the state of any move to provide for unpledged electors. Agreeing Republican State Sen. Russell B. Long, D-La., and pledged electors

Clings to Hope

# Gov. Wallace's Image Openings Enhanced by Crisis Remain in Safety Town

BY REX THOMAS

MONTGOMERY, Ala. (AP) — As an Alabama political figure, Gov. George C. Wallace may have emerged from the University of Alabama racial crisis a taller man than ever before.

This "schoolhouse door" stand against the admittance of three Negro students to the university, although unsuccessful, is the reason for a greater prestige.

Wallace still clings to the hope that, somehow, he will convince the federal courts that the three Negroes were illegally admitted to the university, where Confederate officers trained a century ago.

Recently, the university board of trustees, of which the governor is ex-officio president, asked the

U.S. 5th Circuit Court of Appeals to set aside the District Court order which put the Negroes in school.

Much of the praise in the state for his refusal to leave the school house door until federalized National Guard troops marched onto the campus is based on the absence of mob violence. Wallace had sealed off the university with state troopers and had National Guardsmen on standby duty before they were called into federal service.

### Electoral Votes

Encouraged by the support the governor has intensified his determination to withhold Alabama's electoral votes from President Kennedy in next year's election.

He traveled to Jackson, Miss., to help organize a companion independent elector drive there. If the two states, and possibly others, do rebel against the national Democratic party again, Wallace may head states rights presidential ticket.

The goal of an unpledged elector campaign would be to force the election into the House of Representatives. Wallace has no illusions that he could be elected on a third party ticket.

But he may have other political ambitions—perhaps the U.S. Senate. Or a second term as governor, starting in 1971. The state constitution prohibits the governor from succeeding himself.

Sen. John Sparkman, Democrat, comes up for re-election in 1966, but Wallace couldn't oppose him then. The governor is disqualified by law from occupying any elective state office for at least a maturity year after the expiration of his term in 1967.

If Wallace has designs on the Senate, he will have to wait until the presidential candidate's name up again in 1968.

One critic who disagreed with it out said, "Among Southern governors he has a very distinguished position and will be very much in demand over the country after the crisis. Allen told a

**KAUKAUNA**—Recreation director James Gertz said Wednesday openings still remain in all but the first session of the Rotary-sponsored Safety Town for pre-kindergarten students.

Gertz said about 180 children are enrolled to date. He said the school will run in one-week sessions with a different class each week from July 29 to Aug. 25. Classes will run from 1 to 3 p.m. Monday through Friday.

Safety Town attempts to acquaint the youngsters with traffic problems as well as prepare them for kindergarten classes.

## New Teacher Added at KVS

**KAUKAUNA** — Clyde L. Owens, Menominee, will join the faculty of the Kaukauna Vocational School as a metals course and driver education teacher beginning with the fall term.

Owens currently is working toward a master's degree in metals and mathematics-physics at Stout State College, Menominee. During the last school year Owens taught at the Kaukauna school under a teacher practice program.

At Stout, Owens was in charge of a men's dormitory and is a member of Pi Tau Epsilon honor fraternity and secretary of the Graduate Men's Club.

Montgomery civic club Wallace had "matured as a statesman. He laid aside some political considerations and reached full political maturity."

Alabama newspapers generally cheered Wallace. The Montgomery Advertiser, which disagreed with the wisdom of the schoolhouse door stand but conceded the governor was obligated to carry

out his duty, said, "Among Southern governors he has a very distinguished position and will be very much in demand over the country after the crisis. Allen told a

# 'Old Pro' Handed Task of Bringing Hoffa Conviction

Robert Poretz Chief Counsel for Prosecution in Pension Fund Case

BY CHARLES NICODEMUS  
Chicago Daily News Service

WASHINGTON—One of the justice department's ace trial attorneys, with a perfect record against Teamsters and experience dating back to "Murder Inc.," the second mail fraud charge as has been handed the task of convicting Jimmy Hoffa in the Teamster pension fund case.

He is Robert Poretz, 50, a stocky, hard-talking native of Brooklyn with black hair and smoldering blue eyes.

In a few seconds of ceremony that escaped public notice, Poretz was officially introduced to the Federal district court in Chicago as chief trial counsel in the prosecution.

That means he's charged with the responsibility of master-minding the execution of Alfy, Gen. Robert Kennedy's major legal effort against the oft-indicted, never-convicted Teamster boss.

Assisting will be Charles Smith, 35, who headed the team of justice attorneys that patiently pieced the case together for two years and won the indictment, to investigate and Chicago's U.S. attorney, James P. O'Brien, Smith assisted in the prosecution that sent Hoffa's predecessor, Dave Beck, to jail.

Mail Fraud  
Hoffa was indicted in Chicago June 8 on mail fraud charges alleging that he and seven others fraudulently obtained loans for others, totaling more than \$20,000,000, from the Teamsters central states pension fund.

Hoffa, a trustee of the fund, is accused of lining his own pocket with \$100,000 of that total.

Poretz is no newcomer to Teamster prosecutions.

In 1961, he won obstruction-of-justice convictions of a Teamster friend of Hoffa and the chief telephone operator at Washington's Woodner Hotel, where the Teamsters maintained several suites.

They had been charged with destroying the Woodner's records of Teamster telephone calls after the records were subpoenaed by the McClellan (senate racket) subcommittee. The subcommittee's chief counsel at the time of the incident was a youthful, aggressive, politically well-connected attorney from Boston named Robert F. Kennedy.

Last October, Poretz also won the bail-jumping conviction of Benjamin Dranow—one of Hoffa's seven co-defendants in the current case.

Dranow had been convicted of earlier of mail fraud and tax evasion, but was free pending appeal when he was indicted in prison.

When he skipped bail on that one he was caught in Miami, returned to Minneapolis, convicted by Poretz of bail jumping and of dating back to "Murder Inc.," the second mail fraud charge as has been handed the task of convicting Jimmy Hoffa in the Teamster pension fund case.

Poretz started cutting his legal eye teeth in 1936 in New York on the famed trust-busting and worldwide prosecutions led by Special Prosecutor Thomas E. Dewey.

Poretz served as an assistant trial counsel while Dewey was successfully prosecuting the famous Murder Inc. ring. And he stayed on when Dewey was succeeded as district attorney by Frank Hogan.

In 1945, Poretz moved into private criminal prosecutions, as a defense attorney.

But he was often called back for stints of public service—such as special assistant district attorney to probe operations of New York City's welfare department.

He is now ranked as a "senior trial attorney," one of a handful of the department's top courtroom experts who may be called on to prosecute the toughest, tackiest cases anywhere in the nation.

Ever since his racket-busting days, Poretz' forte has been the handling of complex prosecutions with numerous ramifications—just as in the Central States Pension Case.

Poretz' big task at the moment, which will continue right up to trial time, roughly set for this fall, is assimilating the vast amount of documents and testimony that was taken from 180 witnesses and led to the indictment.

"I've got to pull together all this information, which comes from all over the country, boil it down to its salient features, and prepare it for concise presentation in a trial," Poretz explained.

"I've got to have this complex of material down pat, with all the kinks, all the surprises out of earlier of mail fraud and tax That assimilation job is now revision, but was free pending appeal when he was indicted in prison."

Minneapolis on another mail fraud charge.

requiring him to hop-scotch around the country, keeping him away as many as four or five days a week from his wife and four sons. Three of them are in college—the youngest is 20 months old.

## Kennedy Handling of Tractor Deal Rapped

CONTINUED FROM PAGE 1

use to farmers and of likely military use, though originally he had implied he wanted farm tractors.

Furious criticism rose in Congress. Some congressmen demanded that Secretary of State Dean Rusk say whether the administration approved the committee's efforts.

"I was beginning to be angry," Dr. Eisenhower writes. "President Kennedy had not explained our position as mere fund raisers in support of governmental policy as he had led me to believe he would. President Kennedy remained silent, despite hints in the newspapers that he was involved. I had been told that he would make clear to the public the government's role in our effort. Not only did he remain silent; he had apparently not bothered even to call in congressional leaders from both parties to brief them on the plan, an action which might have done much to forestall criticism in Congress."

Americans Asked  
On May 23, he relates, the President asked Americans to contribute to the fund but said the

U.S. government "has not and cannot be a party to these negotiations."

"Now I had the awful truth," writes Eisenhower. "Though President Kennedy had personally asked me to help, and though I had understood this fact would be proclaimed to the public, I now realized in chilling clarity that the President intended to maintain the fiction that all aspects of the case were private."

Criticism mounted. Then, apparently on recommendation of Richard Goodwin, special presidential assistant, and Attorney General Robert F. Kennedy, attorney John J. Hooker of Nashville, Tenn., was named executive secretary of the committee. Hooker "earned his first headline" by defying orders and releasing a list of patrons' names which the committee considered insufficiently balanced.

Calling this "deliberate insubordination," Dr. Eisenhower says he wrote the President "the bitterest letter I have ever written."

He urged again that the public be given the full story of the committee's origin.

Castro eventually demanded

\$20-million worth of tractors or the equivalent and reduced the number of prisoners offered.

Last-Chance Cable

Eisenhower wanted to call the whole thing off, but with Secretary Rusk's approval, he said, a last-chance cable to Castro repeated the original offer of 500 tractors for 1,214 prisoners. Castro rejected it, then said he would send the prisoner delegation back to the United States to explain.

Obviously he was seeking a propaganda advantage, and the committee decided to disband.

But, says Eisenhower, Hooker ignored this and on his own talked to the prisoner delegation at Key West, Fla. On June 28, President Kennedy said the United States would not change its position. But it was not until two days later, says Eisenhower, that Hooker bowed to the decision of the committee to disband.

In the long run, Dr. Eisenhower says, Castro looked bad to hemispheric opinion because of his apparent willingness to haggle over the price of human beings.

Taking note of Democratic charges that Kennedy inherited plans for the invasion of Cuba from the Eisenhower administration, Dr. Eisenhower said his brother "did not have any plan to sponsor an invasion of Cuba."

But he said President Eisenhower did authorize the Central Intelligence Agency to organize and give

## Minahans in Full Control Of Newspaper

CONTINUED FROM PAGE 1

vision Station WEAU-TV, Eau Claire, Green Bay Newspaper Co. publishes the Green Bay Press-Gazette and operates Radio Station WJPG.

Ends Disagreement  
The announcement ends a struggle for control of the Green Bay Newspaper Co. which broke into the open in May, 1962. At that time members of the Minahan family resigned their management positions with that corporation in a dispute over corporate policy with the Turnbull and Roethke interests who owned a majority of the stock. The Minahans, however, retained working control of the Post Publishing Co.

military training to Cuban exiles because the day might come when the refugees would invade their homeland.

and continued to fill its top management positions.

Co-operation between the two newspapers in news coverage will continue as before, the announcement said. This includes transmission of news stories between the two papers over a special leased wire, joint coverage of major news events, maintaining a joint news bureau at Madison, and co-operation in other areas.

Beisel and V. I. Minahan issued the following joint statement: "We believe this rearrangement of the ownership of these fine companies will result in a stability and continuity of management that will bring about even better newspaper and broadcasting service to the communities we serve."

# This Is Hate America Week in Red Asia

BY KEYES BEECH

Chicago Daily News Service

TOKYO — This is "Hate America" week in Communist Asia.

All good Communists from Pyongyang in North Korea to Peking to Hanoi in North Viet Nam were busy hating America with Red China leading the chorus.

The hate campaign was centered on U.S. support of the "Ngo Dinh Diem gang" in South Viet Nam. Students and workers rallies were held in North Korea, several major Chinese cities and Hanoi.

Speakers expressed their "unending support" of the Vietnamese "liberation movement" and their "burning hatred" of the United States.

Observers regarded it as no accident that the hate campaign came on the heels of the "great divide" between Red China and the Soviet Union.

Although the United States was

the primary target, Peking and its satellites had some nasty things to say about Russia too.

Communist North Korea, which has come out flatly in support of Peking, denounced attempts of the "modern revisionists to embellish and whitewash imperialism and numb the fighting will of the people."

Communist North Viet Nam was less outspoken but obviously had yielded to Chinese pressure and lined up with other Asian Communist parties against Moscow.

Peking's aim was plain—to use the Communist insurrection in South Viet Nam to demonstrate that Moscow has sold out the revolutionary movement there as well as in other parts of the world.

Whether Red China is prepared to support the war in Viet Nam with action as well as words is a question only Peking can answer.

Mrs. Condon Terry, wife of Capt. Condon Terry, U. S. Air Force, killed June 27 with his Vietnamese pilot during a strafing run against Communist rebels in South Viet Nam, and her two sons, Dennis, 5, left, and Condon H. III, 8, pose in their Dallas, Tex., home Wednesday. Mrs. Terry expressed what probably would have been her husband's sentiment about his death. "It is not a waste as far as I am concerned," she said. "That's the way Capt. Terry talked about America." (AP Wirephoto)

## Prices Stable Despite Attack

CONTINUED FROM PAGE 1

an improved system for handling odd-lot or small volume transactions.

To the financial community's relief, there was no blanket demand for segregating the broker and dealer functions of many Wall Street firms.

### Flour Traders

One section of the report urged elimination of flour traders by Jan. 2, 1965. It said these brokers, who buy and sell for their own account, enjoy unfair advantages over others.

Of 1,366 New York Stock Exchange members, a small minority indulge in much floor trading—quick turnover deals. Fifteen of them account for one half the volume in this category.

The SEC said they are unbureaucratic by the need to pay commissions and favored by knowledge not yet public.

## Assembly to Debate on Substitute Plan Friday

CONTINUED FROM PAGE 1

food, prescription drugs, gasoline and clothing purchases of less than \$10.

Industrial purchasers would pay no sales tax on items of services directly used in producing other taxable articles.

Other revenue provisions are: A one-fourth of one per cent increase in state income tax rates to raise \$37.8 million in the biennium.

### Corporate Taxes

Prepayment of corporation income taxes, \$20 million.

An additional penny-a-pack excise tax on cigarettes, \$9 million. New taxes on banks and savings and loan institutions, \$2.7 million.

Extension of withholding collection system to delinquent state income taxes, \$3.2 million.

The GOP proposal's \$80.1 million in sales taxes and \$37.8 million in income taxes compares with \$46.3 million in sales taxes and \$58.8 million in income taxes

contained in the compromise budget-tax bill.

Of the \$153 million in new tax dollars proposed by Republicans, \$15 million would go to provide more personal property tax relief and \$3 million would be used to finance the Kerr-Mills program of medical care for the aged.

### Tax Relief

Personal property tax relief is now granted in the amount of 50 per cent and the additional \$15 million would bring the relief up to about 65 per cent.

About \$1 million in the plan would go to make state income tax rules on depreciation conform to federal tax rules.

After those deductions, the remaining \$134 million would finance a \$615 million budget, meet a \$29 million state deficit and leave a \$3.5 million surplus.

The bulk of the \$17 million cut from the compromise budget is accounted for by the reduction of \$10.6 million in school aids for the second year of the biennium. A first year aid level of \$81.5 million would remain.

### U W Budget

The University of Wisconsin budget was reduced by \$1.3 million, state colleges by \$1.2 million and the Welfare Department by \$1.5 million.

Reductions in the university and state college budgets represent elimination of some new programs planned and the Welfare reduction includes \$600,000 in estimated aid to dependent children costs in the second of the biennium.

## Kennedy in Move to Stop Gold Outflow

CONTINUED FROM PAGE 1

billion from the U.S. balance of payments deficit during the next 18 months.

In 1962 the deficit—the difference between the amount of money leaving the country and the lesser amount coming in—totaled \$2.2 billion. However, the deficit has been mounting this year and in the April-June quarter, reached an annual rate of well over \$3 billion.

Continued deficits in international financial dealings mean that foreigners are piling up surplus dollars which they can use to buy American gold—the key to the strength of the dollar. In recent years, the U.S. gold stock has dropped from \$22 billion to under \$15.7 billion.

Kennedy termed the proposed excise levy an interest equalization tax designed to offset the fact that interest rates in the United States are lower than those abroad. By "equalizing" rates, he would hope to discourage Americans from investing overseas and discourage foreigners from borrowing in the United States.

Not Recorded In the first half of 1963, new issues of foreign securities purchased by Americans totaled \$880 million—not an all-inclusive figure so far as the impact of the proposed tax is concerned because some transactions are not recorded.

Of this total, \$590 million of securities were issued in Canada—the country that would be most affected by the levy.

The \$880-million figure, which was increasing rapidly toward the end of the six month period, compared with a total of \$1.1 billion for all of 1962.

Kennedy pictured his plan as a way to "stem the flood of foreign security sales in our markets" without imposing direct capital controls "contrary to our basic precept of free markets." He also said it would avoid a sharp increase in domestic long-term interest rates that "would throw our economy into reverse."

## Sauk County Woman Hit by Car, Killed

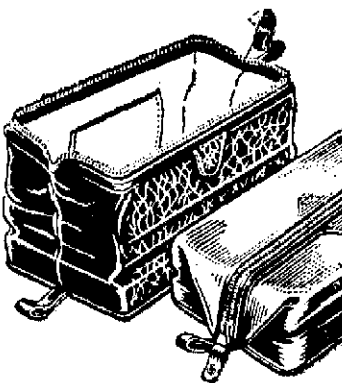

BY THE ASSOCIATED PRESS

The death of a Sauk County woman has brought Wisconsin's 1963 highway toll to 415, compared with 467 on this date a year ago.

Juanita Rueth, 22, of Sauk City, was killed Wednesday night when a car struck her as she and a sister walked on Highway 12 about a mile west of Sauk City. The Her sister, Georgia Ann, 17, was injured critically.

No wonder the English keep so cool!

(mix Gordon's Gin in a tall, iced drink—and you will, too!)

The English are not easily fazed, even by summer heat. This national talent was given a cheerful accompaniment in 1769, when Alexander Gordon introduced his remarkable gin. The Gordon's you drink today hark back to his original formula, because one does not tamper with gin of such distinctive dryness and delicate flavour. Try it soon in a tangy Gin & Tonic or Tom Collins. You'll see why Gordon's is the biggest seller in England, America, and the world.
